MISSION and PURPOSES

I. The mission and purposes of the University’s degree programs center on integrating the basic research and clinical foundations of Psychology with specialty curricula in Eastern Philosophy, Expressive Art, and Sport Performance Enhancement to prepare students for the diverse applications of 21st Century behavioral science.

The names of the University’s degree and certificate programs reflecting the institutional mission and purposes are:

- Bachelor of Arts in Business Administration
- Bachelor of Arts in Humanistic Studies
- Master of Accounting
- Master of Arts in Expressive Arts Therapy
- Master of Arts in Information Technology
- Master of Arts in Sports Counseling
- Master of Arts in Transpersonal Psychology
- Master of Arts in Marriage and Family Therapy
- Master of Arts in Psychobiomechanics and Postural Therapy
- Master of Business Administration
- Doctor of Business Administration
- Doctor of Philosophy in Psychology with Specialization in Expressive Arts Therapy
- Doctor of Philosophy in Psychology with Specialization in Sport Psychology
- Doctor of Philosophy in Transpersonal Psychology with Specialization in Tibetan Buddhist Psychology
- Doctor of Philosophy in Psychobiomechanics and Postural Therapy
- Doctor of Psychology
- Certificate in Executive Leadership Coaching
- Certificate in Expressive Arts Therapy
- Certificate in Family Leadership Coaching
- Certificate in Information Technology
- Certificate in Integrative Nursing Care
- Certificate in International Business Administration
- Certificate in Psychobiomechanics and Postural Therapy
- Certificate in Sport Psychology
- Certificate in Tibetan Buddhist Psychology

II. San Diego University for Integrative Studies promotes:

- Connective, conceptual, experiential, and creative learning approaches delivered by an esteemed faculty in a compassionate environment;
- Humanistic emphasis on personal responsibility, trust, and interdependence;
- Active student participation at SDUIS, in the community, and in the world for the benefit of all;
- Unique, socially relevant programs that reflect universal and multicultural viewpoints;
- Access to timely and comprehensive programs through cutting edge technology and small classroom learning.

All information, including statements of fees, course offerings, admissions and graduation requirements contained in this catalog are subject to change without notice.

The University is not liable for unintended errors or omissions or for the statements of any employee, advisor or faculty member in conflict with the contents of this catalog.

MISSION STATEMENT

The mission of San Diego University for Integrative Studies is to provide an educational environment for mature adult learners that is built upon the foundations laid by the great humanistic traditions in Western civilization. Those traditions stem from the study and practice of art, philosophy, psychology, and business. The University provides academic and practical training to adults who seek personal and professional growth from an interdisciplinary approach to education. SDUIS programs acknowledge and include training in cultural diversity, Eastern philosophy, language, literature, science, and the arts.

The University’s mission is fulfilled by offering the following degree and non-degree certificate programs:

1. Bachelor of Arts in Business Administration
2. Bachelor of Arts in Humanistic Studies
3. Master of Accounting
4. Master of Arts in Expressive Arts Therapy
5. Master of Arts in Information Technology
6. Master of Arts in Marriage and Family Therapy
7. Master of Arts in Psychobiomechanics and Postural Therapy
8. Master of Arts in Sport Counseling
9. Master of Arts in Transpersonal Psychology
10. Master of Business Administration
11. Doctor of Business Administration
12. Doctor of Philosophy in Psychobiomechanics and Postural Therapy
13. Doctor of Philosophy in Psychology with Specialization in Expressive Arts Therapy
14. Doctor of Philosophy in Psychology with Specialization in Sport Psychology
15. Doctor of Philosophy in Transpersonal Psychology with Specialization in Tibetan Buddhist Psychology
16. Doctor of Psychology
17. Certificate in Executive Leadership Coaching
18. Certificate in Expressive Arts Therapy
19. Certificate in Family Leadership Coaching
20. Certificate in Information Technology
21. Certificate in Integrative Nursing Care
22. Certificate in International Business Administration
23. Certificate in Psychobiomechanics and Postural Therapy
24. Certificate in Sport Psychology
25. Certificate in Tibetan Buddhist Psychology

The institutional purposes of the University’s educational programs include:

- Preparing students for academic and professional success through direct classroom or distance instruction, supervised practicum experience, and tutorial study with distinguished faculty who have demonstrated expertise in their respective fields;
- Measuring student achievement through examinations and evaluations of explicit demonstrations of academic competence with attention to professional ethical standards;
- Encouraging recognition of the rich diversity of peoples, cultures, and ideas that add to a chosen field of study through integrative educational programs and instructional methodologies;
- Providing the community access to continuing education programs, special lectures, and multi-cultural events.

Planning for the growth of San Diego University for Integrative Studies through this century, the mission includes:

1. Expanding our distance learning programs using Internet and correspondence learning in combination with short-term residency requirements.
2. Developing new degree programs at the undergraduate and graduate levels.
3. Seeking grants for research, publication, and community services.
4. Expanding the University’s English
Language Program (IEP).
5. Completion of the formal action plan for accreditation review by the Western Association of Schools and Colleges (WASC).
PHILOSOPHY

Integrative education emphasizes personal development, maturity, and wisdom combined with technical and professional skills. The goal of San Diego University for Integrative Studies is to prepare a graduate who possesses the competence and the understanding to help others effectively. Learning at SDUIS is designed to cultivate competence in service to others and integrates academic and scholarly discipline with intuitive and spiritual understanding. Experience in applying the skills acquired and insights gained require intensive training, internships, and community service.

Integrative studies and Humanistic psychology emerged as a consequence of reductionist, biological, and mechanistic views of human beings. Integrative studies follow a holistic model by acknowledging the individual's capacity for choice, self-healing, growth, and spirituality. The implementation of this model considers individuals in their many inseparable dimensions: mind, body, and spirit and in their social, cultural, and environmental contexts. The scope of integrative studies embrace areas and methods of inquiry based upon human experience and the contemporary issues men and women confront in their daily lives.

Scholastically, integrative education combines cognitive and methodological skills with affective and intuitive skills. It recognizes that maturity and effectiveness are manifestations of perspective, experience, and self-knowledge. These attributes are not only assimilated through ordinary didactic instruction but are nurtured through experiential learning. The experiential component includes small group discussion, role-playing, case studies, student presentations, simulations, clinical internships and self-assessment. Integrative education requires a commitment to change, growth, and respect for perceptual and cultural diversity.

STATEMENT OF NONDISCRIMINATION

Students of any race, color, gender, nationality and ethnicity are admitted to all rights, privileges, programs and activities available at San Diego University for Integrative Studies. The University maintains a non-discriminatory policy regarding race, color, age, gender, disability, creed, sexual orientation, and national or ethnic origin in the administration of educational policies, admissions policies, scholarship or loan programs and other University administered programs.

STUDENTS

The University provides a supportive and creative environment for mature individuals who are seeking a positive change in their lives. Historically, SDUIS students have often been embarking on one of life's great transitions, such as: homemakers creating new roles and opportunities; accomplished professionals finding new directions and dimensions; recently retired professional athletes or military personnel looking for a new purpose; paraprofessionals in human services who have been counseling peripherally while desiring enhanced techniques and the opportunity to enter private practice; licensed practitioners seeking a higher degree of competence and state of the art approaches; and, those improving the quality of their personal as well as professional lives.

FACULTY

San Diego University for Integrative Studies takes great pride in the affiliated core and
adjunct faculty. By embodying the qualities of scholar-practitioners, they bring wisdom and worldly experience to their classrooms and our curriculum. Believing in personal exchange and exposure to a variety of thinkers and doers, San Diego University for Integrative Studies seeks out specialists to teach in each of its course areas. Input from faculty is sought at the curriculum development stage as well. Faculty members strive to pass on their knowledge and expertise so that they can have a positive influence on our collective future.

Although San Diego University for Integrative Studies is a small university, it’s scholars are leaders and innovators in their areas of expertise. Over 90% of the faculty who teach at the graduate level hold terminal degrees in their area of expertise. The University’s residential and online faculty are published, recognized scholars whose approach to teaching embraces multicultural and multinational perspectives.

CAMPUS

The main campus for the University is located in historic Old Town San Diego, close to the Pacific Ocean and Interstate 5. The facilities available at the University include an administrative office, classrooms, student lounge, and computer lab. Old Town San Diego is considered the “birthplace” of California and is home to over 150 restaurants, shops and historical sites. Miles of oceanfront beach are within a few miles and Mission Bay, with more than 4,000 acres of bay, bike paths, grassy knolls and parks is approximately three miles north of Old Town. Within this range are the University of California, San Diego (UCSD) and San Diego State University (SDSU), where students of San Diego University for Integrative Studies can access library facilities as well as cultural and educational events.

San Diego University for Integrative Studies is a non-residential campus serving a wide variety of students. It does not provide dormitory facilities or off-campus student housing. The school assumes no responsibility in matters of student housing and transportation. Information on housing and transportation in the San Diego area can be found at www.signonsandiego.com.

INSTITUTIONAL STATUS

San Diego University for Integrative Studies is a state approved, degree-granting institution operating in compliance with the California Education Code under the authority and regulation of the Bureau for Private Postsecondary and Vocational Education. To earn approved status in California, a degree-granting institution must undergo a qualitative review and assessment of programs offered and of all institutional policies, procedures, and operations. The assessment is conducted by a comprehensive on-site review process performed by a qualified visiting committee composed of educators and other appropriate experts. Approval to operate, however, does not imply a state endorsement. The University’s MFT program is approved by the California Board of Behavioral Sciences (BBS).

PROGRAMS OF STUDY

Academically, the University aspires to train knowledgeable practitioners, professionals and community leaders who bring to their work a special awareness of their social, ethical, and professional responsibilities. San Diego University for Integrative Studies is proud to provide education for individuals committed to human service and personal development. The following degree programs reflect these commitments:
UNDERGRADUATE PROGRAMS
Bachelor of Arts in Business Administration
Bachelor of Arts in Humanistic Studies

GRADUATE PROGRAMS
Master of Accounting
Master of Arts in Expressive Arts Therapy
Master of Arts in Information Technology
Master of Arts in Marriage and Family Therapy
Master of Arts in Psychobiomechanics and Postural Therapy
Master of Arts in Sport Counseling
Master of Arts in Transpersonal Psychology
Master of Business Administration
Doctor of Business Administration
Doctor of Philosophy in Psychobiomechanics and Postural Therapy
Doctor of Philosophy in Psychology Specialization: Expressive Arts Therapy
Doctor of Philosophy in Psychology Specialization: Sport Psychology
Doctor of Philosophy in Transpersonal Psychology Specialization: Tibetan Buddhist Psychology

NON-DEGREE CERTIFICATE PROGRAMS
Certificate in Executive Leadership Coaching
Certificate in Expressive Arts Therapy
Certificate in Family Leadership Coaching
Certificate in Information Technology
Certificate in Integrative Nursing Care
Certificate in International Business Administration
Certificate in Psychobiomechanics and Postural Therapy
Certificate in Sport Psychology
Certificate in Tibetan Buddhist Psychology
UNIVERSITY RESOURCES

BOOK PURCHASE

For a list of required textbooks, students can go to http://www.sduis.edu. Students who do not have Internet service are welcome to use the University’s computer lab during regular office hours. Students have the option to buy their texts from any bookstore that best suits their needs.

LIBRARY RESOURCES

Students can access the UCSD and SDSU libraries through the purchase of the “Friends of the Library” or guest card, which is valid for one year. SDUIS does reimburse for the purchase of the library card, once the student submits the receipt of proof of purchase.

DISABLED STUDENT SERVICES

Students with Disabilities
The University welcomes students with disabilities. Students who have special needs are encouraged to contact the Dean of Academic Affairs to make arrangements for the needed services. Such students may be entitled to receive approved modifications, accommodations, or auxiliary aids to enable them to participate in and benefit from all educational programs and activities on the campus. San Diego University for Integrative Studies is committed to providing opportunities for higher education and for making its programs, activities, and facilities fully accessible to persons with disabilities. The University is fully compliant with the Americans with Disabilities Act of 1960 and section 504 of the Federal Rehabilitation Act of 1973.

STUDENT ACTIVITIES

Student/Alumni Network
The University provides a forum of communication between former and current students of San Diego University for Integrative Studies. The University has an internet based news/discussion group, SDUIS forum, which is used as the primary tool for networking and disseminating information about the SDUIS community.

SDUIS Online
The quarterly Newsletter contains information for students, alumni, faculty, board members, and community members. Features include the Presidential Update, Announcements, Workshop Information, faculty and student research along with special articles and current information on the development of University programs.

Instructional Modalities
Residential classes on campus also provide routine, out-of-class online instructional services to students, which further reinforces course objectives and curricula content. In terms of 21st Century pedagogy, this process facilitates a comprehensive immersion into the basic science and theoretical foundations of Psychology, for example. Students working on their capstone research projects, either the Master’s Thesis or Doctoral Dissertation, participate in ongoing Thesis / Dissertation list Services for online group instructional interaction, guided conjointly by the Dean of Academic Affairs and the Director of Research.

Workshops and Special Events
Each quarter, students and members of the community are invited to attend a variety of workshops, lectures, and special events sponsored by the University.
**Support Groups**
SDUIS support groups are established during any quarter by students who are enrolled in various courses and who want the interaction and support of their classmates.

**Student Organizations**
Since the majority of University students are working professionals, many have limited time for additional external activities outside school. However, student organizations evolve periodically when needed.

**Study Groups**
University students are allowed to use available classroom space during regular office hours for study groups, peer or organizational meetings, and capstone research project planning among other activities. Students make scheduling arrangements with the Administrative Office at least one (1) week in advance of the date and time being requested.

**Campus Tours**
All prospective students who visit San Diego University for Integrative Studies receive a tour of the campus by the Admissions Officer. This includes a personal introduction to the administrative staff as well as available students and faculty.

**ACADEMIC COUNSELING**
The Admissions Officer provides the initial academic counseling to students who are registering for the first time. Each student receives an official Program Status Report (PSR), at the time of initial enrollment, which lists the sequence of the required courses for their degree program. Academic advising for continuing students is provided by the assigned core faculty advisor and the Dean of Academic Affairs.

The Dean of Academic Affairs remains available for on-going academic counseling throughout the year and routinely provides recommendations and offers academic assistance. Students should schedule an appointment in advance for a consultation with the Dean of Academic Affairs.
ADMISSION INFORMATION

ADMISSION PROCEDURES

1. Degree Programs
Admission to the University's degree programs is based largely on a process of personal interview(s) and evaluation of relevant academic and professional experience. Since the programs at SDUIS are humanistic and professional in orientation, the school seeks students who are committed to promoting compassion, personal responsibility and well being in themselves and others.

The University's admission policy is not competitive. The criteria for admission into any of the degree programs is based on the applicant's academic preparation and his/her apparent orientation to humanistic and integrative education. No entrance exams are required.

A potential degree student must complete the admissions packet and submit the following:

1. Application for admission with a $60 fee.
2. Educational intent statement (3-5 page essay or update for returning students).
3. Two (2) letters of recommendation.
4. Official transcripts from schools previously attended.
5. Transferability of Units form.
6. Transcripts from foreign, non-English speaking Universities must be accompanied by a certified official translation of the transcript and evaluated by a degree evaluation service to determine equivalency of credits.
7. Declaration of finances for International students is required.
8. Foreign, non-English speaking students must submit minimum TOEFL scores of 500 (paper-based), 173 (computer-based) or 61 (Internet-based).

After all admissions materials have been received and evaluated, a Final Admissions Interview will be scheduled. The applicant is notified within two weeks of this interview on the status of his or her candidacy. During the Final Admissions Interview, the degree plan is reviewed with the applicant and the Student Enrollment Agreement form is completed. Students who are accepted receive a Student Handbook, ID card, Disabled Student Services information or financial assistance information, if appropriate.

Deadline for admission as a Full Status student is one (1) month prior to the beginning of the quarter. Applicants who have not completed the admissions process may provisionally enroll on a Conditional basis for one (1) quarter while completing and submitting the remainder of materials needed.

After the student receives the registration information forwarded by the Registrar, he/she registers for classes and is required to settle all appropriate fees prior to the deadline for the upcoming quarter.

Admissions documents submitted to SDUIS become the property of the University and cannot be returned, forwarded, copied or released to the student, other organizations or institutions, professional associates or family and friends.
2. **Non-Degree Programs**
Students enrolling in any certificate Program will be admitted based upon the same admissions requirements as degree programs with the exception of the submission of transcripts, and TOEFL scores (for international students).

3. **Distance Learning**
Students follow the same admission procedure except that the Final Admissions Interview is conducted through a conference telephone call. Online students’ writing skills are routinely evaluated by the distance learning instructors. Students whose writing skills are evaluated at below-average levels by their instructors in two (2) or more courses are required to enroll in the course CPS 501: Writing Skills and Research when it is subsequently offered.

**Enrollment Status**
A student can be admitted to SDUIS with Full, Conditional, or Extension Status:

* **Full Status**: Students with this classification have completed the application process, paid all fees, met all requirements, and signed a Student Enrollment Agreement form.

* **Conditional Status**: Students with this classification have initiated but not completed the admissions process. These are applicants being considered for full status pending receipt and acceptance of remaining application materials that have not been received by the University. This includes the completion of the Final Admissions Interview. The courses taken during the first quarter will transfer into a degree program upon acceptance. “Conditional” students must complete the admission requirements before the end of the first quarter they enroll in order to be eligible to register for the second quarter. Students who are not accepted into a program may be eligible to receive units as an extension student. “Conditional” students enrolled for classes while completing the admissions process are not guaranteed acceptance into a degree program as a full time student.

* **Extension**: Students with this classification have enrolled in class(es) at SDUIS but are not enrolling in or applying for a degree or certificate program. They are not required to meet the admission requirements for a degree program but must meet all the prerequisites for specific classes taken, or have the approval of the Instructor.

**Degree Program Entrance Requirements**

1. **Bachelor of Arts Degree Programs** (BA)

   **Bachelor of Arts Degree in Humanistic Studies**
   Students enrolling in the Bachelor Degree programs must have a High School Diploma or GED.

2. **Master of Arts Degree Programs** (MA, MBA)

   **Master of Accounting**
   **Master of Arts in Expressive Arts Therapy**
   **Master of Arts in Information Technology**
   **Master of Arts in Marriage and Family Therapy**
   **Master of Arts in Psychobiomechanics and Postural Therapy**
   **Master of Arts in Sport Counseling**
   **Master of Arts in Transpersonal Psychology**
   **Master of Business Administration**
Students enrolling in the University’s Master of Arts degree programs must have a Bachelor’s degree in addition to specific prerequisite courses, which must be completed in the first year of study.

3. Doctoral Degree Programs (DBA, PhD, PsyD)

Doctor of Business Administration

Doctor of Philosophy in Psychobiomechanics and Postural Therapy

Doctor of Philosophy in Psychology with a Specialization in Expressive Arts Therapy

Doctor of Philosophy in Psychology with a Specialization in Tibetan Buddhist Psychology

Doctor of Psychology

Students enrolling in the Doctor of Philosophy in Psychology with a specialization in either Expressive Arts Therapy or Transpersonal Psychology must have previously completed a Master’s degree in Psychology. If the Masters is in another discipline, the student is required to complete all prerequisite courses relative to the Doctoral degree in Psychology.

Doctor of Philosophy in Psychology with a Specialization in Sport Psychology

Students enrolling in the Doctor of Philosophy Program with an emphasis in Sport Psychology must have a Master of Arts in Psychology, physical education or related field. If the Master’s is from another university the student may be assigned prerequisite courses necessary to complete the Doctoral degree in Psychology.

Certificate Programs:
Students enrolling in a Certificate Program will be admitted based upon the same admissions requirements as degree programs with the exception of the submission of official transcripts and TOEFL scores (for international students).

Transfer Credit Policy

When students wish to transfer units into a degree program at SDUIS, all units must be from an accredited or approved school and have not been counted towards a completed degree program, or one to be completed concurrently elsewhere. If a course is evaluated at the University as being equivalent to a course required in the student's program, it may be accepted as such. The amount of transfer credit permitted varies with each program. The following formula is used when changing semester hours to quarter hours:

1 semester hour = 1.5 quarter units  
2 semester hours = 3.0 quarter units  
3 semester hours = 4.5 quarter units  
4 semester hours = 6.0 quarter units  
5 semester hours = 7.5 quarter units

Credits eligible for transfer must be earned at institutions approved by the BPPVE (Bureau for Private Postsecondary Education), public or private schools of higher education that are regionally accredited, or foreign institutions recognized by the U.S. Department of Education. In determining how courses are evaluated for acceptance as transfer credits, each course will be compared with the catalog course description from the school previously attended (where transfer credits will come from) to the SDUIS catalog course description. The student will provide a copy of the catalog with course description(s) that was in use during the time the student had attended that school, in order for the evaluation to occur. Courses eligible for transfer at the graduate level must have been completed within the last 10 years, or 6
years for the licensing tract. At the BA level each case will be evaluated individually. General education requirements may also be met by successful scores on CLEP exams in subjects not previously credited on transcripts.

Credits transferred into the Bachelor of Arts program are limited to 90 semester and 135 quarter units. A passing grade of “C” or better is required for courses to transfer into the Bachelor of Arts program. Master of Arts programs are limited to six (6) semester hours or eight (8) quarter units. These units must be in subjects directly related to the core courses for the degree. A passing grade of "B" or better is required for courses to transfer into SDUIS graduate programs. No more than 30 semester hours, or 45 quarter units, can be transferred into any of the Doctoral programs. These units must be in subjects directly related to the core courses for the degree.

The University does not accept undergraduate credit hours, even at advanced levels, as transfer credit in graduate programs.

**Residency Requirement**

The residency requirement refers to the minimum number of units of formal classroom instruction that must be completed with the University to meet all course requirements. For the bachelor’s degrees, the residency requirement is 45 quarter units, in all masters programs the residency requirement is 76 quarter units except for the Marriage and Family Therapy (MFT) program which is 82 quarter units; and, Sport Counseling at 66 quarter units. The residency requirement for all Doctoral programs is 55 quarter units. The following courses cannot be transferred into SDUIS programs and must be completed at the university:

1. CPS 605 – Clinical Counseling Skills Training
2. CPS 611 – Advanced Clinical Skills Training
3. CPS 702 - Group Therapy: Theory & Practice
4. CEX/CTR/SPO 600 - Business Principles.

**Residency Requirement for International Students**

The residency requirement refers to the minimum number of classes an international student must register for per quarter. For the bachelors programs, the residency requirement is a minimum of 3 classes per quarter for 3 consecutive quarters; 50% of classes each quarter must be completed residentially. For the masters and doctorate programs the residency requirement is a minimum of 2 classes per quarter for 3 consecutive quarters; 50% of classes each quarter must be completed residentially.

**Residency Requirement for Online Students**

Distance Learning students are required to complete the following courses in the classroom setting. These courses must be completed at SDUIS and cannot be transferred from another university. The University’s fifteen (15) quarter unit residency requirement is offered as intensive courses in the Winter and Summer Quarters, and includes the following:

- CPS 605 – Clinical Counseling Skills Training
- CPS 611 – Advanced Clinical Skills Training
- CPS 702 - Group Therapy: Theory & Practice

**Extension Student Applicants**
The University invites qualified people who are not enrolled in a degree program to take courses as extension students. Students who later decide to enter a degree program must satisfy all admission requirements in effect at the time of their formal enrollment. The same attendance and refund policy applies for the extension student as for all enrolled SDUIS students. These courses appear on a transcript with the respective grades.

Auditors

Qualified individuals (admitted students or extension students) who wish to attend a class without receiving credit may register as an auditor for a reduced fee of $600. Alumni can audit classes and certain special events at a 20% discount. Auditors must meet all pre-requisite requirements. Some classes cannot be taken as an audit. Classes completed as an audit do not satisfy University degree requirements, and will not appear on a transcript. Registered students can change from audit to credit status before the last class meeting by completing the appropriate forms, paying the tuition difference and completing all course requirements.
FINANCIAL INFORMATION

Tuition is due and payable at the time of registration each quarter. Students are permitted to pay tuition and any fees using Master Card, Visa, Discover or American Express in addition to cash, check, money order, or cashier's check.

Tuition is subject to change. Students will be notified of any tuition increase(s) in the SDUIS Quarterly Schedule of Classes. The same tuition charges apply to the certificate and extension students.

The following tuition amounts are effective for academic year 2008-2009.

TUITION

Bachelors of Arts Degree Programs
The cost of a five (5) quarter unit course in the Bachelor of Arts programs is $900 or $180 per unit. The price of the bachelor’s programs will vary based upon the number of units transferred in. The estimated maximum cost would be $32,400; the estimated minimum cost would be $8,100.00.

The estimated cost for books, supplies and fees will vary according to the requirements made by the course instructors. The estimated cost for books, supplies and fees ranges from $900 to $3,600.

Master of Arts Degree Programs
The cost of a five (5) quarter unit course in the Master of Arts programs either online or on-site is $1200 or $240 per unit. The price of the master’s programs will vary based upon the number of units transferred in. The estimated minimum cost would be $20,810; the estimated maximum cost would be $22,425.

The estimated cost for books, supplies and fees will vary according to the requirements of the course instructors and the number of units transferred in. The estimated cost for books, supplies and fees would be approximately $2000.

Doctoral Degree Programs
The cost of a five (5) quarter unit course in the Doctoral programs is $1200 or $240 per unit. The price of the doctoral programs ranges from approximately $19,785 to $25,305. Books, supplies, fees and tests will cost approximately $2,500.

Certificate Programs
The cost of a five (5) quarter unit course in the Certificate programs is $1200 or $240 per unit. The price of the certificate programs ranges from approximately $6435 to $10,035. Books, supplies, fees and tests will cost approximately $800.

Extension students who are not officially enrolled in a degree program, but are taking classes for personal or professional purposes, pay tuition charges according to the degree level of the courses for which they register.

Auditors pay a reduced tuition charge in the amount of $600.

The University offers a 20% discount to all alumni interested in auditing any class and some special events.
OTHER FEES

The following is a breakdown of various fees for which students are responsible for paying based on their particular status with the University.

1. **Application Fee**: This is a non-refundable fee that must accompany the SDUIS application form to be completed and submitted by all students applying to the school. The fee is $60.

2. **Registration Fee**: This one-time registration fee is payable at the time of initial registration. The fee is $175 and $100 of the fee is non-refundable should a student officially withdraw from the University prior to the start of classes.

3. **Late Registration Fee**: Students who register or add a class after the registration deadline are assessed the fee of $50.

4. **Late Tuition Payment Fee**: A late processing fee of $50 is charged when a monthly payment is received after the 15th of the month.

5. **Added Course Fee**: Students with a tuition contract, who elect to take courses in addition to those included in their original degree programs, will be assessed the tuition rate in effect at the time the additional courses are taken. Additional courses must be paid for at the time of registration.

6. **Dropped Course Fee**: This processing fee applies to students who drop a course. The fee is $25 and must accompany the add/drop form. Students will also pay for actual classes attended.

7. **Retaking a Class**: Students who wish to retake a class which they have not successfully completed are able to do so by registering for it and paying the appropriate full tuition fees.

8. **Petition for an Incomplete Fee**: The petition for an incomplete, which is a twelve (12) week extension for a class, may only be used in extreme hardship cases. The petition must be submitted with the fee of $50.

9. **Returned Check Fee or Declined Credit Card**: This fee is charged for each check that is returned by the bank or whenever a credit card payment is declined. The fee is $25.

10. **M.A. & MFT Comprehensive Examination Fee**: All MFT students and students enrolled in MA programs are required to take this examination. The fee is payable in advance of the examination date and is $150.

11. **Ph.D. & Psy.D. Comprehensive Examination Fee**: All doctoral students and Psy.D. students are required to take this examination. The fee is payable in advance of the examination date and is $150.

12. **Retake Fee**: This fee is charged for retaking any portion of the comprehensive examination (masters and doctoral) and is payable in advance of the exam date. The fee is $90.

13. **Transcript Fee**: To protect a student's privacy, transcripts are available upon written request and require one (1) week to process. There is a per copy fee of $10. Rush transcript requests (within 48 hours) are assessed for each transcript requested and is $25 per copy.

14. **Graduation Fee**: This fee must accompany the Petition to Graduate form regardless of graduation ceremony attendance. This cost includes use of a cap and gown and is $200.
15. **Certificate Completion Fee**: This fee applies to Certificate program students upon completion of the program. This fee is $200.

**Housing and Transportation**
The cost of housing and transportation is assumed by all SDUIS students and will vary depending upon the individual's living situation and mode of transportation to and from the school. There are no dormitory or apartment buildings designated in the North San Diego County area for the students. Our students commute to the school to attend classes and all special events or seminars. Students can take a bus, train, taxi, shuttle, car pool or drive their own vehicles to get to the campus. They assume the cost(s) for the form of transportation used.

**Equipment Costs**
Students at SDUIS are able to use the computers available in the computer lab at no charge. Printing services are not available. Students can make copies on the Copier located in the Administrative office at a cost of ten (10) cents per page.

**Cancellation Policy**
SDUIS has a Notice of Cancellation form detailing the student's right to cancel an agreement for a course of instruction, and to receive a refund. There is no penalty or obligation from the date the student cancels their enrollment agreement.

If the school has given a student any equipment, they must return it within thirty (30) days of the cancellation notice. If it is not returned within this time, SDUIS may keep an amount out of the tuition fee(s) paid that equals the cost of the equipment. The school will refund any amount over that and the student may keep the equipment.

In addition, on the SDUIS Student Enrollment Form, on the last page, the "Buyer's Right to Cancel" statement is provided in print so all student's are aware of their right to cancel their enrollment agreement. (See attached SDUIS Student Enrollment Agreement). The SDUIS Refund and Cancellation Policies are also included on this agreement.

**Refund Policy**
1. SDUIS has a refund policy that enables a student to withdraw from a course, or courses, of instruction at any time and receive a refund. Information concerning this policy can be found in the SDUIS Student Handbook and the SDUIS Catalog. It is also printed on the SDUIS Student Enrollment Form.

2. Notification by a student of the intent to drop a course must be in writing and an Add/Drop form must be completed and submitted to the Registrar. Forms are available in the Administrative office and SDUIS website. Students can withdraw at any time during each quarter.

3. The University allows a student to drop a class before the fifth (5) hours of a class with a full refund minus the drop fee. For students who drop a class after the fifth (5) hour of instruction, refunds are pro-rated for the unused portion of the tuition costs minus the $25 drop fee. The refund is paid by the Business Office within thirty (30) days from the date the Add/Drop form is received in the Administration office or by the date of the post-mark, if mailed. Refunds are calculated up to the last date the student attended a class(es). The ratios remain the same for the masters, certificate and doctoral programs/classes.

4. Students can receive the refund from the Administrative Office or can have a credit applied toward their account at the University.

5. When requesting a refund, **Distance Learning** students must submit an
Add/Drop form preferably by email, no later than the Sunday of the first week to receive a full refund, minus the drop fee. Each week equals one lesson. Students who drop after the first week will have the refund prorated, based upon how many lessons have been received. Lessons are considered received when a student logs on. Students who continue to log on will be charged for that lesson. Logging on is equivalent to receiving a lesson.

The following is an example of how prorated tuition refunds would be administered to current students who withdraw from a five (5) quarter unit residential course of instruction:

Refund example for on-site classes:

<table>
<thead>
<tr>
<th>Hours of Instruction</th>
<th>Class Meeting(s)</th>
<th>Refund Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>4</td>
<td>1</td>
<td>$1200</td>
</tr>
<tr>
<td>8</td>
<td>2</td>
<td>$1000</td>
</tr>
<tr>
<td>12</td>
<td>3</td>
<td>$ 900</td>
</tr>
<tr>
<td>16</td>
<td>4</td>
<td>$ 800</td>
</tr>
<tr>
<td>20</td>
<td>5</td>
<td>$ 700</td>
</tr>
<tr>
<td>24</td>
<td>6</td>
<td>$ 600</td>
</tr>
<tr>
<td>28</td>
<td>7</td>
<td>$ 500</td>
</tr>
<tr>
<td>32</td>
<td>8</td>
<td>$ 400</td>
</tr>
<tr>
<td>36</td>
<td>9</td>
<td>$ 300</td>
</tr>
<tr>
<td>40</td>
<td>10</td>
<td>$ 200</td>
</tr>
<tr>
<td>44</td>
<td>11</td>
<td>$ 100</td>
</tr>
<tr>
<td>48</td>
<td>12</td>
<td>$ 0</td>
</tr>
</tbody>
</table>

For example, a student may attend a class for 20 hours and need to drop. The refund would be prorated as follows: $1200 x 20hrs/48hrs = $700 – 25 drop fee = $675.

Refund example for Distance Learning:

<table>
<thead>
<tr>
<th>Lessons/Weeks of Instruction</th>
<th>Refund Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>$1200</td>
</tr>
</tbody>
</table>

For example, a student may attend a class for 3 weeks hours and need to drop. The refund would be prorated as follows: $1200 x 3 wks/6wks = $600 – 25 drop fee = $575.

**STUDENT TUITION RECOVERY FUND**

San Diego University for Integrative Studies established a policy and procedure for the collection and payment to the Bureau for Private Postsecondary and Vocational Education (BPPVE), for the Student Tuition Recovery Fund (STRF) tax that is mandated by the California Education Code 94944. San Diego University for Integrative Studies the assigned assessment base, method, and deadline criteria in enforcing the policy. To qualify for STRF reimbursement the student must file a STRF application within one year of receiving notice from the BPPVE that the San Diego University for Integrative Studies is closed. If you do not receive notice from the BPPVE, you have 4 years from the date of closure to file a STRF application. If a judgment is obtained you must file a STRF application within two years of the final judgment.

When assessing STRF fees, students are considered California residents if they resided in California at the time they signed a Student Enrollment Agreement at San Diego University for Integrative Studies. All costs for courses are used to compute the fees to be paid. An additional .05 percent of payments are computed for amounts collected in excess of $4,00, not to exceed $4.00 per student. The University will pay other reasonable assessments as requested by the Bureau.
In the unlikely event that San Diego University for Integrative Studies were to cease operating, students would be notified within 30 days prior to its closure, of their rights under the STRF, and how to apply for a tuition refund. It is important that the student keep copies of the enrollment agreement and any other information that documents monies paid to San Diego University for Integrative Studies. Students wishing to contact BPPVE directly can reach them at the following address: The Bureau for Private Postsecondary and Vocational Education, 400 R Street, Suite 5000, Sacramento, CA 95814.

FINANCIAL ASSISTANCE

The following options are available for those students seeking financial assistance:

Independent Loans: Many financial institutions, including Mission Federal Credit Union, offer loans to those individuals with good credit. They can also suggest ways to secure a loan.

Employee Reimbursement: Many companies offer tuition reimbursement or tuition assistance to employees completing their college degrees. Students should contact their personnel office for their company's policy regarding continuing education.

Residential Quarterly Deferred Tuition Payment Schedule: This payment plan allows students to make quarterly tuition payments in three (3) equal monthly installments during a particular quarter instead of paying the entire tuition at registration. Students wishing to utilize this plan must submit the following: 1) a "Pay As You Go" Monthly Tuition Payment contract, obtained from the Registrar; 2) a course registration form; 3) the first installment payment; and 4) the $5 Deferred Payment Plan Processing Fee. This $5 processing fee is due with each of the monthly payments. There will be no interest charged for this deferred tuition payment plan if payments are made on schedule. Students who register late are not eligible for this three-month payment plan. Payments are due by the fifteenth of each month; when received after the 15th of the month, a late tuition payment fee of $50 is assessed.

HOLD ON RECORDS

A hold will be placed on the records of any student who has unpaid obligations to the University or has failed to comply with other requirements or regulations. If the student has made partial payment, the portion of grades or transcripts withheld would correspond on a pro rata basis to the unpaid obligation. If the course of study consists of only one course, the grades and transcript will be withheld until the tuition or loan obligation is paid in full. Students with unpaid obligations will not be permitted to register for the subsequent quarter.
ADMINISTRATIVE GUIDELINES

REGISTRATION

Quarterly class schedules with a registration form are made available to all students (by mail and at the SDUIS website). Students are required to complete the form and submit it before the registration deadline accompanied by the payment. Quarterly registration deadline dates are published in the catalog and SDUIS website as well as on the registration form. A late registration fee will be assessed to those students whose registration form arrives after the deadline. Registration will only be processed if accompanied by appropriate payment or credit card authorization. Registration forms received without payment will not be processed.

Full time status refers to graduate students registered in at least 10 quarter units per quarter and undergraduate students must be registered in 15 quarter units per quarter.

Part-time status refers to those graduate students registered in less than 10 quarter units per quarter and undergraduate students registered in less than 15 quarter units per quarter.

A student is officially registered when she or he selects the appropriate course(s), and makes the correct tuition payment.

ATTENDANCE POLICY

The University requires a minimum of 75% class attendance and individual instructors may require more. A student who has missed more than 25% of a class (12 hours of a 5 quarter unit class, or 6 hours of a 2.5 quarter unit class) will be administratively dropped.

Students who have missed nearly 25% of a class will receive a "Drop Warning" letter in the mail, which states that if they miss one (1), more class they will be administratively dropped from that class. If a student misses one (1) more class after the receipt of the Drop Warning, they will then receive a "Drop Notice" letter stating they will be administratively dropped from that class. Refunds for administrative drops are prorated and based on the last date of attendance.

SDUIS requires that students sign the "Class Attendance Sheet" provided in each class in order to receive credit for attending the class.

Under certain circumstances, a student may have missed more class hours than permitted due to reasons beyond their control. The student can request permission to arrange a plan with the instructor to complete the required course work they had missed. The instructor has the right to approve or deny the student's request. All work must be completed by the end of that quarter.

ONLINE ATTENDANCE POLICY

Distance Learning students are required to log on a minimum of five (5) times per week or 30 days every 6 week session. Students who fail to log on the required number of times will receive a “Drop Warning” email the week following the failure to log on. The next week that the student fails to log on a “Drop Notice” will be emailed and the student should not log on after receiving this notice, as the refund, if due, would be prorated based upon the date of the last time the student logged on.
DROP POLICY

There are two types of class drops: one initiated by the student, the other initiated by the University.

Student Initiated Class Drop
A course is dropped by submitting an Add/Drop form to the Registrar (available in the administration office and on the SDUIS website) with the $25 drop processing fee. This may be done at any time in a quarter. If the course is dropped prior to the 5th hour of meeting, a full refund less the $25 drop fee is given. If a course is dropped after the fourth (4) hour of instruction, the refund will be pro-rated, based on the amount of the unused portion of the tuition charges, from the last date of attendance. Refunds will be mailed to a student within 30 days from the date the form is received or post-marked.

Distance Learning students must submit an Add/Drop form preferably by email, no later than the Sunday of first week to receive full refund minus the drop fee. Each week equals one lesson. Students who drop after the first week will have the refund prorated based upon how many lessons have been received. Lessons are considered received when a student participates in class activities. Students who continue to log on will be charged for that lesson.

University Initiated Class Drop
An administrative drop occurs when a student fails to attend 75% of a class. A pro-rated refund will be provided to the student that is based on the amount of the unused portion of the tuition charges, effective based upon the last date of attendance. A $25 drop fee will be charged for processing purposes.

WITHDRAWAL, DISMISSAL AND PROBATION
A student may be dismissed from the University for any of the following reasons:

- Failure to meet financial obligations
- Failure to complete a minimum of four (4) classes each year with passing grades or failure to enroll in any courses for two consecutive quarters
- Failure to meet probation requirements
- Excessive absences from class(es)
- Incomplete course work
- Unethical and/or illegal behavior or conduct
- Inappropriate, disruptive, or unprofessional behavior
- Lack of reasonable or consistent academic progress
- Drug use and alcohol abuse
- Sexual Harassment
- Academic dishonesty including plagiarism
- Damage to school property
- Fraud

A warning letter will be mailed to the student prior to dismissal and the opportunity for consultation with the Dean of Academic Affairs will be available to discuss solutions to problems that may be remedied within 2 weeks of notification. After meeting with the Dean of Academic Affairs the student may submit an appeal letter to the University’s Grievance Committee for reconsideration of the solution. If such a letter is not received within 2 weeks from the meeting with the Dean of Academic Affairs then the student will be dismissed.

A student may withdraw from the University at any time. Withdrawal removes him/her from active status and terminates the Student Enrollment Agreement. A letter requesting withdrawal is required of the student and must be submitted to the Registrar. The date of the postmark on a letter will establish the date of withdrawal and be used in determining the refund amount due to the student, if any. Upon withdrawal the student is responsible for the unpaid balance of tuition for courses
completed, the non-refundable application and registration fees, and all administration fees and penalties up to the time of an official withdrawal. A refund, if applicable, will be computed based on the number of hours in attendance the student had for each class they were enrolled in at the time of withdrawal. Past due accounts remain the student's liability.

It is the policy of the University that any student who fails to meet the minimum academic requirements of their degree program will be placed on probation or dismissed from the school. All students who receive a grade of "No Credit" (NC) in any subject during any quarter will be placed on academic probation. No Report will become ‘No Credit’ after one(1) quarter. Students will receive a "Notification of Academic Probation" letter from the Registrar stating they have been placed on probation. Students are required to meet with the Dean of Academic Affairs to address the situation. Probation will be removed when a student completes two (2) consecutive quarters with all passing grades.

To maintain regular status at SDUIS, students must:

- Attend classes (at least 75%)
- Maintain minimum passing grades (BA – C, MA – B, Ph.D. – B, Psy.D. – B)
- Complete all courses and not have N/C (No Credit)
- Be current with payments.
- Take and pass at least 4 courses a year.
- Not fail to enroll in a course for 2 consecutive quarters.
- If coursework has been completed, register every quarter for BA (Senior Project), MA (Thesis/Project Writing) and Ph.D. (Dissertation/Project Writing) until project has been completed.
- MA must be completed within 5 years from the time of enrollment.
- Ph.D. must be completed within 8 years from the time of enrollment.
- Psy.D. must be completed within 8 years from the time of enrollment.

LEAVE OF ABSENCE

The Exceptions Review Committee will consider a request for a leave of absence from studies due to financial, medical and other emergency reasons. Students must submit a "Request for Leave of Absence" form detailing the reasons for requesting the leave. Leave of absence must be approved each quarter and should not exceed 1 year per degree program. A leave of absence will not be granted to students who have completed coursework and are all but dissertation or thesis.

A leave of absence does not extend the deadline for an incomplete grade nor does it extend the time limit for completion of a degree. Current outstanding financial obligations must be paid; under normal circumstances, an unpaid balance precludes re-entry into a program and institutes a Hold on Records.

READMISSION

Students who have withdrawn or been dismissed from the University can reapply for admission by doing the following:

1. Submit application for admission to the registrar.
2. Pay application fee.

If readmitted, the student is responsible for fulfilling all requirements, policies, procedures and fees in effect at the time of re-enrollment.
TRANSCRIPTS OF RECORDS

To protect the confidentiality of students and alumni, copies of transcripts of course work completed at the University must be requested in writing and sent to the attention of the Registrar. The written request must include the following: 1) the student's signature needed for release; 2) requester's full name; 3) social security number; 4) the address (es) where the transcript(s) should be sent; and 5) a processing fee for each transcript mailed. Although University transcripts indicate the number of units transferred from other institutions of higher education, individual courses are not listed.

It normally takes one (1) week to process a request for transcripts. If a week is not soon enough, the requester may put in a rush order, which is processed within two (2) days upon receipt of the written request and is charged a rush order processing fee for each transcript. Issuance of full transcripts may be denied when the requester has unfulfilled financial obligations to the University.

Students should be aware of the difference between the two types of transcripts:
"Official copies" are those sent directly from the Registrar's office to the respective agency or institution. This is the type normally required by potential employers, or schools.
"Student copies" are not sealed and can be given directly to the student. Therefore, they are considered unofficial copies.

EXCEPTIONS TO ACADEMIC REGULATIONS

If a student wishes to question a policy or procedure of the University, he or she must submit a "Request for an Exception to an Academic Regulation" form (available in the administrative office and SDUIS website) to the Exceptions Review Committee. Notification with response is sent by mail within 30 days of the request. Exception to SDUIS policies can only be approved by the Exceptions Review Committee. Individual staff members are not authorized to grant student requests for exceptions to SDUIS policy or procedures.

ETHICAL CONDUCT

San Diego University for Integrative Studies embraces a high standard of integrity of performance for students, administrators, faculty, and staff members. All members of the campus community have the responsibility to foster a standard of conduct which reflects credit on themselves and on the University, while preserving a climate that respects the dignity and integrity of each individual. San Diego University for Integrative Studies expects and requires that all students maintain the ethical standards of the professions and careers for which they are training. Plagiarism, or presenting the ideas, words, or views of another, as if they were one's own, is considered unethical conduct by the University. Failure in maintaining such standards or engaging in actions that are deleterious to San Diego University for Integrative Studies may result in disciplinary action, including dismissal. (See dismissal policy page)

GRIEVANCES

If students have a complaint or protest regarding University procedures, policies, academic decisions, faculty, staff, or other students that they wish to formally submit, they are advised to file a grievance. San Diego University for Integrative Studies is committed to resolving all student grievances in a fair and timely manner. Students are encouraged to first seek guidance from the Registrar, Dean of Academic Affairs, the President or designee, regarding their concerns. When such concerns cannot be
initially resolved, the following grievance procedure is followed:

**Informal Review**
A student with a grievance should first schedule an appointment with the Dean of Academic Affairs. If the Dean of Academic Affairs is the subject of the grievance, then the student should contact the President. The Dean of Academic Affairs, or the President, tries to resolve the matter to the satisfaction of all parties. If this informal review does not result in resolution, the student may file a formal grievance with the Grievance Review Committee.

**Formal Review**
The grievant must complete a "Student Request" form (available in the administrative office) and submit it to the Registrar. Students may have witnesses and other administrative, faculty, or student support at the grievance hearing. In most cases, the Grievance Review Committee makes a decision within five (5) working days unless external consultation is necessary. Normally, the student is notified by mail of the decision of the Committee within two (2) weeks.

**Final Review**
If the grievant remains dissatisfied, he or she may appeal the decision with the San Diego University for Integrative Studies Final Review Board with lawyer. All facts, issues, recommendations, supporting documentation, as well as a second "Student Request" form must be submitted in writing. The Board notifies the students of its final decision within thirty (30) days of the final request.

**RETENTION OF STUDENT RECORDS**
In accordance with the California Education Code, San Diego University for Integrative Studies maintains records on students as well as classes, curriculum, faculty and staff. SDUIS policy is to keep the complete student file for seven(7) years (after the date of the student’s graduation, withdrawal or termination). At the end of seven years the file is reduced to contain the student transcript, the Program Status Report and a copy of any certificate or diploma earned at SDUIS. This reduced student file is kept permanently.

Transcripts of all classes attempted and completed, and dates of completion at San Diego University for Integrative Studies are maintained permanently. Students are allowed to review their student records file by submitting a written request to the Registrar.

**DIRECTORY INFORMATION**
All new and returning students have the right to withhold the disclosure of any or all categorical information that is provided to the University through the "Directory Information and Disclosure Prevention Request" form. Students are asked to carefully consider their decision to release information to individuals or organizations outside San Diego University for Integrative Studies. The provisions of the Family Educational Rights and Privacy Act of 1974, clearly state each student's right to refuse the release of San Diego University for Integrative Studies Directory Information and San Diego University for Integrative Studies honors each student's request to withhold or release such information. The Registrar is available to answer any questions concerning this matter.

**POLICIES REGARDING HEALTH AND SAFETY**
The following policies and procedures are designed to establish a campus environment that is conducive to learning and to

37
maintaining the health, safety, and comfort of all students and faculty.

Safety Information
The University provides information to the student body, administrators, supervisors, faculty, staff members, and campus visitors concerning the safety policies and procedures to be followed in the event of an on-campus incident or crime. Any questions about these safety procedures should be directed to the Administrative Director or to the President.

Drug and Alcohol Use
San Diego University for Integrative Studies is committed to an environment that is free from drug and alcohol abuse. The manufacture, distribution, dispensing, possession, or use of illicit drugs and alcohol is prohibited at all San Diego University for Integrative Studies work and academic meeting places. Violation of this policy will result in dismissal. Permission to serve alcoholic beverages on all other parts of the campus must be approved by the President, or designee, five (5) days prior to the event.

Smoking
The use of tobacco products is prohibited in all campus buildings.

Sexual Harassment
The University maintains a policy that prohibits any member of the campus community to sexually harass, assault, or injure another. It especially strives to maintain a study and work environment free of inappropriate and disrespectful conduct of a sexually harassing nature. If a student, faculty or staff member, or visitor to the San Diego University for Integrative Studies campus feels they have been witness to, or the victim of, an on-campus sexual assault, or subject to any form(s) of sexual harassment, they should follow the procedures set forth by the University. These procedures are posted in the administration office and other prominent campus locations. Anyone who violates this policy will be subject to disciplinary action that includes dismissal of a student and termination of employment of an employee.

Reporting On-Campus Crimes
If a student, faculty or staff member, or visitor feels they have been witness to or the victim of an on-campus crime involving violence, theft, injury, destruction of property, or illegal drugs or alcohol use, they should follow the established University procedures. These procedures are posted in the administration office and other prominent campus locations. If the crime has been committed by a member of the San Diego University for Integrative Studies campus community, appropriate disciplinary action will follow. Contact the available member of the administrative staff or Faculty member to report such incidents immediately. However, 911 should first be called in emergency situations.

Animals
Except for guide-dogs for the blind or other approved animals for assistance to disabled people, animals are prohibited from all campus buildings.
ACADEMIC GUIDELINES

ACADEMIC PROGRESS

Students are expected to make reasonable and consistent academic progress through their planned degree program. San Diego University for Integrative Studies supports students in working toward completion of their respective degree programs in a timely manner. Students who fail to earn a passing grade in a minimum of four (4) courses per year or fail to enroll in courses for two (2) consecutive quarters are not seen as making reasonable progress, and the University has the right to put them on probation or dismiss them. Students working on their dissertation, master thesis, or senior project must be registered for the respective course every quarter until the project has been completed. The dissertation, master thesis, or senior project is complete when the student has successfully passed the oral examination where applicable and the final approval forms have been signed by the project chairperson and SDUIS Director of Research.

TIME LIMITATIONS

San Diego University for Integrative Studies has established time limitations on the completion of its graduate degrees. The Master's programs must be completed within five (5) years from the time of official enrollment until graduation and the Ph.D. and Psy.D. programs must be completed within eight (8) years.

GRADING STANDARDS

The University will use a combination of letter and pass/fail grades. Grades, along with written feedback from the instructor, will be used to accurately inform students of their progress, areas of strengths or need for improvement(s). The grading system at SDUIS was designed to accurately reflect students' performance relative to generally recognizable professional and educational standards for a given degree level. It is an individual's performance, rather than effort, experience, or mere attendance that are the substantial basis for assigning a grade. Requirements and performance expectations increase with the level of degree sought, from bachelors to masters to doctorate.

Academic and personal accomplishment is recognized and expected at SDUIS. It is the intention of the administration and faculty that all students attain a high level of proficiency in their course work and make satisfactory progress in their degree program, or individual educational pursuits.

LETTER GRADES

Letter grades are awarded for courses by the instructor using a university approved objective measure. The instructor also has the option of using a plus or minus system to further distinguish degrees of achievement.

Student will receive a copy of this evaluation along with written comments for each class.

* The Thesis, Dissertation Writing and Senior Project courses (699, 800, 801) do not receive a letter grade but receive credit upon satisfactory completion. Course in progress (IP) will be assigned for Thesis, Dissertation and Senior Project courses, until completed.

Grades are assigned on the following basis:

A - Excellent achievement and high scholarship.
B - Above average work for undergraduates. Average graduate student work.

C - Average performance for undergraduates. Below the average performance expected from graduate students. Graduate students must repeat the course if it is required in their degree program.

D - Minimally passing performance for undergraduates. For graduate students, work does not meet graduate student standards. All students must repeat a course if it is required in their degree program.

F - Unsatisfactory work for all students. All students must repeat a course if it is required in their degree program.

Inc - Incomplete, course requirements not completed.

NC - Student’s work did not meet course requirements. Equivalent to a grade of C or below for graduate students, and D or below for undergraduates.

For coursework not completed by the student the following designations may appear on a student transcript:

IP - Course in progress

W - Withdrew from class in good standing.

WF - Withdrew from class with failing grade or administrative drop from class due to failure to meet attendance requirement.

Incomplete - Students who, for extenuating circumstances, need to receive an incomplete in any of their courses, must submit a "Petition for Incomplete" (obtained from the Registrar or SDUIS website, approved and signed by the Instructor) and pay a $50 a processing fee. The petition must be submitted no later than the last day of the quarter. If he or she successfully resolves the incomplete, the instructor will assign the appropriate grade. A grade of PH or A can not be assigned under these circumstances. Work must be submitted to the instructor no later than 12 weeks after the end of class.

STUDENT EVALUATIONS

Instructors will evaluate the strengths and weaknesses of students in their classes at the end of each quarter. Confidential, written feedback will be provided to each student with personalized, constructive criticism of his or her performance. Students are evaluated in mastery and application of course content, oral and written communication skills, and class participation. Three levels of feedback are described below. Student’s with Serious Concern feedback are required to meet with the Dean of Academic Affairs, and may be subject to academic probation. Categories of overall performance feedback are:

No Concern - Student's are performing at or above expected level(s).

Some Concern - Student's need to improve the identified knowledge and/or skill(s).

Serious Concern - Student's are not prepared to proceed.
TUTORIALS

Although the majority of students complete their course work in regular classroom settings, provisions can be made, under extenuating circumstances, for the completion of courses as tutorials. A tutorial is an independent study course conducted under the guidance of an approved faculty member. Tutors should be recognized in their fields. It is not recommended that students use the same tutor more than once.

The following steps must be taken to successfully complete a tutorial:

1. Obtain a tutorial packet from the Registrar or SDUIS website and select the course you want to fulfill by tutorial. The course can be from SDUIS catalog or in an area you wish to study that is part of your chosen degree program.

2. Select a tutor knowledgeable in your area of study. Tutor must be appropriate to your degree level. Hold a Ph.D. for a Ph.D. level tutorial. Hold a Ph.D. for a Masters level tutorial and at least a Masters for a B.A. or a Certification program.

3. Complete the study plan.
   a. Guided by a conference with the tutor and/or course description in the SDUIS catalog the student writes a 50-100 word paragraph on the intent of the learning and complete all required information (see study plan). The tutor then approves it.
   b. Student gives the tutor the following:
      - Instructor Sheet for Tutors
      - Instructor’s Personal Data Form
      - Grade Report Form
   c. The tutor approves and sign the Study Plan, and returns it to the student with their Personal Data Form.

4. Submit Study Plan, completed Registration Form, and Personal Data Form; to the Registrar for approval by the Exceptions Review Committee no later than the end of the second week of the quarter. Submission of the necessary forms is the responsibility of the student.

5. When approved, the student will be notified, and registered in the course. Tutorials must be approved before coursework starts and must be completed by the end of the quarter.

6. Read the entire Tutorial Packet including Instructions for Tutors. Carry out Study Plan to completion with the tutor.

7. Keep Time Log as a running record of your activities. This includes time with tutor, reading, research, writing, experiential work, etc.

8. Submit Copy of Final Project and Time Log to the Instructor for grading. Keep copies in your files until after graduation.

9. Final Grade: The tutor is responsible to get the completed grade sheet to the Registrar with a copy of Final Project and Final Log.

10. All forms submitted to the Exceptions Review Committee and the Final Project must be typewritten.

COMPREHENSIVE EXAMINATION POLICIES AND PROCEDURES

1. University regulations require that all students enrolled in SDUIS’s Masters and Doctoral degree programs successfully
complete a comprehensive graduate examination. The exam functions to assess students’ mastery of core and specialty curriculum content central to their respective degree program, which is deemed necessary for graduate level scholarship.

2. The comprehensive examination is administered when a student has completed all of the required courses in their degree program. A student must register for the comprehensive examination by the quarterly registration deadline, with the $150 fee, or $90 re-take fee. If a student registers after the quarterly registration deadline, a $50 late fee will apply. The Registrar’s Office will only accept registrations up to two-weeks prior to the comprehensive exam administration date.

3. The comprehensive examination consists of two (2) components: an objective format designed to measure the students’ knowledge of the basic science and theoretical foundations of Psychology; and, a written essay component comprised of practice based clinical vignettes designed to measure the students’ applied knowledge of assessment and intervention strategies, psychodiagnosis, treatment planning, and the utility of various therapeutic modalities.

4. The objective component of the comprehensive examination for the University’s Master of Arts degree programs in Expressive Arts Therapy, Sport Counseling, Transpersonal Psychology, and Marriage & Family Therapy consists of questions generic to the University’s Graduate Core Psychology Course Requirements. These multiple-choice items are sampled from: CPS 601; CPS 603; CPS 604; CPS 605; CPS 610; CPS 611; CPS 612; CPS 613; CPS 614; and, CPS 615, respectively.

In addition to questions based on the content of the above courses, faculty members contribute to a pool of exam questions based on the content of specialty-specific course requirements:

**Expressive Arts Therapy** — CEX 600; CEX 631; CEX 632; and CEX 633
**Sport Counseling** — SPO 600; SPO 651; SPO 652; SPO 653; SPO 665; and SPO 668
**Transpersonal Psychology**—TRP670; TRP 671; TRP 672; and TRP 673
**Marriage and Family Therapy**—CPS 616; CPS 617A; CPS 617B; CPS 618; CPS 619; 622A; CPS 624B; and CPS 628

The objective component of the Doctor of Philosophy in Psychology/Specialization in Sport Psychology (Ph.D.) and Doctor of Psychology (Psy.D.) degree programs consists of multiple-choice items sampled from: CPS 691; CPS 693; CPS 702; CPS 704; CPS 705; CPS 706; CPS 710; and CPS 711

The objective component of the comprehensive exam for the Doctor of Philosophy (Ph.D.) degree programs in Expressive Arts Therapy and Transpersonal Psychology consists of multiple-choice items sampled from: CPS 691; CPS 693; CPS 702; CPS 703 (Transpersonal program only); CPS 704; and CPS 705

In addition to questions based on the content of the above courses, selected questions of the University’s Doctoral level comprehensive exam will be based on the content of specialty-specific course requirements central to:

**Sport Psychology** — SPO 754; SPO 765; SPO 766; and SPO 767
**Expressive Arts Therapy** — CEX 730; CEX 733; and CEX 739
Transpersonal Psychology — CTR 670; CTR 671; CTR 672; CTR 673; and CTR 770
Clinical Psychology — CPS 712; CPS 714; CPS 724; CPS 725; CPS 727; CPS 728; and CPS 729

In all objective (multiple-choice) exams the items vary from one administration to the next. There is no implication that each course area is represented by the same number of items, and there is no implication that a particular version of the exam must include items from every course area that is eligible to be included. Objective exams ordinarily consist of 150 items for the MA-level and doctoral level, and 175 items for the doctorate with specialization in sport psychology. However, the University reserves the right to alter the number of items in any particular administration, as necessary.

For the written essay component of the University’s Master of Arts and Doctoral level comprehensive exam, students are presented with practice based clinical vignettes to test their knowledge and professional skills, as well as the ability to make judgments about appropriate techniques and methods as applicable to their scope of practice. Ordinarily, the written essay exam consists of three vignettes, of which the student is required to select and respond to two. However, the University reserves the right to alter the number of items in any particular administration, as necessary.

4. Students are encouraged to prepare for the comprehensive exams months in advance of their scheduled administration date. Routine reviews of course textbooks and other required reference materials, lecture notes, and copies of previously administered course examinations are recommended. For students who perceive objective tests as particularly challenging, develop a multiple-choice test taking response set through frequent self-administrations of objective tests that cover the various core content areas in Psychology. There are several resources that are useful for this purpose. These can typically be found in university bookstores or online resources that sell similar materials. Also check the appropriate professional licensing boards or their websites for additional useful information about their licensing exams, which typically cover similar content areas (in California, [www.psychboard.ca.gov](http://www.psychboard.ca.gov) for psychology licensing and [www.bbse.ca.gov](http://www.bbse.ca.gov) for marriage and family therapy licensing).

5. During the comprehensive exam, the test proctor provides the examinee with the necessary materials. The use of supportive adjuncts, such as a Dictionary, is prohibited. The use of cellular phones during the course of the exam is not permitted. Brief breaks are taken, one examinee at a time, as per need.

6. Comprehensive examination test items are revised for all degree program specialty areas from one administration to the next.

7. Examination performance is documented and reported in terms of a Total Correct Raw Score. Currently, students must achieve a minimum correct raw score of 70% of the items correct to pass the exam.

8. Comprehensive exam scores are determined and reported in writing to the student within 30 days from the date of the examination.

9. Students have three (3) trials to achieve a passing score. If the third attempt is unsuccessful, academic probation is assigned and the student must: submit a request for a fourth and final attempt to the Exceptions Review Committee; and, prepare
a detailed comprehensive examination study the Dean of Academic Affairs for review and approval. Additional academic advising will be required. Students do not review their completed examination protocols or their incorrect items.

10. Masters and Doctoral students are required to register for the comprehensive exam during the quarter that they enroll in their capstone research project, be it a thesis (699) or dissertation (800).

11. The comprehensive examination is administered on a quarterly basis. Generally, the exam is scheduled for the second month of the quarter on the second Friday of the month. The University Catalog includes a schedule of examination dates for the next several calendar years. Verify exam dates with the Registrar’s office, as schedule changes are occasionally necessary, and the University is not bound to the dates announced in the Catalog.

ACADEMIC PROBATION AND DISMISSAL

It is the policy of the University that students failing to meet the minimum academic requirements of their degree programs be placed on probation or dismissed from the University.

Undergraduate students who receive two (2) or more grades of D, F will be placed on academic probation. They must consult with the Dean of Academic Affairs to address any problems they may be experiencing, and perhaps, modify their program. Probationary students receive a "Notification of Academic Probation", and if they receive a D, F, Incomplete or a No Credit while on probation, they are administratively dismissed from the University. Probationary status is removed when a student completes one (1) quarter with all grades of A, B, C.

Graduate students who receive a grade of No Credit in any subject during any quarter, are placed on academic probation. They receive a "Notification of Academic Probation" from the Registrar, stating they have been placed on probation. They must consult with the Dean of Academic Affairs to address the situation and possibly to modify their program. If they receive another No Credit while on probation, they are administratively dismissed from the University. Probationary status is removed when a student completes two (2) consecutive quarters with all grades of A and B.

ACADEMIC HONESTY

Plagiarism occurs whenever a person presents the words, ideas, or views of someone else as if they were his or her own. The use of another's published or unpublished ideas, words, or views on a paper, report, or oral presentation must be accompanied by specific citations and references. The consequence of plagiarism and other forms of academic dishonesty may include non-acceptance of the work submitted by the student to the faculty member or dismissal from the University. The Dean of Academic Affairs handles all matters involving academic dishonesty.
UNDERGRADUATE STUDIES

Philosophy

Our belief in the inherent value and dignity of individuals formally pursuing educational goals is the philosophical foundation of the Undergraduate program. The purpose of this program is to educate and to prepare the individual to serve and advance the community in health, dignity, understanding and cooperation. The undergraduate program is committed to studying values, intentions, and meaning of life, as well as history and physical data, as elements of conscious existence. In an innovative and unique orientation that asks questions first and then seeks disciplined academic understanding, the University's intent is to inspire scholarly inquiry and practical solutions.

Program Overview

SDUIS offers a Bachelor of Arts (BA) degree in Humanistic Studies. This program is designed to provide a relevant and contemporary education to lower and upper division undergraduate students who wish to complete their studies at SDUIS.

Students who graduate from SDUIS must have completed at least 45 quarter units or 30 semester units of general education courses. These units must include written and oral communications, mathematics, humanities/fine arts, political/social or behavioral science, and physical/natural science classes, which must be completed prior to graduation from the University. SDUIS offers the full range of the required lower division courses or general education courses.

The program consists of 180 quarter units. Students can transfer a maximum of 135 quarter units, or 90 semester hours, to SDUIS. All students must complete at least 45 quarter units at SDUIS. Overall, a total of 60 quarter units of credit in the following general education areas are required, along with the 120 units of additional choice, including a Senior Research Project.

* Written Communication (minimum of 5 quarter units)
* Oral Communication (minimum of 5 quarter units)
* Mathematics (minimum of 5 quarter units)
* Humanities and Fine Arts (minimum of 15 quarter units)
* Social or Behavioral Science (minimum of 15 quarter units)
* Physical or Natural Science (minimum of 15 quarter units)

All courses, other than independent study, are traditionally taught in a classroom setting or online with a seminar style of instruction that includes lively discussions and in-depth reading and writing assignments. Each instructor provides students with a syllabus containing an outline of the course objectives, content, student performance expectations, textbooks and related study materials, and any activities and evaluation methods used for grading purposes. Demonstrations and experiential components may also be required. Students’ papers, examinations, and projects are
discussed at the beginning and during the course.

Independent study courses are an in-depth study of a topic and directed by SDUIS faculty or equally qualified mentors who must be approved by the Exception Review Committee.
**Bachelor of Arts in Humanistic Studies**

**Program Description:**

The Bachelor of Arts program emphasizes a holistic philosophical perspective in the provision of general education instructional services. It is designed for mature learners who did not have an opportunity to complete their undergraduate college studies but who have the experience that can be a stimulus to exciting and relevant academic achievement. The rationale and design of the university’s general education program centers on integrating the foundations of general education with contemporary pedagogical presentations of logically sequenced curriculum in the Humanistics and Fine Arts, Social/Behavioral Science, Physical Natural Science, Mathematics, Expository Writing, and Oral Communication. Traditional academic subjects are addressed across disciplinary lines and from cross-cultural perspectives.

**Requirements:**

The Bachelor of Arts degree requires the completion of 180 quarter units. A minimum of 45 quarter units must be completed at San Diego University for Integrative Studies. All B.A. students are required to take Critical Thinking, Quantitative Perspectives, the Writing Skills class and the Senior Project Seminar.

**Prerequisites:**

A high school diploma or its equivalent (G.E.D.).

**Curriculum:**

These course titles satisfy degree requirements. Students are given some latitude, within state guidelines, in meeting lower division course requirements.

**Lower Division Course Offerings**

A minimum of 45 quarter units, or 30 semester hours, of general education courses including mathematics, writing, and oral communications must be completed prior to graduation from SDUIS. Additional units may be transferred and applied toward the B.A. The maximum transferable units is 135 quarter units or 90 semester hours. SDUIS requires that all B.A. students complete the 60 quarter units of general education in the following areas: Humanities and Fine Arts (minimum of 15 units), Social or Behavioral Science (minimum of 15 units), Physical or Natural Science (minimum of 15 units), Written Communication (minimum of 5 units), Oral Communication (minimum of 5 units), and Mathematics (minimum of 5 units).

**Lower Division General Education Courses**

Students may fulfill all general education requirements by completing this curriculum, or through a combination of transfer and course completions at SDUIS.

**Upper Division Courses**

Students in undergraduate Humanistic Studies degree program can choose from the following courses to satisfy curriculum requirements. The number of credits each student will need to meet graduation requirements depends upon the number of
credits which the student has transferred into SDUIS. Some courses have prerequisites, please see course descriptions for details. Other courses not listed below may be part of the student’s program.

**Senior Project (5 units)**

BHS 495 Senior Project 5

Students working on their senior project must be registered for the respective course each subsequent quarter until the project has been completed. The senior project is complete when the final draft of the students’ Senior Research Report has been completed, evaluated, and formally approved by the Senior Project Research Instructor.

**A sample program is as follows:**

**Humanities**

BHS 405: The Humanistic Tradition
BHS 410: Introduction to Philosophy
BHS 455: Critical Thinking

**Social and Behavioral Sciences**

BHS 454: Individuals and their Social Behavior
BHS 459: Carl Rogers and Humanistic Phenomenology
BHS 464: Inventing the Modern Mind

**Physical and Natural Sciences**

BHS 100: The Human Body
BHS 101: The Oceans
BHS 102: The Cosmos

**Written Communication**

BHS 401: Writing Skills and Research

**Oral Communication**

BHS 104: The Reader's Theater

**Mathematics**

CPS 404: Quantitative Perspectives
**Program Description:**

This program is designed to provide the student with a foundation and marketable skills in business administration, organization, management, and communication guided by international and multicultural applied perspectives. A logically sequenced curriculum presents a practical orientation for developing and implementing effective entrepreneurial systems and administrative strategies targeting the needs, issues, and trends of the 21st Century global marketplace. The student completes core courses in business administration in tandem with the fulfillment of lower and upper division general education courses from the University’s approved undergraduate completion program in Humanistic Studies. Students enrolled in the Bachelor of Arts program in Business Administration may enrich the breadth of their undergraduate major by completing an additional Specialty curriculum in either Communications or Information Technology Systems, respectively. The Specialization curricula consists of seven (7) courses in either Communications or Information Technology Systems, and each specialty curriculum consists of thirty-five (35) quarter units, which is the equivalent of seven (7) courses beyond the minimum graduation requirement of one-hundred eighty (180) quarter units. As such, students fulfilling either Specialization course sequence complete a total of two-hundred fifteen (215) quarter units in completing all graduation requirements.

**Prerequisites:**

High school diploma or the equivalent (GED) are minimum requirements for admission. Students having earned an Associate of Arts degree, or the equivalent, from a state approved or regionally accredited institution may transfer a maximum of one hundred thirty-five (135) quarter or ninety (90) semester units. The B.A. program in Business Administration requires all transfer students to complete a minimum of sixty (60) quarter units.

The Bachelor of Arts in Business Administration degree program requires the completion of one hundred eighty (180) quarter units at the undergraduate level. The student completes one hundred five (105) quarter units in basic collegiate education and seventy-five (75) quarter units in Business Administration. This includes twenty-one (21) lower and upper division courses logically sequenced from the University’s approved undergraduate curriculum and fifteen (15) specialty courses in Business Administration. Completion of this program also requires the student to fulfill a capstone Senior Research Project relative to applied topics in Business Administration and allied fields such as international marketing and finance, for example. Students majoring in Business Administration have the option of pursuing additional specialty instruction in either Communications or Information Technology Systems, and each specialty curriculum consists of thirty-five (35) quarter units, which is the equivalent of seven (7) courses beyond the minimum graduation requirement of one-hundred eighty (180) quarter units. As such, students fulfilling either Specialization course sequence complete a total of two-hundred fifteen (215) quarter units in completing all graduation requirements.

Philosophy

Since its inception, the University and the programs in psychology have explored a broad spectrum of approaches that expanded the range of options for dealing with psychological, psychosocial and psychospiritual confrontations of the human psyche. The psychology curricula not only focuses on the needs of individuals struggling with behavioral issues, but also the aspirations of the healthy and curious who are desirous of exploring greater human potential. Accepting that society’s ideals about what counts as legitimate knowledge constitutes a certain kind of power over our lives. San Diego University for Integrative Studies is committed to upholding a responsible approach to scholarship and research and practice. Basic to each of these is development of personal competence and a true sense of responsibility and growth.

The programs in psychology address differing focal points and means of enhancing psychological health, creativity, and respect for the interaction of the body, mind and spiritual essence of individuals. The philosophical, integral or holistic approaches to human consciousness demand conviction to and respect for human existence.

Program Overview

The College of Graduate Studies offers the following degrees:

- Master of Accounting
- Master of Arts in Expressive Arts Therapy
- Master of Arts in Marriage and Family Therapy
- Master of Arts in Psychobiomechanics and Postural Therapy
- Master of Arts in Sports Counseling
- Master of Arts in Transpersonal Psychology
- Master of Business Administration
- Doctor of Business Administration
- Doctor of Philosophy in Psychobiomechanics and Postural Therapy
- Doctor of Philosophy in Psychology with Specialization in Expressive Arts Therapy
- Doctor of Philosophy in Psychology with Specialization in Sport Psychology
- Doctor of Philosophy in Transpersonal Psychology with Specialization in Tibetan Buddhist Psychology
- Doctor of Psychology

Various emphasis areas are available to students in each program. The scope and intent of each emphasis area are described separately in each degree program. The graduate programs at SDUIS provide academic, scientific, and practitioner training in preparation for multifaceted professional roles as change agents for individuals, families, and organizations. Humanistic values such as diversity, inclusiveness, personal and professional education, centrality of relationships, and responsible use of power and authority are emphasized. The mastery of professional knowledge, skills, ability, and the capability for compassionate intervention and preparation for life-long learning are expected outcomes of the programs.

Students entering masters programs must have completed a bachelors degree which
includes certain prerequisite courses. See the description of each degree program for specific entrance requirements. All doctoral applicants must have completed a relevant masters degree, again with certain prerequisite courses that are listed with the specific degree program. A maximum of 9 quarter units may be transferred into the Master’s program, and 45 quarter units into a doctoral program from a regionally accredited or California State Approved University. Credit is not given for work or life experience.

Master’s students in programs other than the Marriage and Family Therapy program must complete a written thesis. All doctoral students must complete a dissertation. Thesis and dissertation students are required to meet with the Director of Research to have their proposal approved before beginning their research.

Licensing as a Marriage and Family Therapist in California

The Marriage and Family Therapy program satisfies the academic course requirements of the State of California Board of Behavioral Sciences, for the Marriage and Family Therapy license. Students must also meet the Board's post-masters experiential requirements before they are eligible to sit for the licensing exam.

Students in the MFT program are required to pass a Masters Comprehensive Examination. This exam is partially modeled after the State exam, and consists of two parts: multiple choice questions on theory, and clinical vignette essays on practice. The exams are offered once each quarter and dates are noted in the SDUIS quarterly schedules. Students have three opportunities to pass the exams, after which additional course work is required.

All MFT students will enroll in a 200 hour practicum sequence during the last half of their studies. Students must have their practicum sites approved by the University before beginning training hours. All students must contact the SDUIS Registrar for information and forms. Students should enroll in CPS 622 for supervision during the first 100 hours, and in CPS 624 during the second 100 hours, for direct face to face counseling hours and supervision.

Licensing as a Psychologist in California

Licensing as a Psychologist in the State of California is controlled by the Board of Psychology.

The Psy.D. program satisfies the academic course requirements of the State of California Board of Psychology for licensing as a Psychologist in California. Students must also meet the Board's post-doctoral experiential requirements before they are eligible to sit for the licensing exam.

All Psy.D. and Sports Psychology doctoral students must pass a Doctoral Comprehensive Examination. This exam consists of two parts: theory-based multiple choice and practice-based clinical vignettes. The exams are offered once each quarter and are noted in the SDUIS quarterly schedule. Students have three opportunities to pass the exam.

It is the student's responsibility to remain informed of the Board's licensing requirements. All licensing forms and documents must be obtained directly from the Board.
exam after which additional course work is required.

All Psy.D. and Sports Psychology students must enroll in a 500 hour practicum sequence during the second half of their program. Students must have their practicum sites approved by the University before beginning internship hours. Students with a Master of Arts in Psychology with a non-counseling emphasis may be able to register as Psychological Assistants with the Board of Psychology. However, additional courses may be required to meet Board requirements. Contact the Dean of Academic Affairs for situation-specific information. All students should contact the SDUIS Registrar for practicum information and forms. Students should enroll in CPS 724 for supervision during the first 250 hours, and in CPS 725 for the second 250 hours.

Doctoral Dissertations

All doctoral students complete a dissertation. All dissertations are expected to make a novel contribution to the literature in their respective fields based on research completed by the student. Ph.D. dissertations tend to focus on research and analysis of theoretical issues related to the student's doctoral research topic. Methodology may be either quantitative or a mixture of quantitative and qualitative designs. Prior to beginning capstone research projects, all students must meet with their Research Instructor to have their topic approved. Dissertations are supervised by a three member faculty committee that is selected by the student and approved by the Exceptions Review Committee.

The dissertation process includes forming a committee, a comprehensive literature review, an in-depth research project, writing a scholarly text, an Oral Qualifying Examination, and a Final Oral Defense of the dissertation. The process is supervised by the student's Dissertation Instructor, Dissertation Chair, Committee and the Director of Research. Details of this process are available from the Registrar’s office in the syllabus manual entitled San Diego University for Integrative Studies Dissertation and Thesis Guidelines.

Students working on their dissertation, master thesis, or senior project must be registered for the respective course each subsequent quarter until the project has been completed. The dissertation, master thesis, or senior project is complete when the student has successfully passed the oral examination where applicable and the final approval forms have been signed by the project chairperson, Research Instructor, SDUIS Director of Research, and Dean of Academic Affairs.

Personal Counseling

SDUIS faculty and staff consider growth through therapy an essential tool in becoming an effective therapist or counselor. The personal counseling requirement is designed to provide the student with the existential experience of being counseled and to deal with personal issues that could interfere with student becoming an effective therapist.

Masters students in all programs must complete 50 hours of personal counseling within three years of enrollment at San Diego University for Integrative Studies. Doctoral students in all programs must complete 60 hours of personal counseling within three years of enrollment at SDUIS. All therapists must be approved in advance by the University. Forms for therapist approval and documentation of hours are available from the Registrar.
What kind of counseling qualifies?

- At least 25 hours (Masters), 35 hours (Doctoral) must be one-on-one therapy.
- Up to 25 hours (maximum) can be in a group therapy context.
- Educational training, self-help seminars, and workshops cannot be used for the personal counseling requirement.

What kind of license is needed for the therapist?

- The therapist must be licensed as an MFT, or Psychologist.

Can therapy done prior to enrollment qualify?

- At least 25 hours (minimum) of individual therapy must be done concurrent with enrollment.
- Previous therapy must meet the above qualifications and date from within two years prior to enrollment.

How is the therapist selected?

- The student is responsible for selecting and engaging his or her own therapist.
- The administrative staff will maintain a list of local therapists with student discount prices.
- SDUIS instructors will not be approved as therapists to SDUIS students.
- The entire 50 or 60 hours do not have to be done with the same therapist.

Procedures for meeting the requirement

- After selecting the therapist, please fill out the Request for Psychotherapist Approval form and submit the signed form to the Registrar. This will ensure that the therapy done will qualify for the requirement.
- Keep track of the hours on the Documentation of Personal Counseling Hours form.
- When all the hours have been completed with the therapist, have the therapist sign the form and mail directly to San Diego University for Integrative Studies Administrative Office.
**Master of Accounting**

**Program Description:**

This program is designed for finance and accounting professionals wishing to extend their skills or for those just entering the accounting profession. The program is intended to provide a broader understanding of accounting principles and business applications by offering graduate exposure to the traditional areas of accounting (financial accounting, managerial accounting, income tax, and auditing). Participants will learn how accounting functions within organizations and a wide variety of businesses, ranging from startups to global corporations, by building the conceptual, analytical and communications skills necessary to succeed in the accounting profession.

**Requirements:**

The Master of Accounting program requires the participant to successfully complete a total of 80 quarter units of graduate-level coursework. The student must complete 30 units from the Graduate Core Accounting Course Requirements, select 40 units (8 courses) from the Graduate Core Business Course Requirements, and select 10 units (2 courses) from the Graduate Accounting Elective Courses. In addition, students must pass a comprehensive examination.

**Prerequisites:**

Applicants must hold a bachelor’s degree from an accredited or approved institution, and all applications are reviewed and approved by the Program Director.

**Curriculum:**

Required Total Units: 80

INSTRUCTIONAL METHODS:

1) All residential courses, other than independent study, are taught in a classroom setting. Each instructor provides students with a syllabus that contains an outline of the course objectives, the course content, student performance expectations, textbooks and related study materials, and evaluation methods used for grading purposes.

2) Courses are traditionally taught in lecture style with group discussions, student presentations and written assignments.

3) Instructional methods also include research projects and experiential components such as internship and practicum requirements. Faculty provide individualized academic advising as needed and encourage ongoing student dialogue in class and online. The University’s grading criteria are presented to students in the course syllabus provided at the beginning of class. The University’s grading policy is designed to meet the highest professional standards of objectivity, fairness, and accuracy.

4) Independent study courses are an in-depth study of a topic and directed by SDUIS faculty or an equally qualified mentor who is approved by the Chief Academic Officer.

5) Student learning performance outcome evaluations include essay and objective examinations, research, reports, and experimental activities.

INSTRUCTIONAL METHOD:

Distance Education

1) The Master's in Accounting Degree program is also offered through distance education. Direct education is delivered to students via e-mail. Students submit their assignments to the instructor weekly. The instructor reviews the work and prepares a report to be sent to the students weekly.

2) Each student is provided with a syllabus that contains an outline of the course objectives, course content, weekly assignments and student performance expectations.

3) Instructors work closely with students to monitor their progress.

Program Description:

This program was designed to give the student a sound base in Expressive Arts
Therapy. The Expressive Arts Master's Degree is designed to provide participants with a holistic and culturally enriched perspective about facilitating health, emotional growth, and human potential. The personal integration of a host of experiences and techniques is intended to contribute to the development of greater personal health and increased therapeutic options.

Requirements:

The Master of Arts degree requires the completion of 85 quarter units at the graduate level. The student will develop an individualized program of study by completing the core Psychology requirements (50 units), and selecting 30 additional Master’s units from the Expressive Arts curriculum. Students are required to write a Master’s Thesis/Project (5 units). In addition the students must complete 50 hours of personal counseling with licensed professionals. Successful passage of the MA Comprehensive Exam is also required.

Prerequisites:

A Bachelor of Arts in addition to specific prerequisite courses which must be completed in the first year of study. The Writing Skills & Research course (CPS 501) may also be required if indicated by the Writing Skills Assessment.

Curriculum:

Course titles that satisfy degree requirements:

Thesis / Project (5 units)

CEX 699 Thesis/Project 5

Required Total Units 85

Students working on their dissertation, master thesis, or senior project must be registered for the respective course every quarter until the project has been completed. The Dissertation, Master’s Thesis, or Senior Project is complete when the student has successfully passed the oral examination where applicable and the final approval forms have been signed by the project chairperson and SDUIS Director of Research.

INSTRUCTIONAL METHODS:

1) All residential courses, other than independent study, are taught in a classroom setting. Each instructor provides students with a syllabus that contains an outline of the course objectives, the course content, student performance expectations, textbooks and related study materials, and evaluation methods used for grading purposes.

2) Courses are traditionally taught in lecture style with group discussions, student presentations and written assignments.

3) Instructional methods also include research projects and experiential components such as internship and practicum requirements. Faculty provide individualized academic advising as needed and encourage ongoing student dialogue in class and online. Upon completion of the core curriculum, students become involved in their capstone research project, the Master’s Thesis. In addition, students are required to complete fifty (50) clock hours of personal counseling provided by a licensed therapist approved by the University. Grading criteria are presented to students in the course syllabus provided at the beginning of class. The University’s grading policy is designed to meet the highest professional standards of objectivity, fairness, and accuracy.

4) Independent study courses are an in-depth study of a topic and directed by SDUIS faculty or an equally qualified mentor who is approved by the Chief Academic Officer.

5) Student learning performance outcome evaluations include essay and objective examinations, research, reports, and experiential activities.

INSTRUCTIONAL METHOD:

Distance Education

1) The Master’s Degree program in Expressive Arts is also offered through distance education. Direct education is delivered to students via e-mail. Students submit their assignments to the instructor weekly. The instructor reviews the work and prepares a report to be sent to the students weekly.

2) Each student is provided with a syllabus that contains an outline of the course objectives, course content, weekly assignments and student performance expectations.

3) Instructors work closely with students to monitor their progress.

Master of Arts in Marriage and Family Therapy

Program Description:
This program is designed to provide professional training as well as personal development. The courses satisfy the course requirements for the Marriage and Family Therapy license. Eligibility to sit for the exam with the Board of Behavioral Sciences (BBS) requires the degree be earned at a school operating under full approval by the Bureau of Private Postsecondary and Vocational Education.

**Requirements:**

The Master of Arts degree requires the completion of 91 units at the graduate level, two hundred (200) supervised internship hours must be fulfilled, in addition to 50 hours of personal counseling with licensed professionals. Successful passage of the MA Comprehensive Exam is also required.

**Prerequisites:**

A Bachelor of Arts in addition to specific prerequisite courses which must be completed in the first year of study. The Writing Skills & Research course (CPS 501) may also be required if indicated by Writing Skills Assessment.

**Curriculum:**

Course titles that satisfy degree requirements:

Master of Arts in Sport Counseling

Program Description:

This program is designed to provide students with the theoretical and practical training needed to help athletes be more effective in sports and their personal lives. The program is intended to prepare professionals to consult with individual athletes, teams, and athletic organizations, and to effectively develop and teach programs tailored for this unique population.

Requirements:

The Master of Arts degree requires the completion of 85 quarter units at the graduate level. Students will complete the core Psychology requirements (50 units) and the required Sport Counseling requirements (30 units). Students are required to write a Master’s Thesis/Project (5 units), and complete 50 hours of personal counseling. Successful passage of the MA Comprehensive Exam is also required.

Prerequisites:

A Bachelor of Arts degree in Psychology, Physical Education or related field, in addition to an Introduction to Psychology or Introduction to Physical Education (SPO 505) class. The Writing Skills & Research course (CPS 501) may also be required if indicated by the Writing Skills Assessment.

**Master of Arts in Transpersonal Psychology**

**Program Description:**

This program was designed to give the student a sound base in traditional Western Psychology and Integrative Transpersonal Psychology. The student will have the opportunity to explore a particular emphasis drawing from the University's Transpersonal Psychology curriculum.

**Requirements:**

The Master of Arts degree requires the completion of 85 quarter units at the graduate level. The student will develop an individualized program of study by completing the core Psychology requirements (50 units), the core Transpersonal requirements (25 units) and selecting (5) additional elective graduate units from the SDUIS combined curricula. Students are required to write a Master’s Thesis/Project (5 units), in addition to completing 50 hours of personal counseling with licensed professionals. Successful performance on MA Comprehensive Exam is also required.

**Prerequisites:**

A Bachelor of Arts in addition to specific prerequisite courses which must be completed in the first year of study. The Writing Skills & Research course (CPS 501) may also be required if indicated by the Writing Skills Assessment.

Master of Business Administration

Program Description:

The MBA program at San Diego University for Integrative Studies is designed for mid-career business managers, multicultural organizational leaders, educators, investors, entrepreneurs, and other mature adult learners who are seeking to broaden and deepen their knowledge and skill in launching new businesses, investing in them, and developing them. The program offers two tracks. The first is a general track focusing on business in a US context, and the second focuses on the global and multicultural context of US and international business, and includes a special emphasis on doing business with China.

Requirements:

The MBA program requires the participant to successfully complete a total of 70 quarter units of graduate-level coursework in business administration. The sequence of available courses for each of the two tracks includes both required courses (11 courses) and electives (3 courses). In addition, students must pass a comprehensive examination.

Prerequisites:

A Bachelor’s degree from an accredited or approved institution.

Curriculum:

Participants in the Master of Business Administration program must complete 14 courses from the courses below. BUS 601 and BUS 602 are required for all students. General track students must also complete courses BUS 610 through 618, and international business track students must complete courses 620 through 628. An additional 3 courses must be chosen from the list of elective courses (numbered BUS 650 through 656).

**INSTRUCTIONAL METHOD:**

**Distance Education**

1) The Master's in Business Administration Degree program is also offered through distance education. Direct education is delivered to students via e-mail. Students submit their assignments to the instructor weekly. The instructor reviews the work and prepares a report to be sent to the students weekly.

2) Each student is provided with a syllabus that contains an outline of the course objectives, course content, weekly assignments and student performance expectations.

3) Instructors work closely with students to monitor their progress.

**Doctor of Business Administration**

**Program Description:**

The Doctor of Business Administration program at San Diego University for Integrative Studies designed for management consultants, mid-career business managers, multicultural organizational leaders, educators, investors, entrepreneurs, and other mature adult learners. The DBA degree program will build on the skills acquired through master’s-level studies to equip professionals with expertise in leadership principles and management ideas and practices, as well as develop a higher level of competence in conducting research. The DBA program will concentrate on the application of theory related to professional practice and issues of corporate concerns, as well as prepare graduates to lead, consult, and teach in corporate and academic arenas.

**Requirements:**

The Doctor of Business Administration degree requires the completion of 100 quarter units at the doctoral level. Successful passage of the Doctoral Comprehensive Examination is required, after which the student must complete a Dissertation project.

**Curriculum:** Course titles that satisfy degree requirements:

**Prerequisites:**

Students must possess a master's degree in the discipline of business administration, management or related areas from an approved university or equivalent, and demonstrated ability to succeed in the doctoral program.

Students working on their Dissertation, Master’s Thesis, or Senior Project must be registered for the respective course every quarter until the project has been completed. The Dissertation, Master’s Thesis, or Senior Project is complete when the student has successfully passed the oral examination where applicable and the final approval forms have been signed by the project chairperson and SDUIS Director of Research.

1) All residential courses, other than independent study, are taught in a classroom setting. Each instructor provides students with a syllabus that contains an outline of the course objectives, the course content, student performance expectations, textbooks and related study materials, and evaluation methods used for grading purposes.

2) Courses are traditionally taught in lecture style with group discussions, student presentations and written assignments.

3) Instructional methods also include research projects and experiential components such as internship and practicum requirements. Faculty provide individualized academic advising as needed and encourage ongoing student dialogue in class and online. Upon completion of the core curriculum, students become involved in their capstone research project, the Doctoral Dissertation. Students are required to complete sixty (60) clock hours of personal counseling provided by a licensed therapist approved by the University. Grading criteria are presented to students in the course syllabus provided at the beginning of class. The University’s grading policy is designed to meet the highest professional standards of objectivity, fairness, and accuracy.

4) Independent study courses are an in-depth study of a topic and directed by SDUIS faculty or an equally qualified mentor who is approved by the Chief Academic Officer.

5) Student learning performance outcome evaluations include essay and objective examinations, research, reports, and experimental activities.
**Doctor of Philosophy in Psychology, Specialization in Expressive Arts Therapy**

**Program Description:**

This program allows an opportunity for students to pursue a doctorate in an individualized program, drawing from the University's curriculum in Expressive Arts Therapy. The Expressive Arts Doctoral Degree is designed to provide participants with a holistic and culturally enriched perspective about facilitating health, emotional growth, and human potential. The personal integration of a host of experiences and techniques is intended to contribute to the development of greater personal health and increased therapeutic options. In practice, Expressive Arts are used in adult, as well as child therapy and are especially valuable with non-verbal populations or those clients for whom talking therapy has proven difficult.

**Requirements:**

The Doctor of Philosophy degree requires the completion of 90 quarter units at the doctoral level. The student will develop an individualized program of study by completing the core Psychology requirements (30 units), the core Expressive Arts requirements (35 units) and selecting 15 additional units from the Expressive Arts curriculum and/or other University curricula. Students are required to write and defend a Ph.D. Dissertation (10 units), including an Oral Qualifying Exam and Final Oral defense, and complete 60 hours of personal counseling with licensed professionals. Successful passage of the Doctoral Comprehensive Exam is also required.

**Prerequisites:**

A Master of Arts degree in Psychology or its equivalent, or a Master’s degree and 30 graduate quarter units in Psychology including the following. The Writing Skills & Research course (CPS 501) may also be required if indicated by the Writing Skills Assessment.

**Curriculum:**

Doctor of Philosophy in Psychology
Specialization in Sport Psychology

Program Description:

This program is designed to prepare practitioners to work with athletes in their professional and personal lives. Students are trained in a variety of Sport Psychology approaches and techniques that prepare them to consult with athletes and athletic organizations.

Requirements:

The Doctor of Philosophy degree requires the completion of 80 to 100 (licensing tract) quarter units at the graduate level. Students will complete the core Psychology requirements (45 units) and the core Sport Psychology requirements (20 units) and select 5 additional units from the Sport Psychology curriculum and/or other University curricula. Students are required to write a Dissertation (10 units, including an Oral Qualifying Exam and Final Oral defense), and complete 60 hours of personal counseling. Successful passage of the Doctoral Comprehensive Exam is also required.

Prerequisites:

A Master of Arts in Psychology, Physical Education or a related field, and 35 units of graduate level psychology courses and 25 units of Sport Counseling courses, including the following courses. The Writing Skills & Research course (CPS 501) may also be required if indicated by the Writing Skills Assessment.

---

**Doctor of Philosophy in Transpersonal Psychology, Specialization in Tibetan Buddhist Psychology**

**Program Description:**

This program was designed to give the student a sound base in traditional Western Psychology and Integrative Transpersonal Psychology. Students will have the opportunity to deepen their understanding of Transpersonal Psychology by exposure to Tibetan Buddhist concepts from a psychological perspective. This program is offered to provide health care providers and interested persons a basic understanding of Tibetan Buddhist concepts and how they can contribute to service for others.

**Requirements:**

The Doctor of Philosophy degree requires the completion of 90 quarter units at the graduate level. The student will develop an individualized program of study by completing the core Psychology requirements (35 units), the core Transpersonal Psychology requirements (30 units), and selecting 15 additional elective graduate level courses. Students are required to write and defend a Ph.D. Dissertation (10 units, including an Oral Qualifying Exam and Final Oral defense), and complete 60 hours of personal counseling with licensed professionals. Successful passage of the Doctoral Comprehensive Exam is also required.

**Prerequisites:**

A Master of Arts in addition to specific prerequisite courses which must be completed in the first year of study. The Writing Skills & Research course (CPS 501)
may also be required if indicated by the Writing Skills Assessment.

**Curriculum:**

**Doctor of Psychology**

**Program Description:**

This program is designed to prepare individuals for the practice of psychology and provides academic, scientific, and practitioner training for work involving individuals, families, and organizations. Humanistic values such as diversity, inclusiveness, education for personal as well as professional development, the centrality of relationships and importance of
responsible use of power and authority are emphasized. To be eligible to sit for the Psychology Licensing Exam, coursework must be completed at a school operating with either full or conditional approval from the Bureau for Private Postsecondary and Vocational Education. This program provides the coursework content required by the Board of Psychology.

**Requirements:**

The Doctor of Psychology degree requires the completion of 100 quarter units at the doctoral level. 500 supervised internship hours while in practicum courses must be fulfilled, in addition to 60 hours of personal counseling with licensed professionals during the student's first year of study or within two years prior to enrollment. Successful passage of the Doctoral Comprehensive Examination is required, after which the student must complete a Psy.D. Dissertation project.

**Curriculum:** Course titles that satisfy degree requirements:

**Prerequisites:**

A Master of Arts in Counseling, Clinical Psychology, Marriage, Family & Child Counseling or its equivalent. Including the following courses:

Students working on their Dissertation, Master’s Thesis, or Senior Project must be registered for the respective course every quarter until the project has been completed. The Dissertation, Master’s Thesis, or Senior Project is complete when the student has successfully passed the oral examination where applicable and the final approval forms have been signed by the project chairperson and SDUIS Director of Research.

**Required Total Units: 100**

**INSTRUCTIONAL METHODS:**

1) All residential courses, other than independent study, are taught in a classroom setting. Each instructor provides students with a syllabus that contains an outline of the course objectives, the course content, student performance expectations, textbooks and related study materials, and evaluation methods used for grading purposes.

2) Courses are traditionally taught in lecture style with group discussions, student presentations and written assignments.

3) Instructional methods also include research projects and experiential components such as internship and practicum requirements. Faculty provide individualized academic advising as needed and encourage ongoing student dialogue in class and online. Upon completion of the core curriculum, students become involved in their capstone research project, the Doctoral Dissertation. Students are required to complete sixty (60) clock hours of personal counseling provided by a licensed therapist approved by the University. Grading criteria are presented to students in

the course syllabus provided at the beginning of class. The University’s grading policy is designed to meet the highest professional standards of objectivity, fairness, and accuracy.

4) Independent study courses are an in-depth study of a topic and directed by SDUIS faculty or an equally qualified mentor who is approved by the Chief Academic Officer.

5) Student learning performance outcome evaluations include essay and objective examinations, research, reports, and experimental activities.

**INSTRUCTIONAL METHOD:**

**Distance Education**

1) The Doctor of Philosophy in Psychobiomechanics and Postural Therapy program is also offered through distance education. Direct education is delivered to students via e-mail. Students submit their assignments to the instructor weekly. The instructor reviews the work and prepares a report to be sent to the students weekly.

2) Each student is provided with a syllabus that contains an outline of the course objectives, course content, weekly assignments and student performance expectations.

3) Instructors work closely with students to monitor their progress.
Certificate in Executive Leadership Coaching

Program Description:

San Diego University for Integrative Studies’ offers a non-degree certificate program in Executive Leadership Coaching designed for managers, organizational leaders, international students, educators, entrepreneurs, and mature adult learners seeking to broaden their working knowledge of contemporary leadership approaches in the 21st century global marketplace. This non-degree course of professional instruction offers an integrated approach to leadership through twelve interrelated but distinct modules. These modules offer research-based leadership strategies where adaptability, innovation, team-building and integrity are the vital cornerstones of leadership.

The Executive Leadership Coaching Certificate at SDUIS comprises a powerful and intensive curriculum of interactive coaching that will enhance participants’ abilities to:

- Make successful transitions into leadership roles while organizing and managing executive decisions.
- Develop Leadership communication skills for focus and purpose with practical applicability to real-world situations.
- Clarify a personal vision for leadership by increasing ability to think and act strategically and inspire others.
- Acquire priority management skills for necessary maximum performance.

Requirements:

Each participant in the Executive Leadership Coaching Certificate program must successfully complete twelve (12) courses on the components of effective leadership for a total of 60 units.

Curriculum:

**Certificate in Expressive Arts Therapy**

**Program Description:**

The San Diego University for Integrative Studies offers a non-degree certification program in Expressive Arts Therapy for students, therapists, interns, educators, and other professionals. This program provides exposure and training within an academic area of Expressive Arts that utilize a variety of media, techniques, and theories of human growth.

The Expressive Arts Therapy Certificate at SDUIS is designed to provide participants with a holistic and culturally enriched perspective about facilitating health, emotional growth, and human potential. The personal integration of a host of experiences and techniques is intended to contribute to the development of greater personal health and increased therapeutic options.

The 35 units can also be applied toward the degree requirements for MA in Expressive Arts Therapy or Ph.D. in Expressive Arts Therapy.

**Requirements:**

Each student must complete 35 quarter units of Expressive Arts Therapy coursework consisting of six classes and a practicum. The student is free to choose which courses are included in the certificate work.

**Prerequisites:**

By approval of the program director.

**Curriculum:** Course titles that satisfy certificate requirements:

**Certificate in Family Leadership Coaching**

**Program Description:**

The San Diego University for Integrative Studies offers a non-degree certificate Program in Family Leadership Coaching, which is designed for family counselors, educators, child, youth and adult counselors, students, and mature adult learners seeking to advance their working knowledge of contemporary, effective approaches to family leadership issues in multi-cultural societies. This non-degree course of professional instruction provides participants with a foundation and skills development in ten distinct, yet interrelated courses, logically sequenced to provide a practical orientation to behavioral and social challenges encountered by parents as they function as primary role models and coaches for their children of all ages.

The Certificate Program in Family Leadership Coaching offers basic and specialty instruction, including skill building techniques related to leadership in traditional families, single-parent families and blended families, with emphasis on developing healthy social skills and methods of dealing with the impact of technology, media, socio-economic factors and multicultural environments encountered in contemporary society.

**Requirements:**

Participants in this non-degree certificate program must complete 25 units of Family Leadership Coaching coursework consisting of ten (10) classes.

**Prerequisites:**

By approval of the program director.

**Curriculum:** Course titles that satisfy certificate requirements:

Certificate in Information Technology

Program Description:

Businesses, government, schools, and other organizations are continually seeking new applications for computers and networks in the workplace. As the role of technology increases, the need for professionals with a strong background in information technology is also increasing.

The Information Technology Certificate at SDUIS is designed for students, career changers, and other professionals, and provides participants with essential training in computer and information systems. The IT Certificate enhances technological literacy by introducing the concepts, terminology, business processes, and computer applications necessary to effectively interact in a high tech environment.

Requirements

Each student must complete 35 quarter units of Information Technology coursework. The student will complete the Required Core Information Technology requirements (25 units), and select (10) additional units from the Elective Information Technology courses.

Prerequisites:

By approval of the program director.
Curriculum: Course titles that satisfy certificate requirements:

Required Core Information Technology Courses (10 units)
Course | Units
--- | ---
ITS 404 Introduction to Information Systems | 5

Certificate in Integrative Nursing Care

Program Description:
The San Diego University for Integrative Studies offers a non-degree certificate Program in Integrative Nursing, which is designed for those planning on contributing to the development of healthcare in general practice settings. Students will learn skills in the professional practice, clinical care, management of healthcare systems and collaborative practice. This non-degree course of professional instruction provides participants with a foundation and skills development in seven distinct, yet interrelated courses, logically sequenced to provide a practical orientation to engage in a range of collaborative relationships with individuals and groups, the general practice team, and primary health and service providers to create positive outcomes for patients.

Graduates of the Certificate in Integrative Nursing program will exhibit an understanding of professional, legal, and ethical standards as they apply to nursing. Students will develop the skills to provide comprehensive, episodic interventions and population based health care to include health monitoring and maintenance.

Requirements

Participants in this non-degree certificate program are required to successfully complete the seven modular units of coursework in Integrative Nursing.

Prerequisites:

By approval of the program director.

Curriculum: Course titles that satisfy certificate requirements:

The University’s grading policy is designed to meet the highest professional standards of objectivity, fairness, and accuracy.

4) Independent study courses are an in-depth study of a topic and directed by SDUIS faculty or an equally qualified...
mentor who is approved by the Chief Academic Officer.

5) Student learning performance outcome evaluations include essay and objective examinations, research, reports, and experimental activities.

**INSTRUCTIONAL METHOD:**

**Distance Education**

1) The Certificate in Psychobiomechanics and Postural Therapy program is also offered through distance education. Direct education is delivered to students via e-mail. Students submit their assignments to the instructor weekly. The instructor reviews the work and prepares a report to be sent to the students weekly.

2) Each student is provided with a syllabus that contains an outline of the course objectives, course content, weekly assignments and student performance expectations.

3) Instructors work closely with students to monitor their progress.

---

**Certificate in Sport Psychology**

**Program Description:**

The San Diego University for Integrative Studies offers a non-degree certification program in Sport Psychology for students, and other professionals interested in working with athletes and athletic organizations. This program is designed to provide students with the theoretical and practical training needed to help athletes be more effective in sports and their personal lives. The program is intended to prepare professionals to consult with individual athletes, teams, and athletic organizations, and to effectively develop and teach programs tailored for this unique population.

The Sport Psychology Certificate at SDUIS is designed to provide participants with a holistic and culturally enriched perspective about facilitating health, emotional growth, and human potential. The personal integration of a host of experiences and techniques is intended to contribute to the development of greater personal health and increased therapeutic options. The 40 units can also be applied toward the degree requirements for MA in Sport Counseling or Ph.D. in Sport Psychology.

**Requirements:**

Each student must complete 40 quarter units of Sport Psychology coursework consisting of seven classes and a practicum. The student is free to choose which courses are included in the certificate work.

**Prerequisites:**

By approval of the program director.

**Curriculum:** Course titles that satisfy certificate requirements:

SPO 665 Sport Counseling Practicum I 5

Required Total Units: 40

INSTRUCTIONAL METHODS:

1) All residential courses, other than independent study, are taught in a classroom setting. Each instructor provides students with a syllabus that contains an outline of the course objectives, the course content, student performance expectations, textbooks and related study materials, and evaluation methods used for grading purposes.

2) Courses are traditionally taught in lecture style with group discussions, student presentations and written assignments.

3) Instructional methods also include research projects and experiential components such as internship and practicum requirements. Faculty provide individualized academic advising as needed and encourage ongoing student dialogue in class and online. The University’s grading criteria are presented to students in the course syllabus provided at the beginning of class. The University’s grading policy is designed to meet the highest professional standards of objectivity, fairness, and accuracy.

4) Independent study courses are an in-depth study of a topic and directed by SDUIS faculty or an equally qualified mentor who is approved by the Chief Academic Officer.

COURSE DESCRIPTIONS

Courses are listed by prefixes related to their general emphasis: Bachelor of Arts-Humanistic Studies (BHS), Bachelor of Arts - Business Administration and Master of Business Administration (BUS), Business Administration specialty curriculum in Information Technology Systems (ITS), Business Administration specialty curriculum in Communications (BSCM), Core Psychology (CPS), Core Expressive Arts Requirements (CEX), Executive Leadership Coaching (EXL), Expressive Arts Therapy (EXA), Family Leadership Coaching (FAL), Sport Psychology (SPO), Core Transpersonal Psychology Requirements (CTR), Tibetan Buddhist Psychology (TBP), and Transpersonal Psychology (TRP).

All courses numbered 499 and below are undergraduate classes. Courses numbered 500 to 599 are graduate (MA) level classes. Courses numbered 600 to 699 are Masters level classes; and courses numbered 700 and above are post-masters and doctoral level classes, but may occasionally be used in Masters programs.

BACHELORS IN HUMANISTIC STUDIES (BHS)

Humanistic Studies (BHS) includes classes in ethics, literature, philosophy, political science, and social and natural sciences that are taught with interdisciplinary and thematic approaches. All courses are identified by the BHS prefix and are undergraduate level classes.

BHS 100 THE HUMAN BODY (5)
This course will examine the human body from several different historical, cultural, and theoretical perspectives. Beginning with an overview of evolution and an introduction to gross structure and functioning, more and more subtle orientations of the human form, including emotional, the energetic and the metaphorical, will be considered. Emphasis will be placed on the role the body plays in determining our earthly destinies.

BHS 101 THE OCEANS (5)
This will be an introduction to the science of oceanography. We will explore the interactions with the ocean and land in an experiential format, using field trips as the laboratory component of the class.

BHS 102 THE COSMOS (5)
This course will deal with the scientific description of the unfolding of the cosmos and the biosphere. Students will study basic principles of chemistry and classical and modern physics in an experiential learning environment.

BHS 103 THE WRITTEN WORD (5)
Different strategies of expository writing will be explored, such as, defining, narrating, classifying, comparing, cueing readers and arguing. Basic styles of writing will be used to practice written communication in different situations.

BHS 104 LEARNING SPEECH THROUGH THE "READER'S THEATER" (5)
This course will deal with formal and informal communication as presented in the dramatic literature with attention to representations of class, race, gender, ethnicity, nationality. Through oral reading performances and final videotaping, the students will learn about the differences in oral communication.

BHS 105 MATHEMATICS: A MOST POWERFUL TOOL (5)
This class will increase numerical literacy in students, whatever their level of understanding in math. Emphasis will not be put on computation, but on appreciation of mathematics as a practical tool for daily life. This class is designed to be fun and interesting.

BHS 116 HUMAN SYMBOLS AND RITUALS (5)
This course is a survey course covering the human qualities that lead to the making of symbols and rituals in a variety of cultures and times. The impact of these practices on human behavior and psychology will also be covered.

BHS 200 CONNECTING UP / GETTING ONLINE (5)
Nothing in history has more quickly brought the world to the average person’s doorstep than the advent of the Internet. “Connecting up” opens the doors to an infinite number of new frontiers. In this course students will learn to rapidly and effectively
become computer literate and begin to quickly and confidently achieve personal goals online.

**BHS 302 HOW TO START YOUR OWN BUSINESS (5)**

Often a topic overlooked by other universities, the knowledge regarding how to start and run a business is essential to anyone planning on going into private practice or consulting. Knowledge about accounting, record keeping, and scheduling will bring you just so far. All good businesses start with a business plan that is well thought out and organized in such a fashion that it becomes the recipe for your success. This class will accelerate your professional standing and your integration into the community.

**BHS 401 WRITING SKILLS & RESEARCH (5)**

- SEE CPS 501

**BHS 402 THE STUDY OF GREAT LEADERS THROUGH LITERATURE (5)**

The study of great leaders is made through biography and autobiography. The class will study the qualities and values of those who led humanity in new and positive directions. Starting with the autobiography of Gandhi, *My Experiments with Truth* and Dag Hammarskjöld's *Markings*, additional texts from current leaders will be identified each time the course is taught.

**BHS 405 THE HUMANISTIC TRADITION (5)**

This course will examine the founding of the humanistic tradition in civilization through the comparison of the myths, history, art and literature of the following peoples: The Sumerians, the Egyptians, Asians, the Greek and Roman civilizations. The class will read their myths, examine their plays, poetry and art, and learn how their histories are reflected in the modern world.

**BHS 410 INTRODUCTION TO PHILOSOPHY (5)**

An introduction to the basic issues in philosophy, especially metaphysics and epistemology. The course includes the development of ideas and the modern contributions of feminism, deconstruction, and multiculturalism.

**BHS 452 EVOLUTION OF CONSCIOUSNESS (5)**

What was Darwin's perceptual feat and what were its antecedents? Are we the culmination of the evolutionary process? The dilemmas confronting the Darwin explanation in contemporary thought will be discussed as well as the concepts of the evolution of human consciousness.

**BHS 454 INDIVIDUALS AND THEIR SOCIAL BEHAVIOR (5)**

A comprehensive analysis of human nature in terms of the physiological, psychological, and sociological determination of the interrelationships between individuals. Truth, deception, and the justification of dishonesty will be examined as a uniquely human experience.

**BHS 455 CRITICAL THINKING (5)**

This course will attempt to distinguish between critical opinion and critical thought, between judgment and judgementalism. It will look at a process anchored in openness of mind and honesty that defers judgment, seeks connections and looks at evidence no matter how reluctantly. The meanings of logic and reason will be discussed while a variety of media expressions in television, journalism and the arts will be critically deciphered.

**BHS 456 CONTEMPORARY INTERNATIONAL WRITERS (5)**

What stories are being told today in Africa, Asia, South America and Europe? In this course, selected readings by contemporary novelists from abroad will be read and discussed in search of cultural and social perspectives. The course may focus on contemporary plays, theater, or poetry, as well.

**BHS 457 THE MEDIA AS MEDIATOR (5)**

How do we know what is happening in the world around us? What do we know? Who owns the media and how does this ownership control information? How does voluntary censorship work? Does the advent of desk top production of visual and printed information challenge the censor? This course will examine how our sources of information determine our beliefs, attitudes, values and judgments.

**BHS 459 CARL ROGERS AND HUMANISTIC PHENOMONOLOGY (5)**

Each individual has a natural ability to evaluate his or her own experience and behavior. In Rogerian theory, the phenomenal field is the sum of all a person's experiences. When conflicts occur between one's natural evaluation of experience and that of another's, the person changes his/her behavior to
conform to the wishes of the outsiders and as a result creates anxiety, defensiveness and psychological maladjustment.

**BHS 460 THE SELF & LITERARY PSYCHOLOGY (5)**
The self is a concept we each have. Where did it come from? What is the difference between ego and self, between self and Self? Self consciousness, self-esteem, self-defense, self-denial, are among the correlates of self concept which will be explored as these issues are dealt with in literature.

**BHS 461 INTRODUCTION TO HUMANISTIC AND TRANSPERSONAL PSYCHOLOGY (5)**
Covers the major themes of Humanistic Psychology and its development into Transpersonal Psychology: the phenomenological approach, self-determination, the ideal of authenticity, the actualizing tendency, person-centeredness and purpose, holism as the experience of consciousness, and self-transcendence into Transpersonal Psychology. Will explore historical roots of movement and survey the major western figures from James, Jung and Maslow to the present.

**BHS 464 INVENTING THE MODERN MIND (5)**
This course is a comprehensive exploration of the psychological birth of the modern era. You will learn to describe trends and features in the psychology of art, science, literature and political movements through the lives of historical figures in those fields. Howard Gardner's model of domains of creativity will be used to explore how the lives of Freud, Einstein, Picasso, Stravinsky, T.S. Elliot, Martha Graham and Gandhi represent the emerging modern mind.

**BHS 465 HISTORY OF THE ORDINARY PEOPLE OF THE UNITED STATES (5)**
Most history tells the story of the powerful, a handful of men who are said to have shaped history, but what is the history of the mass of people who have lived in this country? What were their daily lives like? This course, using texts, novels and other source materials will examine the lives of ordinary women and men - the farmer's wife, the factory worker, the slave, and the Army private. Reform movements and alternative social experiments will be discussed.

**BHS 466 HEALTH AND HEALING (5)**
Is health one's fate and illness a throw of the dice? Is health a product one buys, if one can afford it? The sources of health and ill health, such as stress, exercise, diet and attitude will be examined. Also, alternative approaches to health and healing, including homeopathic, ayurvedic and shamanistic practices will be discussed. The mind-body relationship will examined.

**BHS 467 THE FAMILY (5)**
Has the family become an anachronism? Who needs a family? This course will provide a historical, socioeconomic and comparative study of the family. Family formation will be examined. The prevalent attitudes of women, men and children will be noted and the present and future status of the family discussed.

**BHS 468 LOSS OF SELF (5)**
How are the dehumanizing aspects of work, poverty, family, sex and the media internalized, diminishing one's sense of self? How will one live one's life? Often as an escape from a perceived reality which lacks correspondence with one's expectations, women and men lose themselves in work or idleness or substance abuse or death. In contrast, transcendence of the self through meditation and devotion is the ageless proposal for self-realization and deathlessness.

**BHS 469 FOUNDATIONS OF MEDITATION (5)**
What are the commonalities in different meditative practices? A comparative study of the various practices of Eastern and Western meditation is central to this course. Students will experience a practice of basic meditation.

**BHS 470 VARIETIES OF RELIGIOUS AND MYSTICAL EXPERIENCE (5)**
Religious, psychic, and mystical experience are explored and compared from pre-history to the present. The primary focus will be on identifying the human essence of spirituality in the transpersonal experience of ourselves and in reading and analyzing reports of such experiences in other cultures.

**BHS 471 THE THIRD WORLD (5)**
From the point of view of the whole world, how much of it is Third World? What defines the Third World? This course will focus on the relationships between economically developed centers and non-developed centers of the world, and how those relationships are perpetuated and intensified. New grassroots, solidarity and co-operative movements will be studied in light of the new capitalism.

**BHS 484 PHYSICAL DISCIPLINE (5)**
This is a practice of a physical discipline such as T'ai Chi, Aikido, and Yoga which requires concentration, focus, and practice. Since antiquity these disciplines have produced physical and mental well-being and longevity.
**BHS 485 THE GENDERED WORLD (5)**
This course is an inquiry into the future of femininity and masculinity through an examination of social and psychological development of men and women. It examines the contemporary, human condition from the paradigm of patriarchy and its alternative cultural partnership.

**BHS 486 SELF-IN-RELATIONSHIP (5)**
Psychology is shifting from a science of processes associated with becoming an autonomous individual to a view of the human being as a being-in-relationship. The philosophical foundation for this shift can be found in the philosophy of dialogue. This course is designed to familiarize the student with the philosophy of dialogue and the self-in-relationship model of human development. This explores the philosophy of dialogue and its implication for psychology and psychotherapy.

**BHS 487 CAREER COUNSELING (5)**
This course is offering support and practical work for creative career design, involving personal assessment, exploration of alternatives, and decision making. Personal assessments focus on personality, interests, values, and skills. Formal and informal methods are used to explore alternatives and decision making is presented as a process to promote a resulting decision. This course includes guidelines and preparation for effective job search.

**BHS 488 PERSONAL AND SOCIAL ETHICS (5)**
This class will explore several bases for moral behavior, including religion, tradition, law, personal intuition, and reason. Several ethical systems will be examined, as well as whether moral values are enduring and universal or relative to the time or occasion.

**BHS 490 LEADERSHIP DEVELOPMENT (5)**
This is an overview course for those interested in learning how to become effective leaders in all levels of life. Topics to be explored are leadership styles, group dynamics, decision making techniques, motivation, and practical skills, such as organizing, chairing meetings, communicating, committee functioning, delegating, evaluating, prioritizing, resolving conflicts, and mediating. This class will encourage active participation of the group with enrichment from outstanding leaders.

**BHS 495 SENIOR PROJECT (5)**
The senior project is an independent study with the Director of Undergraduate Program leading to the completion of the Senior Project, a 40 page research paper. Prerequisite: Project proposal approved by the Director of Undergraduate Program.

**BHS 498 SELECTED TOPICS (5)**
Special courses on selected topics in Humanistic Studies. Occasionally, special lecturers are available to present classes on current issues of interest.

**BHS 499 INDEPENDENT STUDY (5)**
Individualized studies in special topics in Humanistic Studies. Each student's work is directed by a faculty member or recognized leader in the subject area.

---

**CORE ACCOUNTING**

**ACT 601 INTRODUCTION TO ACCOUNTING**
This course serves as an introduction to the language of business and takes into consideration the importance of accounting information when making business decisions. Students will examine the needs of stakeholders outside of the organization.

**ACT 610 ADVANCED AUDITING**
This course focuses on the application of auditing principles while examining financial statements and principles and practice of auditing especially as it relates to the examination of financial statements by certified public accountants.

**ACT 611 EXTERNAL REPORTING**
This course covers the evaluation of corporate financial reporting policy and the usefulness of financial reports for decision making. Domestic and foreign accounting principles are covered.

**ACT 612 INTERNAL REPORTING**
This course is designed to examine the planning and evaluating issues internal to businesses. It focuses on accounting’s role in providing useful information to internal users.

**ACT 613 FINANCIAL REPORTING**
This course will provide students with the skills to become a sophisticated reader and user of financial statements. An emphasis will be placed on understanding and analyzing statements and supporting notes.
ACT 614 FINANCIAL STATEMENT ANALYSIS
This course teaches the skills, analytical process, and decision-making techniques for analyzing financial statements to make sound credit decisions. This course will cover: financial statement analysis, financial statements, ratio analysis, borrowing causes and repayment sources, and cash flow statements and projections.

ACT 615 TAX INFLUENCES ON BUSINESS DECISION MAKING
The focus of this course is federal income tax law as applied to individuals, corporations, and partnerships, tax research and responsibilities in a tax practice.

ACT 630 INTERMEDIATE ACCOUNTING
This course examines the principles used to prepare basic financial statements. Students will analyze elements of the balance sheet, liabilities, property, plant and equipment, intangible assets, depreciation, amortization, depletion, impairments, statement of income and retained earnings. Prerequisite: ACT – 601 Introduction to Accounting.

ACT 631 FRAUD EXAMINATION & FORENSIC ACCOUNTING
This course focuses on the methodology of occupational fraud examination including obtaining documentary evidence, interviewing witnesses and potential suspects, writing investigative reports, testifying to findings, and forensic document examination.

ACT 632 LEGAL ELEMENTS OF FRAUD
This course focuses on federal legislation as it relates to fraud examination. Students will examine the laws that preserve the rights of individual suspected of committing fraud and laws that govern civil prosecutions, acceptance of evidence, etc.

ACT 633 FEDERAL INCOME TAX
This course introduces students to the Internal Revenue Code Provisions as they affect individuals and organizations. Students will examine how these provisions are achieved through Federal Income Tax Regulations.

ACT 634 ACCOUNTING ETHICS AND PROFESSIONAL RESPONSIBILITIES
This course examines the ethical and professional responsibilities of accounting professionals. Students will explore the evolution of ethics within the accounting profession. Case studies regarding ethical situations will be analyzed.

ACT 635 TAXATION FOR BUSINESS DECISIONS
This course examines federal income taxes. The development of taxable income and deductions for individuals, partnerships, and corporations will be covered.

ACT 636 ADVANCED AUDITING
Students will explore current and prospective auditing concepts in auditing. Attention will be given to case studies to emphasize the applications of auditing standards, statistical sampling, ethics, and legal liability.

BACHELORS IN BUSINESS ADMINISTRATION (BUS)
MASTERS IN BUSINESS ADMINISTRATION (BUS)
DOCTOR OF BUSINESS ADMINISTRATION (BUS)
SPECIALITY CURRICULUM IN COMMUNICATIONS (BSCM)
SPECIALTY CURRICULUM IN INFORMATION TECHNOLOGY SYSTEMS (ITS)
SPECIALITY CURRICULUM IN INTERNATIONAL BUSINESS ADMINISTRATION (IBUS)

IBUS 400A International Trade and Economics (5)
This course examines factors affecting the global economy and international economic institutions. Students will be introduced to the tools used by economists to analyze international economic interactions. This course will also cover the role of international trade and finance in the world economy by analyzing the way in which participation in the international economy affects consumers, businesses, economic policy, and the economy in general.

IBUS 400B International Business Law (5)
This course focuses on the international rules created to engage in global business activities. Students examine rules in light of political, economic and social factors. This course will provide an overview of how to conduct business in a dynamic environment, by comparing the international legal system in the context of legal history, language, and culture. Students will study the differences between international and American law, in such areas as contract, corporate, labor law, and tax law.

**BUS 401 INTRODUCTION TO BUSINESS PRINCIPLES AND ORGANIZATIONS (5)**
Survey of organizations, principles, and practices of the business world; provides a general view of the field as a whole, emphasizing the overall “system” of business, its common traits, dimensions, personalities, and life cycles, and serves as a foundation for more specialized courses.

**BUS 402 FUNDAMENTALS OF BUSINESS ADMINISTRATION (5)**
An introduction into the world of business and business administration providing a general overview of the various elements of the field; basic principles, companies, history of business and business administration, organization, management, human relations, business law and ethics, business policy, and operations.

**BUS 406 BUSINESS MATH FOR ADMINISTRATORS (5)**
An overview of basic business math skills providing the foundation of arithmetic, mathematics and measurements used in common business and industry practices.

**BUS 412 BUSINESS INFORMATION TECHNOLOGIES (5)**
In this course students will investigate the appropriate, innovative, and effective design and use of information technology to serve business needs.

**BUS 416 BUSINESS ADMINISTRATIVE LAW (5)**
This course examines the laws governing business and commerce, such as the regulation of contracts, their formation, performance, breach, and legal and equitable remedies, hiring practices, and the manufacture and sale of consumer goods. The primary focus will be on legal rules applicable to business.

**BUS 420 BUSINESS COMMUNICATIONS AND THE GLOBAL ECONOMY (5)**
This course will teach students the theories and practice of business communications with an emphasis on how the Global Economy of Today changes the traditional approaches used in past decades. With the technologies of the new millennium and the built up ICT infrastructures of developing countries, students will learn the new language of business in today’s global village.

**BUS 424 ORGANIZATIONAL STATISTICS (5)**
This course will teach students teaching principles and practices of organizational assessment, covering concepts such as validity, reliability, hypothesis testing, correlation/multiple regression, and quality control models. Focus will be on application of statistics in organizational problem solving.

**BUS 432 PRODUCTION AND SERVICE MANAGEMENT (5)**
Examines problems encountered in planning, operating, and controlling production of goods and services. Topics include: waiting-line management, quality assurance, production systems, project management, and inventory management.

**BUS 434 ORGANIZATIONAL ENTREPRENEURSHIP (5)**
Provides an opportunity to develop concepts, attitudes, and philosophies about business and entrepreneurship at the organizational level.

**BUS 442 FOUNDATIONS IN ACCOUNTING (5)**
This course will evaluate the role of accounting in organizations by identifying and discussing principles and concepts. Topics include recording process, financial reporting and the application of accounting information in managerial decision processes.

**BUS 449 FOUNDATIONS IN MARKETING (5)**
A good company must understand its market and customers. This course will provide a concise introduction to the fundamental principles of marketing, including market and customer research, pricing strategies, and promotional tactics to enhance sales.

**BUS 452 FOUNDATIONS IN FINANCE (5)**
This course provides a broad overview of financial management and an introduction to the practical application of financial tools and techniques to business decisions. It will include an overview of the three principal financial statements--balance sheet, income statement, and cash flow statement--and the use of financial ratios to assess a firm's financial health. Additional topics include financial planning and forecasting; the choice of debt or equity to finance business operations; and the evaluation of investment opportunities using tools such as discounted cash flow, net present value, and risk...
analysis. The course also examines financial instruments, including stocks and bonds, and techniques of business valuation.

BUS 458 FOUNDATIONS IN ECONOMICS (5)
This course will cover the basic institutions of market economy and the role they play in defining and pursuing economic goals in the U.S. economy. Emphasis is placed upon the economic behavior of existing institutions; current economic policy alternatives as they affect both the individual and the society.

BUS 466 LEGAL AND ETHICAL ISSUES IN THE GLOBAL MARKETPLACE (5)
Business law relates to those laws involving the business and commercial components of society and allows businesses to function. This course is designed to provide a brief, broad overview of the legal business Emphasis will be placed on the ethical and moral principles as they apply to the legal and business community.

BUS 475 CROSS CULTURAL STRATEGIC MANAGEMENT (5)
Students will analyze some of the major cultural profiles, communication patterns, negotiation strategies and management styles in several countries and companies in various regions of the world, in order to develop a better understanding of the main cultural issues that must be taken into account when doing business in a multicultural setting. Special attention will also be given to ethical considerations.

BUS 480 SELECTED TOPICS (5)
Special courses on selected topics in Business Administration. Occasionally, special lecturers are available to present classes on current issues of interest.

BUS 485 SPECIAL TOPICS IN BUSINESS ADMINISTRATION (5)
An individualized, faculty supervised opportunity to address a business problem or issue in greater depth.

BUS 490 SEMINAR IN BUSINESS ADMINISTRATION (5)
Addresses various topics or issues of relevance in business administration. Each student’s work is directed by a faculty member or recognized leader in the subject area being investigated.

BUS 601 FINANCIAL ACCOUNTING FROM A MANAGERIAL PERSPECTIVE (5)
An examination of standard accounting principles and practices, from the perspective of a business manager rather than the perspective of an accountant.

BUS 602 Quantitative Methods In Business (5)
An introduction to quantitative tools used to plan and manage businesses, including descriptive statistics, linear and non-linear projection methodologies, and basic hypothesis-testing methods used in the business context.

BUS 610 LEADING AND MANAGING PEOPLE AND ORGANIZATIONS (5)
A survey of both classic and contemporary theories and approaches to business leadership, and to the selection, motivation, and management of employees in the US context.

BUS 611 ENTREPRENEURSHIP: DEVELOPING NEW VENTURES (5)
Considerations in establishing new business ventures, including an introduction to the legal and regulatory climate, banking practices, and obtaining and managing start-up funding.

BUS 612 MANAGING FRANCHISE BUSINESSES (5)
In this course students will survey of the franchise market in the US, including the diversity of franchise opportunities, and unique regulatory, contractual, legal, logistical, and managerial issues involved in operating franchise businesses.

BUS 613 VENTURE CAPITAL AND PRIVATE EQUITY (5)
An in-depth introduction to the various means of financing new business ventures through venture capital and through private investment.

BUS 614 MARKETING STRATEGIES AND TACTICS (5)
An examination of the major approaches to developing and implementing marketing strategies, along with “how-to” tactics, across a wide variety of business types.

BUS 615 REAL ESTATE INVESTING (5)
A survey of financial, regulatory, and managerial issues related to real estate, both as an investment category in itself, and as an aspect of the overall management of a business enterprise.

BUS 616 SOCIAL RESPONSIBILITY: BUSINESS LAW AND ETHICS (5)
An introduction to the notion of the social responsibility of businesses, taking into account variations in theory and practice, as well as recent legal developments such as Sarbanes-Oxley.
BUS 617 FINANCIAL PLANNING AND INVESTING (5)
Business leaders must address personal financial issues as well as those for their businesses. This course introduces the fundamentals of personal financial planning and investing for the entrepreneur and business investor.

BUS 618 INFORMATION TECHNOLOGY STRATEGIES FOR ENTREPRENEURIAL BUSINESSES (5)
Information and communication technologies are essential bases for doing business. This course surveys major technologies and related issues in the US, with special emphasis on the needs of smaller and entrepreneurial businesses or business units.

BUS 620 MANAGING PEOPLE AND ORGANIZATIONS: EASTERN AND WESTERN PERSPECTIVES (5)
A survey of both classic and contemporary theories and approaches to the selection, motivation, and management of employees, taking into account cultural differences between the US and Asia.

BUS 621 ENTREPRENEURSHIP IN THE US AND IN CHINA: DEVELOPING NEW VENTURES (5)
Considerations in establishing new business ventures in the two countries, including an introduction to the legal and regulatory climates, banking practices, and obtaining and managing start-up funding.

BUS 622 GLOBAL BUSINESS PERSPECTIVES: FOCUS ON CHINA (5)
A survey of economic analyses and forecasts regarding doing business in China: major sectors and niche opportunities.

BUS 623 VENTURE CAPITAL AND PRIVATE EQUITY (5)
An in-depth introduction to the various means of financing new business ventures through venture capital and through private investment, in both the US and the Chinese context.

BUS 624 MARKETING STRATEGIES AND TACTICS IN A GLOBAL ENVIRONMENT (5)
This course will examine the similarities and differences in marketing strategies and tactics as they are influenced by local culture and economic climate.

BUS 625 NEGOTIATING AND BARGAINING SKILLS: ASIA, THE US, INTERNATIONALLY (5)
This course will discuss how “business is done” and how agreements, when negotiated, vary significantly by region and culture. This course will survey primary themes for success in negotiating in Asia, the US, and elsewhere.

BUS 626 SOCIAL RESPONSIBILITY: BUSINESS LAW AND ETHICS AROUND THE WORLD (5)
An introduction to the notion of the social responsibility of businesses, taking into account variations in theory and practice from around the globe.

BUS 627 LEADERSHIP ISSUES AND STYLES ACROSS THE PACIFIC: CHINA AND THE US (5)
Leadership is a universal requirement in business; this course surveys the differences in how the function of leadership is viewed and practiced between China and the US, as well as variations within each country.

BUS 628 INFORMATION TECHNOLOGY STRATEGIES FOR INTERNATIONAL BUSINESSES (5)
Information and communication technologies are essential bases for doing business internationally. This course surveys major technologies and related issues in the US and in Asia.

BUS 630 INTRODUCTION TO SUSTAINABLE BUSINESS (5)
This course will examine the different environmental, social and economic issues in sustainable business. The course will focus on how to integrate issues of corporate social responsibility (CSR) in business corporations operating in a global economy. Students will examine such topics as the development of markets for eco-innovations, CSR in supply chains, environmental management systems, and green management accounting.

BUS 631 FINANCE & ENVIRONMENTAL ACCOUNTING (5)
The concern in environmental accounting problems has grown quickly in recent years, and the issues effect various specializations within the accounting field. This course introduces the profession's responsibility toward environmental problems and the broader issues of sustainability. For instance, financial reporting, analysis and disclosure, cost management and managerial decision making, capital investment analysis, auditing, and taxation.

BUS 632 ECO-COMMERCE MODELS (5)
This course provides an overview of the intersection of business development and environmental and social responsibility. Students will explore the methodologies used to establish enterprises that
incorporate environmental and social considerations throughout the levels of organization.

**BUS 633 FOUNDATIONS IN ECOLOGICAL ECONOMICS (5)**
This course examines the economics behind natural resource use and environmental issues. Students consider problems such as deforestation, over fishing, oil consumption and minerals pollution, global warming, acid rain, and land conservation. Students will examine the link between economic, environmental, and social systems.

**BUS 634 SUSTAINABLE PRODUCTS & SERVICES (5)**
This course explores the creation and development of sustainable products and services. Students explore the link between products and services while examining historic, current, and future examples of sustainable products and services.

**BUS 635 APPLICATION OF SUSTAINABLE BUSINESS PRACTICES (5)**
This course focuses on transforming businesses, both internally and externally, by focusing on numbers, markets, people and sustainability.

**BUS 636 AIR POLLUTION, ANIMAL RIGHTS, LAND USE, ENERGY LAW, & BIODIVERSITY PROTECTION (5)**
This course focuses on interpreting and applying national regulations as it applies to air pollutants and air quality standards. The ethics of animal rights will be explored and current animal legal protections discussed. Students will explore the concept of biodiversity and its growing threats. Land use and development practices will be addressed to increase the conservation of biodiversity.

**BUS 637 ENVIRONMENTAL ECONOMICS POLICY & MANAGEMENT (5)**
This course analyzes various areas of environmental economics such as the economics of pollution control, the application of cost benefit analysis to the environment, the economics of sustainable development, environmental policy, and international environmental issues.

**BUS 638 GLOBAL ENVIRONMENTAL ISSUES IN BUSINESS TRANSACTIONS (5)**
Students study the developments that have contributed to the dynamic growth of the European Union, Asia, Latin America and over the past half century. This course provides an overview of the environmental challenges China faces. Class will survey the regulatory schemes managing air quality, water resources and quality, natural resources, environmental impact assessments, waste management and energy conservation.

**BUS 639 CLIMATE CHANGE & THE LAW (5)**
This course integrates the science and law of climate change in respect to the generational implications of the problem. Students will consider how existing federal laws may be used to address climate change and how more comprehensive laws may be created.

**BUS 650 ADVANCED MARKETING STRATEGIES: SUCCESSES AND FAILURES (5)**
An in-depth examination, using case studies, of notable successes and failures in marketing strategies, addressing the interplay of marketing strategies, culture, the legal and regulatory climate, and generational differences.

**BUS 651 Mergers and Acquisitions East and West (5)**
Detailed study of similarities and differences in the legal, regulatory, and cultural aspects of (1) initiating corporate mergers and acquisitions and (2) making a success of the merged organization.

**BUS 652 IDENTIFYING AND ANALYZING DOMESTIC BUSINESS OPPORTUNITIES (5)**
An advanced examination of sources of data and information on business opportunities in the US, and methods of determining the feasibility of pursuing these opportunities in particular state and regional contexts.

**BUS 653 IDENTIFYING AND ANALYZING INTERNATIONAL BUSINESS OPPORTUNITIES (5)**
An advanced examination of sources of data and information on international business opportunities, and methods of determining the feasibility of pursuing these opportunities in particular contexts around the world.

**BUS 654 FINANCIAL INSTITUTIONS AND MARKETS IN A GLOBAL PERSPECTIVE (5)**
Advanced focus on banking, finance, and investment opportunities and markets, and their similarities and differences in various portions of the globe.

**BUS 655 THE FEDERAL RESERVE AND BUSINESS FORECASTING (5)**
An introduction to the impacts of the Federal Reserve on US capital markets, and examples of how to use federal financial data for purposes of forecasting the financial climate for businesses.
BUS 656 SPECIAL PROJECTS IN BUSINESS MANAGEMENT (5)
An individualized, faculty-supervised opportunity to address a business problem or issue in greater depth, such as development of a business plan for a real or hypothetical venture.

BUS 657 INTERNATIONAL ECONOMICS (5)
This course provides an overview of international financial markets. Students will analyze what determines the patterns of merchandise and service trade between countries. Special topics to be covered: alternative international monetary arrangements and institutions; foreign exchange markets and hedging instruments; international trade policy, including the effects of tariffs, quotas, subsidies, exchange control, and other trade restrictions upon a nation's economy.

BUS 701 ACCOUNTING (5)
This course focuses on generally accepted accounting principles as they apply to partnerships, business combinations, branches, and international operations. This course will also focus on the examination of contemporary issues in financial and managerial accounting within the context of pronouncements of the financial accounting standards board.

BUS 702 QUANTITATIVE METHODS AND STATISTICS (5)
This course in business research covers concepts of probability theory, regression analysis, assumptions of multivariate analysis, use of computer software, and the ethics of research in business settings. Emphasis is on application and understanding of the statistical tools, mathematical concepts, and processes.

BUS 720 STRATEGIC MANAGEMENT SKILLS I (5)
This course focuses on creating, implementing, and evaluating cross-functional decisions for a business to succeed. Students will learn core management skills and techniques to deliver results.

BUS 722 MANAGERIAL FINANCE (5)
The course examines financial management for corporate value creation. Students study the underwriting process and alternate sources of capital, use of financial planning methods for short-term financing; merger motivation, acquisitions and bankruptcy reorganization.

BUS 723 MANAGERIAL ECONOMICS (5)
This course focuses on microeconomics analysis and its application decision making within the context of business. Includes demand and consumer behavior, production and costs analysis, forecasting, risk analysis, and public policy toward business.

BUS 724 INTEGRATED MARKETING I (5)
This course focuses on the components of advertising within the total marketing function. This course examines the value of marketing, the different phases of marketing, marketing a good versus a service, wholesaling, retailing, pricing strategies, analysis of markets, distribution; creating advertising campaigns, planning, production, media, management, and budgeting.

BUS 725 SALES I (5)
This course focuses on the most prevalent promotional and persuasive models used in written, oral, and electronic communication. Students examine the psychological aspects of persuasion and influence. The application of effective strategies for sales, product introduction, and advocacy for a position are emphasized.

BUS 726 BUSINESS AND LABOR LAW I (5)
The course focuses on governmental and quasi-governmental regulations as they relate to corporate social responsibility business impacts. Students will learn the process of developing corporate social responsibility standards and policies, how to interpret them, and how to determine relative weight; and how to assess, handle and prevent corporate social responsibility risks.

BUS 727 COMPUTER APPLICATIONS (5)
This course emphasizes solving business problems by integrating data from all of the software applications. Examines applications used to communicate information.

BUS 728 INTERNET ENVIRONMENT (5)
This course focuses on the impact of the Internet on business dealings. Focus on digitization, globalization, mobility, work groups, communication, and computing power.

BUS 730 STRATEGIC MANAGEMENT SKILLS II (5)
This course will integrate the management principles of planning, organizing, leading, and controlling employees.

BUS 731 ADVANCED ACCOUNTING (5)
This course provides students with advanced managerial accounting skills. Emphasis on strategic decision making and management control systems.
BUS 732 QUANTITATIVE METHODS AND STATISTICS II (5)
This course teaches statistical models, techniques, and tools for management decisions. Attention will be given to probability distributions, random sampling and standard errors, hypothesis testing, multiple regression, ANOVA, chi-square tests.

BUS 734 INTEGRATED MARKETING II (5)
Marketing and selling products in a global environment presents many demanding decisions that need to be updated on a consistent timeframe with hard-to-retrieve knowledge, information and data. This course focuses on the analysis a contemporary marketing case, evaluation of alternative marketing strategies and the preparation of a comprehensive marketing plan for a client.

BUS 735 SALES II (5)
This course focuses on personal selling and sales management including organizing, directing, and compensating and evaluating the sales force.

BUS 736 BUSINESS/ LABOR LAW II (5)
This course will build upon knowledge of legal theory, legal and deductive reasoning, constitutional law, administrative law, the court system, civil and criminal procedures, alternative dispute resolution, criminal law and the concepts of tort and strict liability. This course will be given to the Uniform Commercial Code, the application of the property, bail, agency, employment law, business structures, intellectual property, e-commerce, and international law. Basic Business Law will be emphasized.

BUS 738 E-COMMERCE APPLICATIONS AND OPERATIONS (5)
This course focuses on the synergy between technology and business management. Covers technical topics such as the Internet, intranets, extranets, and portals. Students learn the importance of Enterprise Resource Planning (ERP), outsourcing, e-procurement, and electronic payment systems; how to conduct business on-line and how to manage the technological issues associated with constructing an electronic-commerce Web site. Students will investigate strategies and products for building e-commerce sites, examine how such sites are managed, and explore how they can augment an existing business infrastructure.

BUS 740 CRISIS MANAGEMENT AND REORGANIZATION (5)
This course addresses planned change in organizations, including organizational design and structure, principles of organizations, human resources training, intra- and inter-departmental communications, coordination activities, and leadership development. Focused attention on utilizing leadership and collaboration practices in solutions oriented decision-making.

BUS 750 LEADERSHIP AND ORGANIZATIONAL MANAGEMENT (5)
This course examines leadership issues in global, international, and multicultural organizations. Focus on culturally sensitive leadership skills, styles, practices, models, trends, and concepts. Attention is given to international and conflict management practices, and team collaboration skills.

BUS 752 HUMAN RESOURCES MANAGEMENT (5)
This course covers the nature of human resource development and utilization in business. Students will investigate and discuss of various topics in recruiting, utilization, conservation, and development of human resources within the context of the individual firm.

BUS 754 ADVANCED MARKETING III (5)
This course covers the intricacies relationships between objectives, strategies, positioning, tactics, budgets, competitive analysis, and target markets. Learn how to increase profitability by monitoring the environment, conducting market research, and choosing customers and suppliers. Discover the effect of an information-based economy on marketing and selling.

BUS 755 REAL ESTATE (5)
This course reviews real estate concepts, practices, and institutions. Specific attention is given to legal aspects of real estate ownership, appraisal, market analysis, mortgage financing, analysis of complex real estate projects and financing.

BUS 756 MEANING CENTERED APPROACH TO ORGANIZATIONAL COMMUNICATION (5)
Course focuses on managerial communications within organizational management and organizational behavior at the individual, interpersonal, team, and organizational levels. Students learn how to listen empathically; resolve conflict; influence others through professional speaking. Self-assessments and skill building exercises will be utilized to learn how to effectively manage relationships within organizations.

BUS 757 INTEGRATED ECONOMIC CONSULTING (5)
This course integrates human resource management issues, marketing, finance, and operations management. Students apply skills to complex
organizational problems and strategic issues as a result of advancing technology, competitive market conditions, social and cultural changes, and regulatory actions in both the domestic and global arenas.

**BUS 800 DOCTORAL PROJECT I (5)**
Students must enroll in this course when coursework is complete or they begin to work on their dissertation, whichever comes first. The student engages in independent study and attends the seminar as needed, leading to the completion of the first three chapters of the dissertation. Work is supervised by the Director of Research and the student's dissertation committee chair. These three chapters, the introduction, the literature review, and the methods section, constitute the formal proposal. Students must enroll in this course consecutively until the proposal has been defended and approved. Upon completion of a proposal acceptable to the student's committee, the student defends her or his proposal in an oral presentation to the committee. This oral presentation serves as a Qualifying Exam. Prerequisite: Doctoral Comprehensive Exam

**BUS 801 DOCTORAL PROJECT II (5)**
Students must enroll in this class when they have passed the Oral Qualifying Exam and are ready to begin to conduct their research. The student engages in independent study leading to the execution of their dissertation research. The findings are reported and discussed in chapters four and five of the dissertation. Upon completion of this work, the student has the Final Oral Defense of the dissertation. Students must enroll in this course consecutively until the dissertation has been defended and approved. Prerequisite: BUS 800 – Doctoral Project I.

**SPECIALTY CURRICULUM IN COMMUNICATIONS**

**BSCM 400 ORAL AND WRITTEN COMMUNICATION SKILLS (5)**
This course will provide students with a conceptual framework and specific tools for communicating in complex environments and accomplishing strategic academic and professional business goals. This core course provides writing, oral, and collaborative skills necessary for future business courses, internships, and professional positions.

**BSCM 406 EFFECTIVE PUBLIC SPEAKING (5)**
This course will cover strategies and practical tips for approaching public speaking. Students will learn both the cognitive side of presentations—organizing thoughts and information—and the physical dimension—enlisting voice and other physical tools—to engage the audience on an emotional as well as intellectual level.

**BSCM 408 ADVANCED PUBLIC SPEAKING FOR BUSINESS MANAGERS (5)**
As a representative of your business, how you conduct yourself at meetings, social gatherings, news briefings, and other speaking engagements is critical. Learn various strategies to make you a successful presenter in whatever situation is required. Topics to include effective vocal and visual delivery; selling yourself and your ideas; choosing the right words; staying focused, directed, and organized in different situations; communication styles for various situations, including crisis, company or community; and crisis communication fundamentals.

**BSCM 412 EXPOSITORY AND TECHNICAL WRITING SKILLS (5)**
In this course students will learn both expository and technical writing, with emphasis on grammar, punctuation and concise writing skills. Students will learn organization of thought, structure, the use of logic, and attention to detail in their writing. This course will teach students to use graphic organizers such as bullets, numbers, bold, italics, and color, and to use them consistently. Students will also learn to use tools other than words (charts, graphs, tables, ratios, schematics) to present information best demonstrated visually. Correct citation of resources using a standard format will also be covered.

**BSCM 430 PERSUASIVE COMMUNICATION (5)**
The course will begin by examining the similarities and differences between objective (predictive) and persuasive writing. Students will be instructed in methods of constructing a coherent argument, as well as the conventions of providing authority to support an argument. Students will receive instruction and gain practice in crafting the four basic building blocks of a persuasive document: the issue, the statement of facts, the argument, and the conclusion. This course will also introduce students to some advanced writing techniques such as the use of metaphors and literary references.

**BSCM 438 CROSS CULTURAL COMMUNICATION (5)**
This course will cover relationships among culture, communication and perception, and how these relationships are manifested in businesses and organizations among people who are racially, ethnically, and sexually different. Students will learn communication practices necessary to create understanding in multicultural business contexts.
BSCM 460 WORLD WIDE JOURNALISM AND EXPRESSIVE WRITING (5)
In this course students will examine numerous issues surrounding the role technology plays in business and technical communication, including the shifting nature of literacy and representation in the digital age and the persistent tug of older analog technologies. The course studies how new technologies help shape the decisions of technical communicators in an increasingly electronic workplace.

SPECIALTY CURRICULUM IN INFORMATION TECHNOLOGY SYSTEMS

ITS 404 INTRODUCTION TO INFORMATION SYSTEMS (5)
In this course students will learn the basics of information technology, including an introduction to information systems in organizations, hardware and software, organizing data and information, telecommunications, Internet, intranets and extranets, electronic commerce, information and decision support systems, specialized business information systems, and security, privacy & ethical issues in information systems.

ITS 424 OPERATING SYSTEMS (5)
This course will cover the principles of modern operating systems, including concepts, design principles and implementations (algorithms and data structures). It will emphasize processes and threads, concurrency control, process communication and synchronization, deadlock and its solutions, processor scheduling, virtual memory management, file systems, I/O systems, and network and distributed operating systems.

ITS 434 DESIGN AND ANALYSIS OF INFORMATION SYSTEMS (5)
In this course, students will explore and become familiar with various concepts, principles, and stages of computer-based information systems analysis and design. This course will provide a solid foundation in the concepts and techniques required for systems development. Students will learn about the different methods, tools, and techniques for effective planning and design of software applications and systems. The system development life cycle, prototyping, data modeling, and user involvement will also be covered.

ITS 458 WEB DEVELOPMENT AND MANAGEMENT (5)
This course will introduce the basic elements of web development and management. Step-by-step processes and techniques will be introduced for the various essentials of a web site. Student will learn the principles of creating great sites, what makes web sites succeed or fail, and what can be done to increase the chance of success.

ITS 466 DATA COMMUNICATION & COMPUTER NETWORKING (5)
This course will provide a balanced perspective on modern wide area networking and telecommunications. Both business and technical issues will be explored in depth. Students will learn how network and telecommunications technologies can be exploited to give companies competitive advantages in the global marketplace. Students will start with the basics of data and voice communications and proceed to wide area network technology, network design, internetworking, wireless technology, optical networks, the Internet and telephony. The convergence of these technologies to form a single unified network will be covered.

ITS 478 DATABASE MANAGEMENT SYSTEMS (5)
This course will cover the use of Database Management Systems (DBMS) to solve a wide range of information storage, management and retrieval problems, in organizations ranging from large corporations to personal applications, such as research data management. The course combines the practical aspects of DBMS use with more theoretical discussions of database design methodologies and the " internals" of database systems. In the theoretical portion of the course, we will examine the major types or data models of DBMS (hierarchical, network, relational, and object-oriented). The course will cover the principles and problems of database design, operation, and maintenance for each data model.

ITS 483 INFORMATION SYSTEMS SECURITY (5)
The purpose of this course is to introduce the constructs and topics relating to securing information systems and the expansion of guidelines to apply information security controls. This course recognizes and investigates different types of information security used in the industry and how they are applied. Topics include the historical view of networking and security, security issues, trends, security resources, and the role of policy, people, and processes in information security. Upon completion, students will be able to recognize data security risks, generate an information security policy, and identify processes to implement and enforce said policy in order to establish a secure information system.

ITS 485 INFORMATION TECHNOLOGY ETHICS (5)
Information Technologies provide new capabilities resulting in greater breadth for
action. Existing policies regarding conduct in regards to Information Technologies are inadequate or non-existent. This course takes students from a discussion on ethical frameworks and regulatory issues to a substantial treatment of the four fundamental, interrelated issues of cyber ethics: speech, property, privacy, and security. Students will explore issues such as file sharing, infringement of intellectual property, security risks, Internet crime, identity theft, employee surveillance, privacy, and compliance, which will provide a solid foundation for ethical decision-making. Students will learn the appropriate use of information technology, by isolating and examining the values and ethical imperatives that come into play when information technology is used.

**ITS 492 E-BUSINESS CONCEPTS & TECHNOLOGIES (5)**
The potential for global electronic commerce is immense; much of this potential will be realized by the continued development and application of Internet and Web technologies. In this course, students will learn the principles which guide the development of global, interoperable technologies on the World Wide Web. Issues to be addressed include intellectual property protection, security, privacy, content control, enterprise resource planning (ERP), customer relationship management (CRM), and standards development.

**ITS 493 PROGRAMMING LANGUAGES & CONCEPTS (5)**
This course will cover a wide variety of programming languages and their fundamental concepts. Emphasis will be placed on imperative languages and object-oriented languages, and to a lesser extent functional languages and scripting languages. These languages will be compared and contrasted in order to identify the difference between languages, the reasons for the differences, and the impact of these differences for modern compiler implementation. Topics to be covered include the formal aspects of syntax and semantics, as well as naming, scoping and binding. This course will review assembly-level machine architecture, scanning, parsing, semantic analysis, and code generation, in addition to data structures, storage management, programming environments and tools.

**CORE PSYCHOLOGY**

**CPS 401 HISTORY AND SYSTEMS OF PSYCHOLOGY (5)**
This class traces the development of the field of psychology from its philosophical and scientific antecedents through modern trends. Special emphasis will be placed on systems of thought which influence modern and current psychological practice such as psychoanalytic, behavioristic, humanistic, and transpersonal perspectives.

**CPS 402 ABNORMAL PSYCHOLOGY (5)**
This class will focus on the nature and development of emotional, cognitive, behavioral, and spiritual disturbances which result in a person's failure to adapt and grow in society. An understanding, classification and treatment of personality disorders will be introduced. Through an exploration of the positive and negative aspects of the concept of abnormal psychology consideration is given to personality traits that are identified as inappropriate, creatively superior, and pathological.

**CPS 403 THEORIES OF PERSONALITY (5)**
This is a survey course with a comparative examination of the essential concepts and hypotheses of major theories of personality. From psychoanalytic to humanistic-existential, including cognitive and behavioral perspectives, this course moves from an understanding of the empirical foundations to the discussion of current applications in therapy. Prerequisite: General Psychology or CPS 402 - Abnormal Psychology.

**CPS 404 QUANTITATIVE PERSPECTIVES (5)**
This course represents a survey of statistical techniques and methods as they are properly (and improperly) applied. De-mystification of statistical concepts, language, and jargon is emphasized. Topics include descriptive and inferential statistics, probability, sampling, experimental design, and critical review of modern scientific publications.
CPS 501 WRITING SKILLS & RESEARCH (5)
This class is required of all Masters and Doctoral students who have not met the writing competency requirement. This course will cover the basics of expository writing. Review and instruction in grammar, sentence structure, paragraph development and essay writing will be provided. This class will prepare students for professional written communication through in-class writing practice.

CPS 601 COUNSELING THEORIES & STRATEGIES (5)
This course is an introduction to psychotherapeutic theories inclusive of their techniques. Emphasis will be placed on such concepts as resistance, interpretation, clarification, confrontation, transference, and counter-transference in the context of both short-and long-term psychotherapy. The theories of Freud, Jung, Adler, Ellis and others will be discussed and applied to specific counseling experiences. Prerequisites: CPS 401 - History and Systems of Psychology, CPS 403 - Theories of Personality.

CPS 603 DEVELOPMENTAL PSYCHOLOGY (5)
The processes and significant transition points from early childhood, adolescence and adult development are studied in this course. Major theories of development are contrasted by examining principal concepts and uncovering assumptions about what motivates behavior and development, what the nature of development is, and what are the primary influences on development.

CPS 604 INTRODUCTION TO PSYCHOLOGICAL RESEARCH (5)
This is an introductory course in psychological research for counselors who need to be able to utilize research results. The course will teach students how to use the library to locate and use psychological books and journals. This course will focus on the main types of research methods used in clinical research including interviews, surveys, and experiments. Research reports and ethical issues will be addressed.

CPS 605 CLINICAL COUNSELING SKILLS TRAINING (5)
Research indicates that counseling and therapy are, for better or for worse, largely the result of the skills of the counselor. In this course, students review research on effective therapists, learn the traits of successful helpers, have their own helping skills evaluated and begin the training process necessary to develop their own counseling abilities. Counseling supervision, feedback, and training exercises are part of this course. Self-exploration as it relates to any personal issues which inhibit therapeutic effectiveness is required. Prerequisite: CPS 601 - Counseling Theories & Strategies, CPS 610 - Psychopathology.

CPS 610 PSYCHOPATHOLOGY (5)
This course is an overview of the variety and range of psychopathological disorders based on the Diagnostic and Statistical Manual of Mental Disorders (DSM) published by the American Psychological Association. The primary focus is on etiology and symptoms of disorders. Prerequisite: CPS 402 - Abnormal Psychology and CPS 603 - Developmental or concurrent enrollment.

CPS 611 ADVANCED CLINICAL SKILLS TRAINING (5)
In this advanced course, students review research on effective therapists, learn the traits of successful helpers, have their own helping skills evaluated, and continue with the advanced training necessary to enhance their own counseling skills. Continued counseling supervision, feedback, and training exercises are part of this course. As in CPS 605, self-exploration as it relates to any personal issues which inhibit therapeutic effectiveness is required. Prerequisite: CPS 601 - Counseling Theories & Strategies, CPS 605 Clinical Counseling Skills Training, CPS 610 - Psychopathology.

CPS 612 LEGAL AND ETHICAL ISSUES IN COUNSELING (5)
Legal and ethical issues are examined within the context of the privileged relationship between therapist and client. This class addresses general legislation regarding licensing and the practice of psychology, including an overview of the law and its impact, legal authorities, licensing boards, privileged communications, child abuse reporting, professional associations, licensing insurance, Family Law Act, etc. It also seeks to develop a professional commitment to the practice of psychology within the letter of the law and the applicable code of ethics.

CPS 613 HUMAN SEXUALITY AND GENDER ISSUES (5)
This course presents basic knowledge about sexual health. Topics include male and female sexuality, communication, alternative life styles, sexual myths and major types of sexual problems. Students will be encouraged to look into their own sexual attitudes, feelings, and practice. Current therapeutic concepts and techniques will be discussed.
CPS 614 THEORIES, THERAPIES, AND ISSUES IN CHEMICAL DEPENDENCY (5)
This class identifies relevant theories, therapies, special problems and concerns in working with addictions. It includes the latest information on the cultural and social-psychological dynamics effecting special populations, (the aging, disabled, gay, children from alcoholic families). Effective communication skills, enhanced by an understanding of the client background, theory, research and current treatment programs are stressed. Public perception, public policy, prevention and education are included in this course. Prerequisite: CPS 601 - Counseling Theories & Strategies or concurrent.

CPS 615 CROSS-CULTURAL COUNSELING (5)
This course explores from psycho-social and cultural aspects the manner and extent to which the client's ethnic, racial, and class membership influence the work of the counselor. Both didactic material and experiential exercises heighten the students' sensitivity to the effect of mutual diversity on assessment, strategy and goals of counseling. Prerequisite: CPS 601 - Counseling Theories & Strategies.

CPS 616 PSYCHOTHERAPY WITH CHILDREN AND ADOLESCENTS (5)
This course is designed to familiarize students with various psychotherapeutic approaches used in diagnosis and treatment of children and adolescents with behavior disorders. It explores family interaction and methodologies of enhancement of communications with the psychologically healthy child and adolescent, as well, through interviewing techniques, play, music, art, sand-tray, house-tree-person, and games. School related problems, physical and emotional limitations, and problems arising out of abuse, divorce, and death are also addressed. Prerequisite: CPS 601 - Counseling Theories & Strategies, CPS 610 - Psychopathology

CPS 617A ASSESSMENT AND TREATMENT OF CHILD ABUSE (2.5)
This course will address a whole family approach, recognition of abuse, assessment strategies, methods of reporting, critical therapeutic issues, and what to expect if the case goes to trial. Practical skills will be emphasized and a panel of professionals will present different perspectives in handling abuse cases.

CPS 617B ASSESSMENT AND TREATMENT OF PARTNER ABUSE (2.5)
This course will focus on the recognition of spouse or partner abuse. It will cover the definition of abuse, reporting requirements and methods, assessment strategies, and critical therapeutic issues. Practical skills and solutions from psychological and legal perspectives will be emphasized.

CPS 618 PSYCHOLOGICAL TESTS AND MEASUREMENTS (5)
The nature and use of psychological tests will be the focus of this course, mainly the assessment of intelligence, personality, and mental and behavioral disorders. This class offers a survey of widely-used tests, as well as the opportunity to construct, administer and score tests. Current trends in psychometrics will also be studied. Prerequisite: CPS 610 - Psychopathology.

CPS 619 THEORIES OF FAMILY THERAPY (5)
The family is the central building block of modern life, although its nature and form are continually changing. One of the primary tasks of therapy is to help families adapt to these changes. This course explores the nature of families and human systems and the primary approaches to therapeutic change within them. The goal of the course is to offer a framework for thinking about family processes. Prerequisite: CPS 611 - Advanced Counseling Skills Training.

CPS 620 THEORY AND PRACTICE OF FAMILY THERAPY (5)
Evaluation of the family, strategies of family treatment and techniques for intervening in the family will be covered. Specific situations will be addressed such as marital conflict, single-parent families and families with an alcoholic or schizophrenic member. Emphasis will be placed on working with families of origin and their impact on current family functions. Prerequisite: CPS 619 - Theories of Family Therapy.

CPS 621 SELECTED TOPICS IN PSYCHOTHERAPEUTIC TECHNIQUES (5)
A modality or topic relevant to applied psychotherapeutic techniques will be explored in depth each time this course is offered. Students may draw from the curricula in the other psychology programs when the focus of the course is an in-depth study of a specific psychotherapeutic technique. Examples include CEX 638 Art and Expressive Therapy with Adults and Aging Populations and EXA Sandtray and Worldplay. Prerequisite: CPS 601 Counseling Theories & Strategies.

CPS 622 SUPERVISED PRACTICUM A (5)
This course continues the process of therapeutic skills development and begins the initial supervised traineeship. Intensive training exercises will be
employed to help students evaluate and improve their helping abilities. Close supervision, counseling practice and feedback, use of audio-visual equipment and periodic self-examination as it relates to therapeutic effectiveness are required. Students should attend this class during the first 100 hours of their approved internship. For more information on an approved internship see CPS 624. Prerequisites: CPS 601 Counseling Theories & Strategies, CPS 610 Psychopathology, CPS 612 Legal & Ethical Issues in Counseling, CPS 613 Human Sexuality & Gender Issues, CPS 619 Theories of Family Therapy and an approved practicum site.

CPS 624 SUPERVISED PRACTICUM B (5)
This course is a combination of continued supervision, case study and training. Individuals will work to enhance their strengths and cultivate new strategies for therapeutic intervention. Each student will submit an audio or videotape of a clinical hour with a client (individual, family, couple, or group). Written releases will be required and must be presented with the taped session. Case presentation and analysis will be developed during this course. Students must attend this practicum during their second 100 hours of their internship. Internship information and site packets are available in the Administrative Office. Prerequisite: CPS 622 Supervised Practicum A.

CPS 628 HIV TREATMENT & COUNSELING (1)
Clinical, medical, social, and community issues related to HIV and AIDS. Assessment and treatment modalities will be explored as well as referred to community resources. Satisfies requirement for CA Psychology licensing.

CPS 691 BEHAVIORAL STATISTICS I (5)
This course will cover the basic analytical techniques commonly used in psychological research, including the t-test, analysis of variance, regression, and Chi square. Correlation and cluster analysis will be introduced for describing qualitative data. Students will learn how to choose a statistical technique for the type of research they are studying and/or conducting, use various techniques, and report results using graphs and tables. Prerequisite: CPS 404 - Quantitative Perspectives.

CPS 693 SOCIAL PSYCHOLOGY (5)
This is an advanced interdisciplinary course looking at psycho-sexual development and social-psychological paradigms presumed to be salient factors in individual and group life. The course seeks to integrate, challenge and restructure assumptions which may be limited or limiting when accepted as singular, monolithic or discrete knowledge.

CPS 695 SELECTED TOPICS: BRIEF THERAPY & CRISIS INTERVENTION (5)
The student will choose between "Brief Therapy & Crisis Intervention" and "Mediation" as preparation for the ever-changing world of applied psychology. In response to changing societal demands for therapeutic protocol, the student will be introduced to the latest psychological techniques as they relate to the growing need for brief therapy and crisis intervention and for mediation techniques.

CPS 702 GROUP THERAPY: THEORY & PRACTICE (5)
This course is designed to develop each student's potential for working in a group format. It is highly personalized and concentrates on refining the facilitative traits. It will integrate current theory and practice.

CPS 703 UNDERSTANDING THE BODY: EAST/WEST PERSPECTIVES (5)
This course will introduce the student to the philosophical assumptions made about health, disease, and the human body underlying traditional Eastern and Western medical practices. Mind body interaction and how that is viewed from various perspectives will also be covered.

CPS 704 PSYCHOPHARMACOLOGY (5)
This course reviews anatomy and physiology of the CNS, and the pharmacological elements of drug action, metabolism, efficacy and safety. Major classes of psychoactive drugs will be studied, as will their discovery, development and promotion by the pharmaceutical industry, the regulation of such drugs and complementary medicines in the US, and the medico legal aspects of prescribing. The effects of drugs combined with non-traditional psychotherapeutic modalities, as well as the use of drugs in special populations, will be considered. Off-campus tours and library research are an integral part of study.

CPS 705 ADVANCED RESEARCH METHODS (5)
This course will cover naturalistic and experimental research methods used in psychology. Students will learn to design and conduct research from traditional and alternative perspectives. This course includes an introduction to the design of experimental and quasi-experimental psychological research, field studies, and surveys. Consideration will be given to ethical issues and report writing. Prerequisite: CPS 691 - Behavioral Statistics I.
CPS 706 PHYSIOLOGICAL PSYCHOLOGY (5)
This course is an introduction to the structure and function of the nervous system and the physiological methods of investigation relevant to psychological problems. Major emphasis will be on the brain and spinal cord as substrata of consciousness. Theoretical issues will be examined historically and in light of recent empirical findings. Students will also be introduced to neurological testing and evaluation. Prerequisite: CPS 618 - Psychological Tests and Measurements or consent.

CPS 710 ASSESSMENT A: INTELLIGENCE TESTING (5)
Intelligence/Objective testing will focus on the scoring and interpretation of the major intelligence tests, such as the WAIS-R, WISC-R, McCarthy Scales and Stanford-Binet. Interviewing skills and beginning report writing will be included. Students will also be introduced to the MMPI and Bender-Gestalt. Prerequisites: CPS 601 - Counseling Theories & Strategies, CPS 618 - Psychological Tests and Measurements; or SPO 652 - Assessment and Evaluation in Sport Counseling; CPS 624 - Supervised Practicum B; or SPO 665 - Sport Counseling Practicum I.

CPS 711 ASSESSMENT B: PERSONALITY TESTING (5)
Advanced psychological assessment procedures and techniques will be discussed. Primary focus will be on the MMPI, MMPI II, and Bender-Gestalt. Introduction to other objective devices, such as the Millon Clinical Multiaxial Inventory and the California Inventory Personality is included. There is an introduction to projective testing such as Thematic Apperception Test and Draw-a-Person. The focus of this course will be on test administration, scoring, interpretation, and comprehensive report writing. Prerequisite: CPS 710 - Assessment A: Intelligence Testing.

CPS 712 ASSESSMENT C: PROJECTIVE TESTING (5)
The emphasis of this class is on the administration, scoring and interpretation of the Rorschach Inkblot Test. The Thematic Apperception Test, Bender-Gestalt and the integration of other tests into report writing is integral to this course. Prerequisite: CPS 711 - Assessment B: Personality Testing.

CPS 714 ADVANCED PSYCHOPATHOLOGY (5)
This course will survey AXIS I and AXIS II disorders, emphasizing current theories of etiology, research strategies and findings, and intervention approaches. Related issues will be explored, including development of psychopathology, biological bases, and cultural contexts. Course lectures and readings will emphasize the discriminant diagnosis of patients who present the signs and symptoms of various mental disorders. Prerequisites: CPS 610 - Psychopathology, CPS 624 - Supervised Practicum B.

CPS 724 SUPERVISED PRACTICUM A (5)
This supervision class includes case presentation and analysis for students in approved internship placements. This practicum must be taken during the first 250 hours of the internship. An audio or videotape presentation of a clinical hour is required. Prerequisite: CPS 624 - Supervised Practicum B or SPO 665 - Sports Counseling Practicum I.

CPS 725 SUPERVISED PRACTICUM B (5)
This practicum includes advanced case presentation and analysis for students in approved internship sites. This practicum must be taken during the second 250 hours of the clinical internship. Prerequisite: CPS 724 - Supervised Practicum A.

CPS 727 PSYCHOTHERAPY WITH DIFFICULT & SPECIAL POPULATIONS (5)
Techniques appropriate to special populations will be explored. Students further develop their own therapeutic techniques and refine case presentations.

CPS 728 HUMANISTIC PSYCHOLOGY (5)
This class covers the major themes of Humanistic Psychology and its development into Transpersonal Psychology: the phenomenological approach, self-determination, the ideal of authenticity, the actualizing tendency, person centeredness and purpose, holism as the experience of consciousness, and self-transcendence into Transpersonal Psychology. This class will explore the historical roots of movement.

CPS 729 COGNITIVE PSYCHOTHERAPY (5)
This course covers cognitive skills training to increase a students' therapeutic effectiveness. It reviews current theory and techniques used in object relations and systems approaches. Students will learn to define their own therapeutic techniques, discovering which techniques are most effective for them. Case presentations are required.

CPS 800 DISSERTATION/PROJECT WRITING I (5)
Students must enroll in this course when coursework is complete or they begin to work on their dissertation, whichever comes first. The student engages in independent study and attends the seminar as needed, leading to the completion of the first three
chapters of the dissertation. Work is supervised by the Director of Research and the student's dissertation committee chair. These three chapters, the introduction, the literature review, and the methods section, constitute the formal proposal. Students must enroll in this course consecutively until the proposal has been defended and approved. Upon completion of a proposal acceptable to the student's committee, the student defends her or his proposal in an oral presentation to the committee. This oral presentation serves as a Qualifying Exam. Prerequisite: Doctoral Comprehensive Exam, Acceptance of a preliminary proposal by the Director of Research.

**EXECUTIVE LEADERSHIP COACHING (EXL)**

**EXL 601 THE NEW EXECUTIVE LEADERS (5)**  
Adaptable, multicultural change agents

**EXL 602 PERSONAL BENCHMARKING (5)**  
Comparative skills and experience measures

**EXL 603 INDIVIDUAL RESPONSIBILITY (5)**  
Accountability for business outcomes

**EXL 604 INTERNAL VALUES (5)**  
Intrinsic versus extrinsic career motivation

**EXL 605 NON-SITUATIONAL INTEGRITY (5)**  
Ethical versus expedient decision making

**EXL 606 SELF-DISCIPLINE (5)**  
Developing the habits of excellence

**EXL 607 CORE PASSION (5)**  
Matching desires, talents and competencies

**EXL 608 DELAYED GRATIFICATION (5)**  
Strategic goal orientation

**EXL 609 EMPOWERMENT (5)**  
Inspirational team building

**EXL 610 RESILIENT OPTIMISM (5)**  
Dealing with failure and misfortune

**EXL 611 LEADERSHIP AND STEWARDSHIP (5)**  
Living and leaving a legacy

**EXL 612 TRUE WEALTH (5)**  
Balanced “Standard of Living” with “Quality of Life.”

**EXPERSSIVE ARTS THERAPY (EXA)**

**CEX 600 EXPRESSIVE ARTS BUSINESS PRINCIPLES (5)**  
Students will learn how to set up their counseling practice, start a business, and network for success. The course will cover marketing techniques to professional organizations, office and self management, and record and bookkeeping.

**CEX 630 FOUNDATIONS OF EXPRESSIVE THERAPY (5)**  
This introductory overview of expressive therapy, in its many forms, (art, movement, poetry, play therapy, ritual, and performance) is designed to awaken and deepen an understanding of the variety of healing powers inherent in creative self-expression and shared creativity. Through lecture, group discussion, and experiential exercises students will learn the basic philosophy of expressive therapy. In this course principles of psychotherapy and creative process are compared and contrasted, and ways are explored to develop different expressive arts techniques rooted in the cycles of the creative process. This course is intended to enhance professional and personal growth and prepare students for specific in-depth courses in creative, intuitive, and expressive therapy. Prerequisite: CPS 601 - Counseling Theories & Strategies.

**CEX 631 PSYCHODRAMA RITUAL AND PERFORMANCE (5)**  
This course explores the psychodynamic processes in ritual and the significance of symbolism for
individuals and groups. It explores a variety of diagnostic and therapeutic techniques which provide insights into roles, boundaries, communication patterns and psychological orientations of individuals and groups. A variety of experiences such as mask making, Shamanic journeying, dramatic enactments and improvisation will be examined for their therapeutic and transformational potential. Prerequisite: CEX 630 - Foundations of Expressive Therapy.

CEX 632 FUNDAMENTALS OF MUSIC THERAPY (5)
This course looks at music as a powerful therapeutic modality for personal healing and diagnostic, cathartic therapy. Both the theory and practice of using music to evoke images, feelings, memories and the potential for change will be explored. Personal growth, expanded creativity and therapeutic healing with music for different populations (children, aging) will also be considered. Prerequisite: CEX 630 - Foundations of Expressive Therapy or consent of instructor.

CEX 633 FUNDAMENTALS OF MOVEMENT THERAPY (5)
This course examines the principles, specific theoretical foundations and approaches, as well as, the clinical applications of dance and movement therapy. The study of body movement and body language combine to enhance observational and diagnostic skills; personal exploration through movement or the use of space, psychological boundaries, and the physical manifestations of beliefs are all integral to this course.

CEX 634 ART AND EXPRESSIVE THERAPY WITH CHILDREN AND ADOLESCENTS (5)
This course presents a theoretical and practical framework for therapy with children and adolescents based in a variety of expressive, non-verbal and creative techniques. Attention is given to special populations of children and adolescents, family interaction enhancement and developmental experiences for children and adolescents who are not diagnosed with a pathological condition. Prerequisite: CEX 630 - Foundations of Expressive Therapy or consent of instructor.

CEX 635 ART AND EXPRESSIVE THERAPY WITH ADULTS AND AGING POPULATIONS (5)
Art therapy is often thought of as intervention with children. It is, in fact, an effective tool for the diverse needs of various adult populations. This course addresses work with families, Adult Children of Alcoholics, the aging, the handicapped and other adult groups ranging from the Non-English speaking to the intellectual. Each class will provide a full spectrum of experience with art media, as well as, didactic information, exploration of dreams, pain and loss, and life transitions. Prerequisite: CEX 630 - Foundations of Expressive Therapy or consent of instructor.

CEX 699 THESIS/PROJECT WRITING (5)
Masters students in Expressive Arts therapy are required to write a thesis. Students should enroll in 699 while engaged in thesis research and writing. Prerequisite: Second year graduate student and project proposal approved by the Director of Research.

CEX 730 TRADITIONS OF TRANSFORMATIONAL ARTS (5)
This course will examine the psycho-spiritual concepts of transformation as revealed by various religions and cultures in their use of symbols and stories, songs and dances, art and poetry. We will use this information to explore the interrelationships between culture, religion, the arts and healing. Discussions of sacred art and ritual will lead to experiential processes designed to awaken deeper connections to the Self, the world and the source of creativity.

CEX 739 PRACTICUM IN EXPRESSIVE, CREATIVE THERAPY (5)
The completion of 100 hours in a supervised setting, using creative therapeutic skills is required. This course combines supervision, case studies and training to help students enhance strengths and cultivate new expressive therapy intervention skills. Prerequisite: Completion of two courses from the Expressive Therapies Sequence (EXA 732-738).

EXA 732 SPECIAL TOPICS IN EXPRESSIVE THERAPIES (5)
Individualized studies in special topics in Expressive Therapies. Each student's work is directed by a faculty member or recognized leader in the subject area being studied. Prerequisite: Tutorial study plan approved by the Chief Academic Officer.

EXA 733 EXPRESSIVE TECHNIQUES IN FAMILY THERAPY (5)
This class introduces therapists and advanced students in the counseling psychology programs to the potential of expressive techniques in family therapy. Students will creatively explore family rules, roles and rituals to see how they play a part in the dynamics of family systems. With the tools of Expressive Therapy and basic psychological theory, students can complete unfinished relationship issues and discover
how to create more healthy, happy, healing relationships with their parents and children. Students will work with movement, rhythm, and family choreography to explore patterns in family relationships.

EXA 735 FUNDAMENTALS OF COLOR THERAPY (5)
This course explores the fundamentals of color therapy, as well as, the interplay of color, sound and imagery. Techniques for accessing energy, allowing emotional catharsis, enhancing visualization and developing techniques in relaxation therapy are all addressed in this class. Prerequisite: CEX 630 - Foundations of Expressive Therapy or consent.

EXA 736 LANGUAGE, POETRY, MYTH, AND FOLKLORE THERAPY (5)
This class examines ancient and modern techniques, using the spoken and written word to encourage explorations of personal belief systems for healing and recovery. Prerequisite: CEX 630 - Foundations of Expressive Therapy.

EXA 738 SANDTRAY AND WORLD PLAY (5)
Practice and theory of sandplay therapy, as developed by Dora Kalff and others. Focus on applications to psychotherapeutic practice with children and adults, and possible integration into a multi-modal expressive arts therapy context. Prerequisite: CEX 630 - Foundations of Expressive Therapy.

EXA 740 SELECTED EXPRESSIVE TECHNIQUES (5)
Individualized studies in special topics in Expressive Arts. Each student's work is directed by a faculty member or recognized leader in the subject area being studied. Prerequisite: Tutorial study plan approved by the Chief Academic Officer.

EXA 741 SPECIAL TOPICS IN EXPRESSIVE THERAPIES (5)
Individualized in-depth study in a selected topic. Student’s work is directed by a faculty member or recognized leader in the subject area being investigated. Prerequisite: Tutorial study plan approved by the Chief Academic Officer.

EXA 742 SEMINAR IN EXPRESSIVE ARTS THERAPY (5)
Addresses clinical issues unique to expressive arts therapy, such as: assessing a client's readiness to do expressive arts work; clinical relevance of different art modalities; transitions between modalities; and client's defenses and resistance, transference and counter transference within this context, etc. To be taken concurrently with supervised internship in expressive arts therapy.

EXA 745 INDEPENDENT STUDY IN EXPRESSIVE ARTS THERAPY (5)
Supervised study in expressive arts therapy process. Presentation and discussion of case material from internship, with emphasis on development of clinical skill in group and individual expressive arts therapy.

CEX 800 DISSERTATION/PROJECT WRITING I (5)
Students must enroll in this course when coursework is complete or they begin to work on their dissertation, whichever comes first. The student engages in independent study and attends the seminar as needed, leading to the completion of the first three chapters of the dissertation. Work is supervised by the Director of Research and the student's dissertation committee chair. These three chapters, the introduction, the literature review, and the methods section, constitute the formal proposal. Students must enroll in this course consecutively until the proposal has been defended and approved. Upon completion of a proposal acceptable to the student's committee, the student defends her or his proposal in an oral presentation to the committee. This oral presentation serves as a Qualifying Exam. Prerequisite: Doctoral Comprehensive Exam, acceptance of a preliminary proposal by the Director of Research.

CEX 801 DISSERTATION/PROJECT WRITING II (5)
Students must enroll in this class when they have passed the Oral Qualifying Exam and are ready to begin to conduct their research. The student engages in independent study leading to the execution of their dissertation research. The findings are reported and discussed in chapters four and five of the dissertation. Upon completion of this work, the student has the Final Oral Defense of the dissertation. Students must enroll in this course consecutively until the dissertation has been defended and approved. Prerequisite: CEX 800 – Dissertation/Project Writing I.
FAMILY LEADERSHIP COACHING (FAL)

**FAL 601 POSITIVE SELF-AWARENESS (5)**
Knowing your leadership style and your children’s learning style. Recognizing special abilities and special needs.

**FAL 602 POSITIVE SELF-ESTEEM (5)**
Understanding the difference between self-centeredness and healthy self-esteem, and intrinsic and extrinsic values.

**FAL 603 POSITIVE SELF-DISCIPLINE (5)**
Why self-esteem must be combined with self-discipline to develop healthy behavioral lifestyles. Differentiating discipline from punishment, and the importance of early habit formation.

**FAL 604 POSITIVE SELF-DETERMINATION (5)**
Instilling internal locus of control and cause and effect choices in early childhood by assigning appropriate responsibilities.

**FAL 605 POSITIVE SELF-HONESTY (5)**
Teaching non-situational integrity and trust as fundamentals in family and organizational relationships. Leadership by example.

**FAL 621 POSITIVE SELF-MOTIVATION (5)**
Discussions on external motivators such as Status with experts, status with peers, material acquisition and competitiveness, as well as internal motivators including Achievement via independence and concern for excellence. Understanding reward and penalty motivation.

**FAL 622 POSITIVE SELF-EXPECTANCY (5)**
Developing inner security and optimism in an insecure world faced with constant change. Handling failure and rejection, and staying resilient in the face of problems and hardships.

**FAL 623 POSITIVE SELF-IMAGE (5)**
Methods of exploring creativity and treating the imagination as a skill and learning tool. Visualization and guided imagery techniques.

**FAL 624 POSITIVE SELF-DIRECTION (5)**
An introduction to effective goal setting and priority management. Delayed gratification and basic instruction on money management for children of all ages.

**FAL 625 POSITIVE SELF-DIMENSION (5)**
An exercise in balancing work and recreation, and in fitting in to family, peer group, community, nation and the world. The concept of stewardship as a critical element in leadership.

INTEGRATIVE NURSING (NUR)

**NUR 601 Medical Surgical Concepts I (5)**
This course covers topics as they relate to patients with acute, chronic, life threatening, and physical health conditions. Students study basic human needs, effective communication, privacy regulations, precise documentation, electrolyte balance, pathophysiology, diagnosis, treatment, and other major disorders.

**NUR 602 Medical Surgical Concepts II (5)**
This course focuses on the diagnosis, treatment, and medical management of major disorders of the nervous, genitourinary, renal, endocrine, and integumentary systems and their respective potential complications. Students will examine various forms of cancers, palliative care, and end of life issues. Therapeutic interventions and methods of treatments used to treat disorders will be covered.

**NUR 603 Maternal-Newborn Nursing Review (5)**
This course covers reproduction, fertility and infertility, family planning and contraception, fetal development, normal/complicated prenatal experience, diagnostic tests, normal/complicated labor and delivery, normal/complicated postpartum experience, normal/complicated newborn experience, loss/grief, maternity nursing. Includes health promotion and maintenance and prevention and detection of health problems.

**NUR 604 Pediatrics and Adolescents (5)**
This course covers growth and development from infancy through adolescence. Students will examine substance abuse, vaccines, eating disorders, sexuality, adolescent obesity, and contraceptives.

**NUR 605 Psychological Processes (5)**
This course focuses on individuals who are experiencing stressful events and/or acute or chronic mental illness. Students will discuss abuse, chemical dependency, coping mechanisms, crisis intervention, end of life, grief and loss, and psychopathology.
NUR 606 Medications, Nursing Management, and Nutrition (5)
This course covers the essential elements of nursing practices. The concepts of wellness-illness, stages of adult development, and the roles of the nurse will be examined. Students will prepare for a managed healthcare environment and the continuing quality. Students will also examine the practices of nutrition and diet in respect to health and disease states.

NUR 607 Success in the Healthcare Settings (5)
This course emphasizes the importance of utilizing interpersonal skills in the workplace. Students learn to become more effective, empathetic, ethical, adaptable, and perceptive in professional settings. Other topics include communications skills, diversity awareness, teamwork and job-seeking skills as applied to healthcare settings.

PSYCHOBIOMECHANICS AND POSTURAL THERAPY (BIO)

BIO 600 PSYCHOBIOMECHANICS BUSINESS PRINCIPLES
Students will learn how to set up their PsychoBiomechanics and Postural Therapy practice, start a business, and network for success. The course will cover marketing techniques to professional organizations, office and self management, and record and bookkeeping.

BIO 630 PSYCHOLOGICAL TYPE: THEORY & APPLICATION (5)
This course is an introduction to personality type. Participants will review the Jung/Myers model of type theory (Carl Jung’s theory of psychological type as interpreted by the authors of the MBTI,™ the Myers-Briggs Type Indicator) and engage in exploration and practical exercises for its application to improve self-understanding, time utilization, communication, one-on-one relationships and team participation.

BIO 631 HUMAN PHYSIOLOGY (5)
The physiology of body fluids, blood, nerve and muscle, peripheral nerves, central nervous system, special senses, autonomic nervous system, defense mechanisms will be examined in depth in this course.

BIO 632 APPLIED MUSCULOSKELETAL ANATOMY (5)
This course will examine the regional human gross anatomy of the skeleton, joints, muscles and neurovascular structures of the limbs and back. Students will gain extensive practice in learning to palpate all bony landmarks of the trunk and extremities; muscle, ligament, and tendon palpation by clinical zones. This course is also an introduction to postural analysis with practice in taking and interpreting postural measurements.

BIO 633 EXERCISE PSYCHOPHYSIOLOGY I (5)

BIO 634 EXERCISE PSYCHOLOGY (5)
This course will examine the physiological and psychological bases of selected cardiovascular, respiratory and metabolic disorders and an examination of the particularities of exercise responses and the effects of exercise conditioning in these populations. A special emphasis on the scientific basis for exercise prescription.

BIO 635 PSYCHOBIOMECHANICS (5)
This course will examine the functional anatomy of the human musculoskeletal system with emphasis on mechanics, electromyography (EMG), motor control and psychological strategies.

BIO 636 POSTURE THERAPY & FUNCTIONAL ASSESSMENT (5)
This course provides an introduction to postural analysis. Students will learn to recognize common structural and postural deviations and common soft tissue injuries to muscle, tendon, the joint capsule, ligaments, bursa, fascia and nerves, in order to determine appropriate intervention. This course will also cover taking and interpreting postural measurements, joint movements and range of motion assessment, techniques to lengthen and stretch musculature, and methods to stabilize the pelvis.

BIO 638 MUSCLE MECHANICS OF POSTURE (5)
Students will learn the theoretical basis of muscle activity measurement in the context of biomechanical studies, including muscle-related topics such as fatigue, injury and control.

BIO 639 BIOMECHANICS INSTRUMENTATION (5)
This course will discuss the instrumentation and provide the technical knowledge to assist in the acquisition and processing of data used in biomechanics.

**BIO 640 SCIENTIFIC PRINCIPLES OF PHYSIOGICAL & PSYCHOLOGICAL TRAINING**  
(5)  
This course will cover the application of physiological, kinesiological, and psychological principles in the selection and evaluation of athletic and physical fitness programs. Specific topics studied will include aerobic and anaerobic training, interval training, circuit training, weight training for muscular strength and endurance, flexibility, motor ability, obesity, energy balance, mental training and performance enhancement.

**BIO 641 CARDIO-RESPIRATORY EXERCISE PHYSIOLOGY** (5)  
A comprehensive review of the basic physiological responses of the circulatory and respiratory systems to acute and chronic exercise and a brief discussion of regulatory mechanisms.

**BIO 642 PSYCHO/NERVE/ MUSCLE EXERCISE RESPONSE** (5)  
This course develops a comprehensive theoretical understanding of the basic physiological adaptations to acute and chronic exercise in terms of metabolic pathways and fuel utilization, as well as psychological and neuromuscular responses. Discussion of current concepts of regulating factors will be covered.

**BIO 699 THESIS/PROJECT** (5)  
Masters students in Psychobiomechanics and Postural Therapy are required to write a thesis. Students should enroll in 699 while engaged in thesis research and writing. Prerequisite: Second year graduate student and project proposal approved by the Director of Research

**BIO 730 THE SCIENCE OF HUMAN MOVEMENT** (5)  
This course introduces basic and practical knowledge of human movement in sports and physical activity. Anatomical and physiological knowledge pertinent to body movement is presented in depth. Biomechanical concepts and principles applied to body movement in different sports and physical activities are also addressed.

**BIO 733 EXERCISE PSYCHOPHYSIOLOGY II** (5)  
Review of the physiological and psychological basis of selected disorders of the immune, renal, neurological and muscular-skeletal systems and an examination of the particularities of exercise responses and the effects of exercise conditioning in these populations. Special emphasis is placed on the scientific basis for exercise prescription.

**BIO 735 ADVANCED PSYCHOBIOMECHANICS** (5)  
This course addresses biomechanical aspects of the most common structural and neurological abnormalities of the spine resulting in pathological gait. It also addresses the mechanics of tissue and joint injury of the head, neck, torso and extremities, through an examination of psychological and ergonomic issues including: injury mechanisms, evaluation and assessment techniques, occupational health and safety legislation, and ergonomic inventions.

**BIO 736 ASSESSMENT & REHABILITATION OF THE HIP, SPINE & PELVIS** (5)  
This course examines the normal function of the human hip, spine and pelvis. Abnormal function and various pathologies of these structures will be addressed in depth. Students will learn about clinical assessment procedures, as well as evaluation methods for orthopaedic dysfunction. Concepts of rehabilitation will be discussed, to include various exercise protocols and manual techniques, as well as surgical interventions.

**BIO 737 ASSESSMENT & REHABILITATION OF THE UPPER & LOWER EXTREMITIES** (5)  
This course examines normal function of the upper and lower extremities of the human body. Abnormal function and various pathologies of these structures will be addressed in depth. Students will learn about clinical assessment procedures, as well as evaluation methods for orthopaedic dysfunction. Students will learn to implement safe and effective protocols to facilitate tissue healing and rehabilitation, to include exercise programs and manual techniques. Surgical procedures will also be discussed.

**BIO 746 POSTURE AND MASSOTHERAPY** (5)  
In this course students will review the history of massage with emphasis on modern massage methodologies, as well as the theories, principles and basic definitions of massage, movement, and modalities. Also covered, hands-on study and practice of manipulations of massage, including passive touch, pressure touch and nerve compression, stroking (effeurage), friction, kneading (petrissage), vibration and percussion (tapotement), as well as indications for and the basic physiological effects of massage.
BIO 747 FUNDAMENTALS OF SOMATIC STUDIES (5)
This course will focus on the study of human anatomy and physiology with specific emphasis on fundamental concepts of the human body, including the following: chemical, cellular, integumentary, skeletal, articulations, muscular and nervous systems, spinal cord, nerve plexus, the brain, sensory and motor pathways, special senses, autonomic nervous system, basic neurological laws, endangerment sites, endocrine system, cardiovascular system, lymphatic system, respiratory system, digestive system, metabolism, urinary system, and acid-base balance.

BIO 748 PSYCHOLOGY OF INJURY AND ILLNESS (5)
There is clear evidence that psychological and social factors are among the most significant predictors of the scale of disability and measurable outcomes of injury and illness. In this course participants will develop an understanding of psychological theories of adjustment to physical disability, traumatic or catastrophic injury, or chronic illness. Students will learn psychotherapeutic strategies and treatment options appropriate to various stages of adaptation to physical injury or illness. This course will also examine the manner in which common injuries and diseases impact the anatomical structures and functional systems of the body. The various medical treatments and procedures available to maintain or restore structural and functional integrity of the body are also addressed. Conditions of a cardiovascular, pulmonary, neuromuscular, metabolic and oncologic nature will be discussed.

BIO 749 SEMINAR IN BIOMECHANICS (5)
Review and analysis of current research, trends, and issues related to Biomechanics

BIO 750 SELECTED TOPICS IN BIOMECHANICS (5)
Individualized studies in special topics in Biomechanics. Each student’s work is directed by a faculty member or recognized leader in the subject area being studied.

BIO 751 PSYCHOBIOMECHANICS PRACTICUM (5)
This advanced experiential course provides supervision for students in approved internship placements. The practicum integrates different assessment and evaluation strategies studied in previous courses according to their practical applications. Students will design their own applied approaches to working with clients.

BIO 800 DISSERTATION/PROJECT WRITING I (5)
Students must enroll in this course when coursework is complete or they begin to work on their dissertation, whichever comes first. The student engages in independent study and attends the seminar as needed, leading to the completion of the first three chapters of the dissertation. Work is supervised by the Director of Research and the student’s dissertation committee chair. These three chapters, the introduction, the literature review, and the methods section, constitute the formal proposal. Students must enroll in this course consecutively until the proposal has been defended and approved. Upon completion of a proposal acceptable to the student’s committee, the student defends her or his proposal in an oral presentation to the committee. This oral presentation serves as a Qualifying Exam.

BIO 801 DISSERTATION/PROJECT WRITING II (5)
Students must enroll in this class when they have passed the Oral Qualifying Exam and are ready to begin to conduct their research. The student engages in independent study leading to the execution of their dissertation research. The findings are reported and discussed in chapters four and five of the dissertation. Upon completion of this work, the student has the Final Oral Defense of the dissertation. Students must enroll in this course consecutively until the dissertation has been defended and approved.

SPORT PSYCHOLOGY (SPO)

SPO 505 INTRODUCTION TO PHYSICAL EDUCATION AND SPORTS SCIENCE (5)
Course provides a graduate level introduction to Physical Education and Exercise. Topics include an historical perspective of sport and exercise, fitness, conditioning, motor development, coaching, sports medicine, and adapted physical education, and comparison of professional and recreational athletic programs.

SPO 600 SPORT PSYCHOLOGY BUSINESS PRINCIPLES (5)
Students will learn how to set up their Sport Psychology practice, start a business, and network for success. The course will cover marketing
techniques to professional sport organizations, office and self management, and record and bookkeeping.

**SPO 651 INTRODUCTION TO SPORT COUNSELING (5)**
This overview of Sport Psychology will focus on the history, current status, and future perspectives in the field of psychology as applied to sports. Students will have an opportunity to become familiar with different approaches in sport counseling from an international perspective. Special emphasis will be placed on philosophical and scientific systems of thought which influence current psychological practice in sports. Prerequisite: SPO 505 – Introduction to Physical Education and Sport Science or equivalent.

**SPO 652 ASSESSMENT AND EVALUATION IN SPORT COUNSELING (5)**
This course will focus on the utilization of assessment instruments and interviewing techniques in Sport Counseling. It will include the application, scoring, and evaluation of the Test of Attentional and Interpersonal Style (TAIS), Myers-Briggs Type Indicator (MBTI), among other commonly used instruments. Prerequisite: SPO 651 - Introduction to Sport Counseling.

**SPO 653 ADULT FITNESS AND PERFORMANCE (5)**
This course focuses on the study of various theories and techniques utilized to enhance performance in sports and other areas of physical and mental development. Students will have the opportunity to experience techniques and develop their individual approaches to performance enhancement. Additional topics include identification of primary factors in health risks, optimum training methods and psychological issues confronted in personal physical challenges.

**SPO 665 SPORT COUNSELING PRACTICUM I (5)**
This course provides supervision for students in approved internship placements. The course will integrate the different approaches covered in previous courses with their practical applications. Students will design their own approaches to counseling athletes, coaches, and teams. They will have the opportunity to apply their knowledge in realistic sport settings and process the results in classroom groups. Through feedback and hands-on experiences, students will gain confidence and skills. Prerequisites: SPO 651 - Introduction to Sport Counseling, CPS 403 Theories of Personality, CPS 601 - Counseling Theories & Strategies, CPS 610 - Psychopathology, SPO 652 - Assessment and Evaluation in Sport Counseling.

**SPO 668 CAREER TRANSITION AND ATHLETIC RETIREMENT (5)**
This course will focus on the career cycle of professional and elite athletes and teams, with special focus on the career transition process. Students will learn to assess, evaluate, and make proper recommendations to athletes in the areas of academic and career development and planning. Topics covered in this course will include reasons for career transitions among athletes, career transition needs, elements and models for successful career transition, and career transition problem areas: psychological, physical, social, and economic. Prerequisites: SPO 651 - Introduction to Sport Counseling or consent.

**SPO 699 THESIS/PROJECT WRITING (5)**
Masters students in Sport Counseling are required to write a thesis. Students should enroll in 699 while engaged in thesis research and writing. Prerequisite: Second year graduate student and project proposal approved by the Director of Research.

**SPO 751 SEMINAR IN SPORT PSYCHOLOGY (5)**
Review and analysis of current research, trends, and issues related to Sport Psychology. Prerequisite: SPO 651 - Introduction to Sport Counseling.

**SPO 754 NUTRITION & LIFESTYLE MANAGEMENT (5)**
This class will explore the role of athletic training, diet, and life-style issues in peak athletic performance. Principles of exercise physiology, optimal nutrition management, and counseling for optimal physical and mental health will be emphasized. Skill development with assessment tools and with development of preventive and rehabilitative programs is also included.

**SPO 765 SPORT COUNSELING PRACTICUM II (5)**
This advanced experiential course provides supervision for students in approved internship placements. The practicum integrates different assessment and counseling strategies studied in previous courses according to their practical applications. Students will design their own applied approaches to counseling athletes, coaches, and teams. Moreover, students will have the opportunity to apply their knowledge in realistic sport settings and process the results in classroom discussion groups. Through feedback and hands-on experiences, students will develop confidence and marketable skills. Prerequisites: SPO 651 - Introduction to Sport Counseling.
Counseling, CPS 403 Theories of Personality, CPS 601 - Counseling Theories & Strategies, CPS 610 - Psychopathology, SPO 652 - Assessment and Evaluation in Sport Counseling, SPO 665 – Sport Counseling Practicum I.

SPO 766 PSYCHOLOGY OF COACHING (5)
This course will provide students with a theoretical and practical knowledge for the Psychology of Coaching. Students will learn various coaching strategies and techniques to help serve this unique population.

SPO 767 ADVANCED SPORT PSYCHOLOGY INTERVENTION TECHNIQUES (5)
This course will provide students with theoretical and practical knowledge in intervention techniques in Sport Psychology. Students will learn different working models they can use to assess and evaluate athletes and develop programs to serve this unique population. Counseling practice and feedback will be provided through case presentation and analysis to enhance students therapeutic effectiveness and ability to create strategies for successful intervention. Prerequisite: SPO 665 - Sport Counseling Practicum I or concurrent enrollment.

SPO 769 SELECTED TOPICS IN SPORT PSYCHOLOGY (5)
Individualized studies in special topics in Sport Counseling. Each student's work is directed by a faculty member or recognized leader in the subject area being studied. Prerequisite: Tutorial study plan approved by the Chief Academic Officer.

SPO 799 INDEPENDENT STUDY IN SPORT PSYCHOLOGY (5)
Individualized studies in special topics in Sport Psychology. Each student's work is directed by a faculty member or recognized leader in the subject area being studied. Prerequisite: Tutorial study plan approved by the Chief Academic Officer.

SPO 800 DISSERTATION/PROJECT WRITING I (5)
Students must enroll in this course when coursework is complete or they begin to work on their dissertation, whichever comes first. The student engages in independent study and attends the seminar as needed, leading to the completion of the first three chapters of the dissertation. Work is supervised by the Director of Research and the student's dissertation committee chair. These three chapters, the introduction, the literature review, and the methods section, constitute the formal proposal. Students must enroll in this course consecutively until the proposal has been defended and approved. Upon completion of a proposal acceptable to the student's committee, the student defends her or his proposal in an oral presentation to the committee. This oral presentation serves as a Qualifying Exam. Prerequisite: Doctoral Comprehensive Exam, acceptance of a preliminary proposal by the Director of Research.

SPO 801 DISSERTATION/PROJECT WRITING II (5)
Students must enroll in this class when they have passed the Oral Qualifying Exam and are ready to begin to conduct their research. The student engages in independent study leading to the execution of their dissertation research. The findings are reported and discussed in chapters four and five of the dissertation. Upon completion of this work, the student has the Final Oral Defense of the dissertation. Students must enroll in this course consecutively until the dissertation has been defended and approved. Prerequisites : SPO 800 – Dissertation/Project Writing I and Doctoral Comprehensive Exam.

TRANSPERSONAL STUDIES (TRP)

CTR 600 PSYCHOLOGY BUSINESS PRINCIPLES (5)
Students will learn how to set up their counseling practice, start a business, and network for success. The course will cover marketing techniques, office and self management, and record and bookkeeping. The essentials of managed care will be introduced as well as differences between clinical and consulting businesses.

CTR 670 INTRODUCTION TO TIBETAN BUDDHIST PSYCHOLOGY (5)
This course is a historical as well as practical overview of Tibetan Buddhist religion, philosophy, and psychology. Classes incorporate meditation practice with lecture and guest presenters as students learn about the Four Noble Truths, The Eightfold Path, and the Twelve Interdependent Origins. This course is a prerequisite for the more advanced courses.

CTR 671 THEORIES OF CONSCIOUSNESS (5)
This course is an overview of Eastern and Western perspectives of consciousness focusing on the Western psychological theories of Freud, Jung, and Hillman. The significance of consciousness as it is considered in religious and scientific systems will be
discussed. Special attention will be given to current synthesis paradigms of Wilber, Tart, and others.

CTR 672 EAST/ WEST PSYCHOLOGY (5)
This course will focus on the integration of Eastern and Western psychological thought in a dialogue between Hinduism, Buddhism, and Taoism as they relate to Western approaches to psychotherapy. Emphasis will be placed on the coordination of meditation, guided imagery, and mind/body integration.

CTR 673 MEDITATION AND MANDALAS (5)
Through a comparative exploration of various practices and theories of Eastern and Western meditation, this course focuses on the study of states of consciousness involved in meditation practice. Sitting meditation for concentration, focusing and analysis will be covered as well as, moving and walking meditations. The therapeutic and meditational use of mandalas will be explored as well. This course includes the experience of a basic meditation practice. Prerequisite: CTR 670 – Introduction to Tibetan Buddhist Psychology.

TRP 674 TRADITIONS OF TRANSFORMATIONAL ARTS (5)
This course will examine the psycho-spiritual concepts of transformation as revealed by various religions and cultures in their use of symbols and stories, songs and dances, art and poetry. We will use this information to explore the interrelationships between culture, religion, the arts and healing. Discussions of sacred art and ritual will lead to experiential processes designed to awaken deeper connections to the Self, the world and the source of creativity.

TRP 675 MIND/BODY APPROACHES TO HEALING (5)
This course will focus on detailing the interrelationships of the body/mind and will survey different body/mind therapies. Specifically, the role of life-style (beliefs, emotions, personality, & life events) on physical well-being and disease will be explored. Therapeutic approaches for mediating disease and promoting health using body/mind approaches will include relaxation therapy, autogenic training, hypnosis, visualization, meditation, creative movements, and various body therapies (e.g. massage, acupuncture, & nutrition)

TRP 676 ALTERNATIVE HEALING THERAPIES (5)
Survey of contemporary alternative healing therapies, such as Alexander Technique, Feldenkrais, and Tui Na Massage. Fundamental issues related to the employment of alternative healing therapies in a comprehensive health program: ethical and professional considerations, legal issues, and situational appropriateness of techniques. One specific modality will be studied in greater depth.

TRP 678 SELECTED TOPICS IN TRANSPERSONAL STUDIES (5)
Each time this course is offered, a specific topic relevant to Transpersonal Studies will be explored in depth. Examples include Shamanism, Visualization and Imagination, and Altered States of Consciousness.

CTR 699 THESIS/PROJECT WRITING (5)
Masters students in Transpersonal Psychology are required to write a thesis. Students should enroll in 699 while engaged in thesis research and writing. Prerequisite: Second year graduate student and project proposal approved by the Director of Research.

CTR 770 BIRTH, DEATH AND INTERMEDIATE STATES (5)
Students will be introduced to the Buddhist perspective of living, dying, bardo states, rebirth, and reincarnation. A thorough discussion of the concept of karma and how it relates to these states will help the student to integrate this aspect of Buddhism into everyday life and Western concepts of behavior, attitude and motivation. Prerequisites: CTR 670 – Introduction to Tibetan Buddhist Psychology

TRP 771 FOUNDATIONS OF CONTEMPLATIVE DEPTH PSYCHOTHERAPY (5)
Contemplative Depth Psychotherapy is the integration of Western analytical and Tibetan Buddhist imaginal and archetypal processes that foster individualization and growth. The principle of analytical (Jungian/archetypal) and developmental, psychoanalytical (Object Relations & Kohut's Self Psychology) serve as a framework in which the contemplative depth psychotherapist works, supports, confronts, and elucidates the experiences of the client. Beginning from the basic analytical work of how resistance and defense hide painful affects, the goal is to enhance the Inner Self solidly within the psyche to provide deeper experiential and emotive insight into the psycho dynamics of life's conflicts. Prerequisite: CPS 601 - Counseling Theories & Strategies or equivalent.

TRP 774 FUNDAMENTALS OF ENERGETIC & SOMATIC THERAPIES (5)
Selected Topics such as Bioenergetics, Tui Na, T'ai Chi, Chi Kung, Feldenkrais, and Alexander techniques will be examined. The study of body-
oriented psychotherapies will be addressed through selected topics from Eastern or Western traditions of holistic development. The class will focus on a specific therapeutic exercise, as well as, learning basic theory and practice. Students will be encouraged to continue a chosen technique for ongoing study and practice. Prerequisites: CPS 601 - Counseling Theories & Strategies.

TRP 776 CONTEMPLATIVE, TRANSPERSONAL THERAPIES (5)
Theory, clinical application, and methods of mapping the intrapsychic experience of transpersonal techniques for personal development and strategies for transformation will be addressed. Topics include Mandalas, Kabbalah, and Shamanic traditions. Prerequisite: TRP 771 - Foundations of Contemplative Depth Psychotherapy.

CTR 778 ENGAGED BUDDHISM: PRACTICUM IN BUDDHIST PSYCHOLOGY (5)
The student experiences Engaged Buddhism, that is to say, helping others from a Buddhist perspective. Having already examined the Mahayana motivation for helping others, students will put these principles into action and will be able to contemplate, discuss, and explain their interventions with others in need. They will be able to assess another’s suffering and be able to see the causes and conditions for this suffering. Under supervision, the students will learn to treat the other in a compassionate manner, and to understand their own process as a helper with an ongoing awareness of personal and professional growth. Students in practicum must be prepared to present actual cases that they are working on through video tape, and case notes, therefore, students, must be either licensed professionals or under the direct supervision of a licensed therapist. Prerequisites: CTR 670 – Introduction to Tibetan Buddhist Psychology, CTR 672 East/West Psychology, CTR 770 Birth, Death, and Intermediate States, and TRP 674 – Traditions of Transformational Arts.

TBP 779 SELECTED TOPICS IN TIBETAN BUDDHIST PSYCHOLOGY (5)
Individualized studies in special topics in Tibetan Buddhism Psychology. Each student’s work is directed by a faculty member or recognized leader in the subject area being studied.

TBP 790 INTRODUCTION TO TIBETAN HEALING APPROACHES (5)
Tibetan Healing Practices blend Ayurvedic, Chinese, Persian, and Bon medical systems. Students will become familiar with the basics of Tibetan medical practice and its emphasis on diet, behavior or lifestyle and mind/body interactions. Students will become aware of the mind, body, and spirit relationships to counseling and healing.

TBP 791 EAST/WEST MEDICAL DIALOGUEUE (5)
This seminar type course will feature the open dialogue between Eastern and Western healers of all disciplines on the nature of similarities and differences in the perceptions, strategies, and treatments of these systems. Grand Round type dialogues, case studies, and open discussions will be the class format.

TBP 794 ADVANCED METHODS IN TIBETAN HEALING (5)
With an eye on the relationships to consciousness and growth, students will advance in their knowledge of Tibetan Healing practices such as Tibetan medicine, yoga, bodywork, and spiritual practice. Students will be introduced to Tibetan diagnostic and assessment techniques, as well as, the therapeutic use of herbs, meditations, and behavior modification.

TBP 795 INDEPENDENT STUDY IN TIBETAN BUDDHIST PSYCHOLOGY (5)
Individualized studies in special topics in Tibetan Buddhism Psychology. Each student’s work is directed by a faculty member or recognized leader in the subject area being studied. Prerequisite: Approval from the Chief Academic Officer.

TBP 800 DISSERTATION/PROJECT WRITING I (5)
Students must enroll in this course when coursework is complete or they begin to work on their dissertation, whichever comes first. The student engages in independent study and attends the seminar as needed, leading to the completion of the first three chapters of the dissertation. Work is supervised by the Director of Research and the student's dissertation committee chair. These three chapters, the introduction, the literature review, and the methods section, constitute the formal proposal. Students must enroll in this course consecutively until the proposal has been defended and approved. Upon completion of a proposal acceptable to the student's committee, the student defends her or his proposal in an oral presentation to the committee. This oral presentation serves as a Qualifying Exam. Prerequisite: Doctoral Comprehensive Exam, acceptance of a preliminary proposal by the Director of Research.

TBP 801 DISSERTATION/PROJECT WRITING II (5)
Students must enroll in this class when they have passed the Oral Qualifying Exam and are ready to
begin to conduct their research. The student engages in independent study leading to the execution of their dissertation research. The findings are reported and discussed in chapters four and five of the dissertation. Upon completion of this work, the student has the Final Oral Defense of the dissertation. Students must enroll in this course consecutively until the dissertation has been defended and approved. Prerequisites: TBP 800 - Dissertation Writing I.
Neenah Amaral, Ph.D., is a Marriage, Family, and Child Counselor in private practice in San Diego. Dr. Amaral is the current president and chief financial officer of the San Diego Chapter, California Association of Marriage and Family Therapists. She specializes in Alcohol and Drug Abuse and Hypnotherapy. Dr. Amaral teaches in the areas of legal and ethical issues for Counselors and theory and practice of family therapy.

Margaret Austin, Ph.D., is a core faculty member with the San Diego University for Integrative Studies. She also has a private practice in North San Diego County that focuses on working with parents and teachers in order to teach principles of non-violence to young children. She is currently conducting research in this area. Dr. Austin received a master’s degree in psychology from Tennessee State University, as well as a master’s degree and a doctorate in clinical psychology from California School of professional Psychology. Her varied background includes a position as Director of Mental Health on a reservation in Montana, as well as the Assistant Director of Mental Health in a rural California county, the development of a Children’s Mental Health Program, and founding a software company whose focus was the development of products for the mental health community. Her special areas of interest are Family and Youth Violence, Violence Prevention, Child and Youth Development, Childhood Pathology and Treatment, Multiculturalism, Managed Care and Computer Use in Psychology.

Michael Essex, M.D., is a board certified psychiatrist. He graduated from the University of Nebraska College of Medicine and did his psychiatric residency at the Shepard and Enoch Pratt Hospital, near Baltimore Maryland. He is currently Medical Director of BPSR-Vista in Vista, CA. He has studied Tibetan Buddhism since 1975. He has been very involved with the Drikung Kagyu Lineage of Tibetan Buddhism since 1985. He has studied intensively with Khenchen Konchog Gyaltshen and Drubpon Samten Rinpoche. He was appointed Umdzat (chant leader) by Drubpon Samten Rinpoche. He was one of the pioneers of using computerized desktop publishing techniques for producing bilingual Tibetan-English meditation texts. In 1994, he was asked by His Holiness Drikung Kyabgon Chetsang to coordinate the English language component of the International Drikung Kagyu Text Project. He has edited and translated many Tibetan meditation texts.

Joel Fick, Ph.D., received his Ph.D. and M.A. in Clinical Psychology from the California School of Professional Psychology specializing in Family/Child Health Psychology, and the B.A. from Gustavus Adolphus College. Dr. Fick is a California licensed Clinical Psychologist and was a clinician for Mental Health Systems Inc., Mental Health Rehabilitation Specialist Supervisor for the Telecare Corporation, Clinical Director of the Weekend Program at Bayview Hospital, and Counselor for San Diego State University. He was appointed Postdoctoral Research Fellow for the Center for Behavioral Epidemiology and Community Health at SDSU, and has conducted partial hospitalization and community mental health treatment-outcome research. Dr. Fick teaches Practicum and Field Placement.
Lisa Hazlewood-Hunt, Ph.D., is a supervising psychologist for the Dept. of Psychiatry Children's Hospital of San Diego and a licensed clinical psychologist in private practice in San Diego. Dr. Hazlewood-Hunt earned her Ph.D. at Northwestern University in Chicago. She was awarded a post-doctorate fellowship at Fred Hutchinson Cancer Research Center and has been a Psychology Fellow at Illinois Masonic Hospital, Dept. of Psychiatry. Dr. Hazlewood-Hunt has been actively involved in Jungian Psychology organizations for the past 14 years.

Peter Lambrou, Ph.D., is a licensed clinical psychologist and a specialist in anxiety, work stress, weight management, and Energy Psychology. He is a Certified Medical Hypnotherapist by the American Psychotherapy and Medical Hypnosis Association, of which he is past-president. Dr. Lambrou received his undergraduate degree in journalism from San Diego State University and his doctorate degree in psychology from the University for Humanistic Studies in 1992. He has written and published books and articles for both the professional and general markets and he is the co-author of Self-Hypnosis: The Complete Manual for Health and Self-Change (2nd Ed.), which has been translated into seven languages, and co-author of the books Hyper-Performance and the award-winning Instant Emotional Healing: Acupressure for the Emotions, published by Random House. Dr. Lambrou is the Chairman of the Task Force for Psychology and Integrative Medicine at Scripps Memorial Hospital in La Jolla, California, where he maintains a private practice on the Scripps Memorial Hospital campus.

William Leslie, M.A., received his M.A. in philosophy from San Francisco State University with an emphasis on critical thinking and philosophy of religion. He teaches philosophy at Palomar Community College and is the President of the Sierra Foothills Chapter of Educators for Social Responsibility.

Robert Nideffer, Ph.D., is president of Enhanced Performance Systems, has written 15 books and authored over 100 research and/or applied articles. He is the developer of the Test of Attentional and Interpersonal Style (TAIS) which is used world wide to measure the attentional and interpersonal skills of high level performers in sports, business, sales and the military. Dr. Nideffer has worked with Olympic teams from the US, Canada, and Australia, and taught in psychiatry, psychology, and physical education departments in various universities. Dr. Nideffer received his Ph.D. in clinical and experimental psychology from Vanderbilt University.

Bapsi Slali, Ph.D., is a licensed psychologist in private practice in San Diego and Imperial Counties. Currently, she is doing individual and group psychotherapy in the areas of depression, abuse, performance, stress and family relationships. She is a co-founder of Kearny Mesa Psychological Services and the Center for the Treatment of Sexual Abuse. Dr. Slali completed her bachelor's and master's degrees in psychology in India. She has done graduate work and received teaching fellowships at San Diego State University and the University of Houston. She earned her Ph.D. in clinical psychology from the California School of Professional Psychology.
Raymond Trybus, Ph.D., is a former Provost and Vice President for Academic Affairs at National University, Executive Vice President of Alliant University Foundation, and for nine years was the Chancellor of the California School of Professional Psychology (CSPP), San Diego. Dr. Trybus has authored seventeen book chapters, authored or co-authored five books, and has published more than twenty-two scientific journal articles and technical reports. For the past three years, Dr. Trybus was the project Administrator for Project ESSEA (from Ethiopia, Somalia, Sudan, and Eritrea to America), and outreach-based mental health program for refugees and immigrants from those four East African countries who now live in San Diego. He is also regarded as an internationally known research expert on the psychological issues of persons who are hard of hearing or deaf. Dr. Trybus has received over $4,000,000 in external funds for his research projects from state, federal, and private agencies and has presented more than fifty papers at scientific conferences. We are greatly honored to now have the scholarly expertise of Dr. Trybus, who is also a licensed psychologist in the state of California, District of Columbia, and Maryland. He has extensive clinical experience and has been practicing and consulting for over 30 years. Dr. Trybus received his Ph.D. in Clinical Psychology and M.S. in Psychology with specialization in Research Methodology and Design from St. Louis University.

Cristina B. Versari, Ph.D. attended the United States International University and obtained her Ph.D. and Master’s degree in Psychology with specialization in Sport Psychology. Dr. Versari also obtained two Bachelor’s degrees from Gama Filho University located in Brazil. Dr. Versari has been working with high profile clientele for over sixteen years. Versari’s duties include overseeing work with individuals, couples and teams in the areas of career development, life planning, educational planning, performance enhancement, stress management and relationship issues. Dr. Versari was the Program Administrator for the NBPA/NBA Education and Career Development Program which means being responsible for the services offered to twenty-nine NBA teams (over 450 players). Dr. Versari counseled NBA players on a variety of specific topics including life planning, education and degree completion. In addition to this Cristina Versari also developed numerous NBA players seminars and training programs. Dr. Versari was the official psychologist for the Brazilian Men’s basketball Team in the 1992 Olympics and the 1994 World Basketball Championships. Dr. Versari is also very active in academic study, being President and Director of the Sport Psychology Program at the San Diego University for Integrative Studies, and has conducted a large number of international (and national) workshops/training programs for athletes, coaches, businesspeople and academics. As part of her commitment to the further development of Sports Psychology, Dr. Versari is the Editor of Self Help and Psychology Magazine, “Performance/ Sport Psychology” and various sources on the internet. She also provides executive and life coaching consulting services to high profile individuals who are interested in improving their professional performance, learning how to cope with IT infrastructure and coping with business reorganization.
ADJUNCT FACULTY

Clarence Amaral, Ph.D., is a licensed clinical psychologist on staff at Sharp Coronado Medical Center where he helped design and implement an outpatient behavioral health program for older adults. Dr. Amaral is also in private practice in the San Diego area specializing in the treatment of adults suffering from persistent, psychiatric disabilities. He received his master’s degree in rehabilitation counseling at San Diego State University and his Ph.D. at the University for Humanistic Studies in San Diego. Dr. Amaral’s special areas of interest include clinical consulting, geropsychology, and group psychotherapy and program evaluation.

Paula Artac, D.Min., is a professional watercolor artist, business owner, art therapist, researcher and art instructor. Her paintings have won both local and national recognition. As an art therapist, she has developed her Colors of Life (R) art and wellness program. She presents numerous experiential workshops on the cosmological approach to creativity, spirituality and wellness at regional and national conferences. Paula facilitates spirituality-based art and wellness retreats in Arizona and California, as well as creative wellness groups at the Sedona Cancer Center campus of the Verde Valley Medical Center. She is developing her creativity center, Brigid’s Garden, A Feminine Place of Wisdom and Grace, in Scottsdale, Arizona. Paula is also currently an instructor at San Diego University for Integrative Studies, teaching online graduate courses in expressive arts therapy. She teaches Working Grace: The Profit of Creativity in Business and Working Grace: Creating the Artist In Business at Wisdom University.

Hilse Barbosa, M.A., National Certified Career Counselor, is the owner and principal consultant of HB Services for Personal and Professional Development and a community college counselor. She has translated the Myers-Briggs Type Indicator to Portuguese, under publisher’s authorization, in order to study type and culture. Her lectures, workshops and training programs are offered internationally in three languages and comprise four major areas: personal and career development, decision-making, and the balance between culture and individuality.

James Bauman, Ph.D., is a licensed psychologist and a member of the United States Olympic Committee Sport Psychology Register. With an undergraduate degree in pre-physical therapy, a master’s degree in education, and a doctorate in psychology, Dr. Bauman’s educational background provides a diverse and relevant base to provide an equally diverse set of sport, educational, and psychological services that are directed at improving human performance. In 1999, Dr. Bauman was appointed to the full-time position of Sport Psychologist at the Olympic Training Center in San Diego, CA. Since then, he has provided ongoing consultation for 14 different Summer/Winter Olympic teams, numerous Olympic and International coaches, and more than dozens of individual Olympic & Para-Olympic athletes. Additionally, he has worked directly with athletes who competed in the Barcelona, Lillehammer, Atlanta, Nagano, Sydney, and Salt Lake City Olympic Games, as well as numerous National Championships, World Cups, World Championships, Pan-American Games, Goodwill Games, and World University Games. Dr. Bauman’s primary expertise and emphasis is in performance enhancement with athletes, coaches, entertainers, performing arts, and businesses.
To date, Dr. Bauman has more than nine years experience working with men and women’s NCAA Division 1A sports and post-season play, and has worked with more than 60 different sports from the youth to the national and international competitive levels; multiple stage and theatre performers; multiple professional dancers; and conducted workshops for several coaching certification courses, coaches academies, and nationally recognized corporations. His professional work also includes sport psychology publications; radio and television appearances; and consulting with special military warfare personnel. Dr. Bauman is a member of the American Psychological Association and the Association for the Advancement of Applied Sport Psychology.

Sandra Block, Ph.D., is a licensed clinical psychologist who received her doctorate in psychology in 1984 from United States International University in San Diego, California. She is the clinical director of San Diego University for Integrative Studies’ Counseling Center and an adjunct faculty member. Areas of teaching include psychopathology, theories of counseling and advanced skills of counseling. Areas of research interest include the use of story and metaphor in therapy and depression prevention programs in children. She has lectured locally and nationally on the use of fairy tales and archetypes in therapy and the art of raising optimistic children. Dr. Block has been in private practice in the San Diego area for the past twenty years, specializing in cognitive-behavioral treatment of children, adolescents and adults.

Raymond DiCiccio, M.S.W., is actively involved in community program development and chemical dependency related organizations. He is especially involved in youth-oriented community programs and legislative and media advocacy aimed at reducing alcohol, tobacco and other drug use. His Masters in Social Work is from San Diego State University.

Victoria Fenner, Ph.D., has been a practicing Buddhist since 1970. She received her Ph.D. in Buddhist Studies in 1979 from the University of Wisconsin, where she specialized in Indo-Tibetan Buddhism and Intellectual History. She has studied and practiced with teachers from all four of the main Tibetan lineages and has spent in excess of 4 years in retreat. She has taught at the request of Lamas at a number of Dharma centers throughout California. They include Ganden Buddha Norling in San Diego, The Drikung Kagyu Center, and Thubten Dargay Ling of Los Angeles. She is currently a teacher at Palyul Jangchub Dargay Ling in San Francisco under the authority of the Nyingma Palyul Lineage of Tibetan Buddhism. Dr. Fenner has also been teaching students online since 1995.

Robert Fiero, Ph.D., is the president and co-owner of Fierro Metcalf Associates, a counseling firm. He has guest lectured in the counseling programs at San Diego State University, College of Law. He has taught and held seminars on Workers’ Compensation Rehabilitation and Legal Aspects for the Insurance Education Association and has taught Professional Ethics and the Law. Dr. Fiero received his Ph.D. in Psychology from United States International University.

Jaclyn Gang, Ph.D., is a Marriage and Family Therapist, who has been in private practice for more than fifteen years. She began her professional career as a teacher of the deaf. Dr. Gang works with couples, groups and individuals with a specialty in sexual abuse. She has organized and supervised group treatment programs for incestive families, and at present is working
with domestic violence perpetrators. She received her Ph.D. from the Professional School for Psychological Studies.

**Geshe Tsultim Gyeltsen**, escaped from Tibet in 1959 and has lived and taught in England and the U.S. since the early 1970s. He holds the Lharampa Geshe degree which is similar to doctorate in the Tibetan Buddhist monastic university system. He currently resides in Los Angeles, where he is Director of Thubten Dhargye Ling, a center for the study of Buddhism and Tibetan culture.

**Judith Greer-Essex, M.A., A.D.T.R., M.F.C.C., R.E.A.T.**, is a Marriage, Family and Child Counselor specializing in Expressive Arts and Movement Therapy. Ms. Greer-Essex has over 15 years teaching movement and expressive arts therapy to a variety of populations. She earned her Master of Arts: Dance Movement Therapy from the University of California at Los Angeles and her Master of Arts in Counseling Psychology from National University.

**Edit Hegyi, M.D., Ph.D.**, has certification from the Educational Commission for Foreign Medical Graduates recognizing her medical degree in the U.S. She has strong research and research assessment skills and many years teaching experience. Dr. Hegyi has a strong interest in bringing together knowledge from Eastern and Western medical practices for the benefit of all. She received her medical degree from Albert Szent-Gyorgyi University School of Medicine, Hungary and her Ph.D. from Wayne State University in Detroit.

**Rebecca K. Johnson, MA, LMHC, LPC**, considers herself to be a life-time learner, interested in the cause-effect relationships of human behaviors. Additionally, as a Korean-American woman, she has been intrigued by the culture powers and gender-based preferences that direct human relationships. To understand these areas of learning, Rebecca studied at Reformed Theological Seminary and received dual Masters Degrees in Theological Studies and Counseling Studies. Currently, Rebecca is a Ph.D candidate in Counseling Studies at Capella University, specializing in Asian culture studies. Her doctoral research will focus on issues and therapeutic methods that will augment individual's coping strategies when dealing with life challenges. Rebecca is a Licensed Mental Health Therapist in Florida and Licensed Professional Counselor in Idaho, with previous therapeutic practices working with various populations such as ethnic groups, children, adolescents, couples and families. Rebecca has also taught many psycho-education courses to community groups to enhance public awareness on addictions, health services, grief therapy, and parenting.

**Dr. Lina Kogan** holds a dual Ph.D. in Organizational Psychology and Clinical Psychology from the California School of Professional Psychology. She received her undergraduate degree in psychology from the San Diego State University. Since 1998, Dr. Kogan has acquired a solid foundation in the areas of conflict management, career development, individual coaching, research/dissertation consulting, team development, resource management, psychometrics, survey design and analyses, and change management. Dr. Kogan is also skilled at process and psycho-educational group facilitation, dialectical and cognitive behavioral treatments, crisis intervention/prevention, individual therapy, and mental health assessment. Her professional experience as a clinician includes positions at adult partial hospitalization programs, inpatient hospitalization programs, chemical dependence inpatient/outpatient programs,
and day-treatment programs. Dr. Kogan designs and implements training programs on topics that include dealing with difficult people; dialectical behavioral therapy; team building; matching goals with personality traits; conflict resolution; ethics in organizations; group dynamics; effective feedback; emotion regulation; business writing; team building; and effective communication skills.

**Joseph J. Kolezynski, B.B.A., M.B.A., M.A., Ph.D.,** is the Executive Director of the Professional Golfers Career College (PGCC). Prior to his role at PGCC, Dr. Kolezynski founded the Ascent Consulting Group, serving authors, speakers and other innovators by helping them take their ideas and products from concept to commercialization. Joe played an active role in the development of Anthony Robbins’ multi-million dollar product-and-seminar promotion company. His qualifications include over twenty-five years of progressive experience in organizational communication, financial problem-solving, marketing consulting and personal development. Joe’s credentials include over 16 years as a prominent executive with the Ford Motor Company, most notable hallmarked by his contribution to “Team Taurus” and the introduction of the Taurus vehicle line. During this time frame, he honed his skills in communication and human relations by serving as an instructor for the Dale Carnegie Human Relations Course. Joe holds a BBA in Accounting, a MBA in Finance, a MA in Sports Counseling and a Ph.D. in Sports Psychology.

**Sharron McCuisition-Lewis, Ph.D.,** earned her doctorate in Clinical Psychology from the California School of Professional Psychology and a B.A. in Creative Writing from San Francisco State College. She completed two years of post degree training in gestalt therapy at the Gestalt Institute of Cleveland. Dr. McCuistion-Lewis has extensive clinical and forensic experience, having been a licensed psychologist for over twenty-five years. She has been a teacher of psychology and English at several different colleges and universities. Her extracurricular interests are many, including fiction writing (she is currently working on a

**John Lundin, Rev., M.Div.,** a Protestant minister who has studied Buddhist practice in depth and is interested in using this practice to help others deepen their own religious practice, whether Christian, Jewish or Buddhist. He is currently co-authoring a book with His Holiness the Dalai Lama on Buddhism for Christians. He earned his Master of Divinity from the University of Chicago, Chicago Theological Seminary.

**Arlene Mazak, Ph.D.,** is a psycho spiritual educator and researcher with sixteen years experience in transpersonal graduate schools in the San Francisco Bay Area. She has been full-time core faculty at the California Institute of Integral Studies and at the Institute of Transpersonal Psychology. Clinically trained as a marriage and family therapist, with psychodynamic and transpersonal orientations, Arlene is currently in private practice in Fountain Valley, CA. She also offers ecumenical spiritual guidance and life coaching in her practice. Arlene was a student of Joseph Campbell in world mythologies, and Mircea Eliade in history of religions. She received a B.A. from Sarah Lawrence College in Liberal Arts, an M.A. and a Ph.D. in South Asian Studies from the University of Chicago, an M.A. in Counseling from the University of San Francisco, and a graduate certificate in Organization Development and Transformation from the California Institute of Integral Studies.

**Sharron McCuisition-Lewis, Ph.D.,** earned her doctorate in Clinical Psychology from the California School of Professional Psychology and a B.A. in Creative Writing from San Francisco State College. She completed two years of post degree training in gestalt therapy at the Gestalt Institute of Cleveland. Dr. McCuistion-Lewis has extensive clinical and forensic experience, having been a licensed psychologist for over twenty-five years. She has been a teacher of psychology and English at several different colleges and universities. Her extracurricular interests are many, including fiction writing (she is currently working on a
novel) and Eastern psychology and mysticism.

**RADMILA MOACANIN, Ph.D.**, is a licensed psychotherapist who has conducted Intensive Journal workshops since 1977. She is the author of *Jung’s psychology and Tibetan Buddhism: Western and Eastern paths to the heart*. She earned her Ph.D. from International College.

In addition to supervising clinical staff and graduate students, he provides individual, couples and group therapy and training in the area of couples therapy and counseling skills. David also has a private practice where he provides individual, couples and group therapy and conducts workshops on relationships, and men’s issues including prostrate cancer. Mr. Ross also has experience counseling the
critically ill such as cancer and HIV positive patients. He received his Master of Science in Social Work from McGill University in Canada.

Mitra Sarkhosh, MFT, is a licensed Marriage & Family Therapist and is also a certified yoga instructor. She is an online instructor at SDUIS. She has been facilitating groups since 1993 and helps individuals know their connection to their Higher Power and learn to maintain that connection through transformational processes such as: Transpersonal Psychology - a theory based in spiritual healing and creating a deeper relationship with one's higher power, Dream Work, Vision Process, Meditation, and Inner Child Work - a therapeutic tool to heal deeper wounds and create self-care and balance in life. She practices psychotherapy in the areas of substance abuse, domestic violence, mental illness, sexual abuse, and relational problems.

Cecilia H. Schulberg, M.A./M. M., M.F.T., MT-BC, is a Board Certified Music Therapist and Licensed Marriage and Family Therapist in Private Practice. She is a Primary Trainer in the Bonny Method of Guided Imagery and Music as well as a Certified Teacher of MARI (Mandala Assessment Research Instrument). She is the founding Director of Tikkun Network, a non-profit global organization which researches the use of deep arts processes in working with collective, trans-generational trauma. In addition to her writing in this area, she is currently revising her book The Music Therapy Sourcebook.

Will Stillwell, Ph.D., has been associated with Humanistic Psychology for thirty years at The Center for Studies of the Person. He works as a consultant to people in organizations, finding new ways with clients to deal with conflict, leadership, morale, quality of work and accountability. He has served on the faculty of several universities and is coauthor of a recent book, Conflict is Inevitable -- War is Optional. He resonates with the Jewish hope for justice, and the Christian hope for love, the Buddhist hope for liberation, the Hindu hope for multiplicity and the Islamic hope for community, and the Animist hope for spirit in all beings.

Ronald A. Stolberg, Ph.D., graduated from the Pacific Graduate School of Psychology (PGSP) in Palo Alto, California. His specialty areas include child, adolescent, and family therapy as well as psychological assessment. He holds a current California license and has a private practice in San Diego. Dr. Stolberg has been teaching in the community for years and enjoys the opportunity to help shape future generations of practitioners in our field. In addition to therapy and teaching he enjoys the research side of the field as well, authoring a new suicide scale for the MMPI-2, several publications in assessment textbooks and journals, and presentations at both national and international assessment conventions.

Rachel Van Dessel, MA, MFA, received her MA in psychology from Sonoma State University and her MFA in dance from New York University. As a long time meditator, Rachel has completed a traditional Tibetan Buddhist 3 year retreat which allowed her an opportunity to synthesize and deepen her many years of Buddhist practice. She is director of the Summer Dance Program at Pema Osel Ling Buddhist Center and has presented a combination of chi gong, dance, movement, and meditation throughout the United States, Canada, and Japan.

Denis Waitley, Ph.D., received his Bachelor of Science degree from the U.S. Naval Academy at Annapolis and earned a doctorate in Human Behavioral Psychology.
Dr. Waitley is the most listened-to voice on personal and career success, authoring 12 non-fictions book, including national best-sellers *Seeds of Greatness*, *Being the Best*, and *The Joy of Working*. His audio album, "The Psychology of Winning," is the all-time best selling program on self-mastery. Dr. Waitley is a founding director of the National Council on Self-Esteem and the President's Council on Vocational Education. He is the recipient of the “Youth Flame Award” for his outstanding contribution to high school youth leadership, and has been inducted into the International Speakers’ Hall of Fame. Dr. Waitley is one of America’s most respected keynote speakers, lecturers, and productivity consultants in high performance human achievement, counseling Apollo astronauts, Superbowl champions, sales achievers, government leaders, and youth groups, and was responsible for performance enhancement of all U.S. Olympic athletes when he served as Chairman of Psychology on the U.S. Olympic Committee’s Sports Medicine Council.
